Jackson's Unpublished Opinion in Brown v. Board* David M. O'Brien, 2017-11-17 *Brown v Board of Education* is widely recognized as one of the US Supreme Court s most

important decisions in the twentieth century Robert H Jackson an associate justice on the case is generally considered one of the Court's most gifted writers Though much has been written about Brown citing the writing and remarks of the justices who participated in the 1954 decision comparatively little has been said about Jackson or his unpublished opinion which is sometimes even mistakenly taken as a dissenting opinion This book visits Brown v Board of Education from Jackson's perspective and in doing so offers a reinterpretation of the justice's thinking and of the Supreme Court's decision making in a ruling that continues to reverberate through the nation's politics and public life Weaving together judicial biography legal history and judicial politics Justice Robert H Jackson's Unpublished Opinion in Brown v Board provides a nuanced look at constitutional interpretation and the intersection of law and politics from inside the mind of a justice within the context of a Court deciding a seminal case Through an analysis of six drafts of Jackson's unpublished concurring opinion David M O'Brien explores the justice's evolving thoughts on relevant issues at critical moments in the case His retelling of Brown presents a new view of longstanding arguments confronted by Jackson and the other justices over original intent versus a living Constitution the role of the Court and social change and justice in American political life The book includes the final draft of Jackson's unpublished opinion as well as the Warren Court's opinions in Brown and in Bolling v Sharpe for comparison along with a timeline of developments and decision making leading to the Court's landmark ruling

Devolution and Black State Legislators Tyson King-Meadows, Thomas F. Schaller, 2012-02-01 Devolution and Black State Legislators examines whether black state legislators can produce qualitative

gains in the substantive representation of black interests Once a battle cry by southern conservatives new federalism has shifted power from Washington to the respective state governments and ironically has done so as black state legislators grow in number Tyson King Meadows and Thomas F Schaller look at the debates surrounding black political incorporation the tradeoffs between substantive and descriptive representation racial redistricting and the impact of black legislators on state budgetary politics They situate contemporary constraints on black state elites as the union of macro and micro level forces which allows for a reconsideration of how the idiosyncrasies of political economic and geographic culture converge with the internal dynamics of state legislative processes to produce particular environments Interviews with black legislators provide valuable insights into how such idiosyncrasies may deprive institutional advancement committee assignments chairmanships and party leadership positions of the influence it once afforded *Idaho Politics and Government* Jasper M.

LiCalzi,2019-01-01 Examining politics in Idaho through the lens of ideology i e conservative versus liberal or partisanship i e Democrat versus Republican does not illuminate the more fundamental dynamics of the state s political environment Unlike other states that are divided on partisan or traditional ideological lines Idaho tends to be divided between its libertarian and communitarian visions of the role of government and the place of the individual in society In *Idaho Politics and Government* Jasper M LiCalzi examines the complex world of Idaho politics where morality dominates but a heartily libertarian strain of individualism keeps lawmakers from falling into the liberal versus conservative dialogue prevalent in other states After opening with the ultrasound bill failure as a recent example of Idaho s political culture LiCalzi traces the influence of individuals and party factions from the 1960s through the present before moving on to the inner workings of government itself with all its institutions and extra governmental extensions He closes with another recent Idaho bill concerning the topics of child support and Sharia Islamic law giving readers yet another glimpse of the workings of Idaho politics and the continuing clash between the community and the individual Presenting a continuum of political views from an emphasis on the individual personified by Thomas Jefferson to a focus on community personified by Alexander Hamilton LiCalzi provides a new method for understanding political actions and situations in Idaho **E-Government: Information, Technology, and Transformation** Hans J Schnoll,2015-03-12 This book presents a citizen centric perspective of the dual components of e government and e governance E government refers to the practice of online public reporting by government to citizens and to service delivery via the Internet E governance represents the initiatives for citizens to participate and provide their opinion on government websites This volume in the Public Solutions Handbook Series focuses on various e government initiatives from the United States and abroad and will help guide public service practitioners in their transformation to e government The book provides important recommendations and suggestions oriented towards practitioners and makes a significant contribution to e government by showcasing successful models and highlighting the lessons learned in the implementation processes Chapter coverage includes Online fiscal transparency Performance reporting Improving citizen
