It is a constitutional monarchy with a parliamentary system of government and a welfare state. The country is located on the Jutland Peninsula and consists of over 400 islands with the largest being Zealand and Funen. It shows how what we know as Denmark has evolved from Cnut the Great's North Sea empire in the eleventh century through disintegration and civil war in the Middle Ages, the Kalmar Union of 1397-1523, and the establishment of the absolutist state and its overseas colonies in the seventeenth century to the emergence of the modern nation state during the nineteenth century. The book also deals with significant developments in the economic, social, and cultural history of Denmark and sheds light on complex problems such as the country's relationship with its Nordic neighbours, the origins of the current border with Germany, and
