Hitchcock and the Spy Film James Chapman, 2017-11-30 Film historian James Chapman has mined Hitchcock's own papers to investigate fully for the first time the spy thrillers of the world's most famous filmmaker Hitchcock made his name as director of the spy movie He returned repeatedly to the genre from the British classics of the 1930s including *The 39 Steps* and *The Lady Vanishes* through wartime Hollywood films *Foreign Correspondent* and *Saboteur* to the Cold War tracts *North by Northwest* *Torn Curtain* and his unmade film *The Short Night* Chapman's close reading of these films demonstrates the development of Hitchcock's own style as well as how the spy genre as a whole responded to changing political and

cultural contexts from the threat of Nazism in the 1930s and 40s to the atom spies and double agents of the post war world

Hitchcock, Second

Edition William Rothman, 2012-08-20 First published in 1982 William Rothman's *Hitchcock* is a classic work of film criticism. Written in an engaging style that is philosophically sophisticated yet free of jargon and using over nine hundred images from the films to illustrate and back up its critical claims, the book follows six different Hitchcock films as they unfold moment by moment from first shot to last. In addition to a thoughtful new preface and the original readings of *The Lodger* 1927, *Murder* 1930, *The 39 Steps* 1935, *Shadow of a Doubt* 1943, and *Psycho* 1960, this expanded edition includes a groundbreaking new chapter now the book's longest on *Marnie* 1964, Hitchcock's most heartfelt yet most controversial film. Hitchcock never tired of quoting Oscar Wilde's line "And all men kill the thing they love." Dark moods therefore prevail in the five original chapters, culminating in the reading of *Psycho*, but in demonstrating how *Marnie* overcomes or transcends the murderous aspect of Hitchcock's art, this new chapter balances the scales and gives an important new dimension to the book. With exemplary precision, *Hitchcock Second Edition* shows how Hitchcock films express cinematically serious thoughts about such matters as the nature and relationships of love, murder, sexuality, marriage, and theater, and about their own medium. In so doing, it keeps faith with the idea that Hitchcock was a master, perhaps the master of what he called the art of pure cinema. However, insofar as it investigates philosophically the conditions of authorship in the medium of film, it is an auteurist study unlike any other. By attending to the films themselves and to the ways we experience them rather than allowing some theory to dictate what to say about them, the book proves the fruitfulness of an approach that is open and responsive to the ways serious films are capable of teaching us how to think seriously about them.

Classical Myth in Four Films of Alfred Hitchcock Mark William Padilla, 2016-09-30 *Classical Myth in Four Films of Alfred Hitchcock* presents an original study of Alfred Hitchcock by considering how his classics informed London upbringing marks some of his films. The Catholic and Irish English Hitchcock 1899-1980 was born to a mercantile family and attended a Jesuit college preparatory whose curriculum featured Latin and classical humanities. An important expression of Edwardian culture at large was an appreciation for classical ideas, texts, images, and myth. Mark Padilla traces the ways that Hitchcock's films convey mythical themes, patterns, and symbols though they do not overtly reference them. Hitchcock was a modernist who used myth in unconscious ways as he sought to tell effective stories in the film medium. This book treats four representative films, each from a different decade of his early career. The first two movies were produced in London: *The Farmer's Wife* 1928 and *The Man Who Knew Too Much* 1934; the second two in Hollywood: *Rebecca* 1940 and *Strangers on a Train* 1951. In close readings of these movies, Padilla discusses myths and literary texts such as the *Judgment of Paris*, the *Homeric Hymn to Demeter*, Aristophanes's *Frogs*, Apuleius's tale of *Cupid and Psyche*, Homer's *Odyssey*, and the *Homeric Hymn to Hermes*. Additionally, many Olympian deities and heroes have archetypal resonances in the films in question. Padilla also presents a new reading of Hitchcock's circumstances as he entered film work in 1920 and theorizes why and how the films may be viewed as an expression of the classical tradition and of classical reception. This new and important contribution to the field of classical reception in the cinema will be of great value to
