Feelin Creative Practice Pleasure and Black Feminist Thought makes a bold and vital intervention in critical theory's trend toward disembodiment feeling as knowledge Instead Judd revitalizes current debates in Black studies about the concept of the human and about Black life by considering how discourses on emotion as they are explored by Black women artists offer alternatives to the concept of the human Judd expands the notions of Black women's pleasure politics in Black feminist studies that include the erotic the sexual the painful the joyful the shameful and the sensations and emotions that yet have no name In its richly multidisciplinary approach *Feelin* calls for the development of research methods that acknowledge creative and emotionally rigorous work as productive by incorporating visual art narrative and poetry
