The Last Campaign:

The Last Campaign H. W. Brands, 2022-11-01 Bestselling historian and Pulitzer Prize finalist H W Brands follows the lives of General William Tecumseh Sherman and Apache war leader Geronimo to tell the story of the Indian Wars and the final fight for control of the American continent Gripping Brands writing style and his mastery of history make the book an excellent introduction to the time period for newcomers and a fresh perspective for those already familiar with this chapter in the nation s history AP William Tecumseh Sherman and Geronimo were keen strategists and bold soldiers ruthless with their enemies Over the course of the 1870s and 1880s these two war chiefs would confront each other in the final battle for what the American West would be a sparsely settled wild home where Indian tribes could thrive or a more densely populated extension of the America to the east of the Mississippi Sherman was a well connected son of Ohio who attended West Point and rose to prominence through his scorched earth campaigns in the Civil War Geronimo grew up among the Apache people hunting wild game for sustenance and roaming freely on the land After the brutal killing of his wife children and mother by Mexican soldiers he became a relentless avenger raiding Mexican settlements across the American border When Sherman rose to commanding general of the Army he was tasked with bringing Geronimo and his followers onto a reservation where they would live as farmers and ranchers and roam no more But Geronimo preferred to fight *The Last Campaign* is a powerful retelling of a turning point in the making of our nation and a searing elegy for a way of life that is gone *The Last Campaign* Thurston Clarke, 2008-05-27 Tells the story of Robert F Kennedy s 1968 Presidential campaign *The Last Campaign* Zachary Karabell, 2001-04-10 In *The Last Campaign* Zachary Karabell rescues the 1948 presidential campaign from the annals of political folklore Dewey Defeats Truman the Chicago Tribune memorably and erroneously heralded to give us a fresh look at perhaps the last time the American people could truly distinguish what the candidates stood for In 1948 Harry Truman the feisty working class Democratic incumbent was one of the most unpopular presidents the country had ever known His Republican rival the aloof Thomas Dewey was widely thought to be a shoe in These two major party candidates were flanked on the far left by the Progressive Henry Wallace and on the far right by white supremacist Dixiecrat Strom Thurmond *The Last Campaign* exposes the fascinating story behind Truman s legendary victory and turns a probing eye toward a by gone era of political earnestness when for the last time in this century an entire spectrum of ideologies was represented a time before television fundamentally altered the political landscape *The First Modern Campaign* Gary A. Donaldson, 2007-06-15 The presidential campaign that pitted Richard M Nixon against John F Kennedy was the most significant political campaign since World War II With Eisenhower s tenure at an end American society broke with the culture of the war years This social shift was reflected in and provoked by new trends in American political life and political campaigning all of which made 1960 a landmark year in American politics In this engaging book Gary A Donaldson tells the story of Kennedy versus Nixon with a sharp eye for the salient political developments and a keen sense of the drama of an

election that was unlike any other the nation had experienced The election of 1960 was also an orchestrated political drama organized as a sweeping campaign from coast to coast and staged for a national television audience This made it the first modern campaign in which the television media changed the dynamics of presidential politics and in which photographs charisma and direct appeals to voters counted as they had never done before It was also an election of intense personal rivalry made all the more spirited by the prejudice against Kennedy s Catholicism and his intention to widen the American political arena Ideological shifts within the parties as they combined with innovations in campaigning would mark a clear divide in politics as it was practiced and politics as it would have to be practiced in the future Yet not since Theodore White s journalistic account *The Making of the President* has attention been paid to the full 1960 campaign as it played out in the early primaries and then culminated in the November election Donaldson shows why the whole political season is critical to understanding American politics today *The First Modern Campaign* is essential and engaging reading for anyone interested in contemporary politics in the United States *The First Campaign* Garrett M. Graff, 2007-11-27 Combining vivid campaign trail reporting with a provocative argument about the state of American politics Graff makes clear that whichever party best meets the challenges of globalization will win the election and put America back on course Miscellaneous Documents United States. House, 1877 Pledging Allegiance Sidney Blumenthal, 1991 Spanning the watershed period from the beginning of Ronald Reagan s second term and the rise of Mikhail Gorbachev in 1985 to George Bush s first State of the Union address in 1990 *Pledging Allegiance* focuses on the 1988 campaign to reveal the turning point when the old doctrines of the Cold War began to dissolve Includes political portraits of Bush Dukakis Hart Dole and other power players **Armor**, 1981 *The Trump Tapes* Bob Woodward, 2023-01-17 An uncharacteristic warning from one of the most respected non partisan journalists in the world Jake Tapper CNN It was riveting I couldn t get enough of it Gayle King CBS Mornings The Trump Tapes explodes with the exclusive inside story of Trump s performance as president in his own words as he is questioned even interrogated by Woodward on the president s key responsibilities from managing foreign relations to crisis management of the coronavirus pandemic This is the job Trump seeks again How did he do the first time This is the authentic answer laying bare his repeated failures obsessions and grievances The Woodward interviews take a reader to a reporter s laboratory meticulously examining the Trump presidency like never before spellbinding and devastating Including all 27 letters between President Trump and North Korean Leader Kim Jong Un Soviet Russia, 1920 **The Parliamentary Register; Or, History of the Proceedings and Debates of the [House of Lords and House of Commons]**, 1794 **The Last Campaign** Barbara Frank, 1968 *Congressional Record* United States. of the most important yet least studied engagements Drawing extensively on their letters this book follows the campaigns of General Nathanael Greene and Lord Charles Cornwallis as they fought across the Carolinas and offers a compelling look at their leadership The theater of war in which the two commanders operated was populated by various ethnic and religious groups and separated geographically economically and politically into the low country and the simmering backcountry setting the stage for what was to come *The Woman Voter* Florence Woolston, Mary Ritter Beard, 1915 *Indian Wars of Canada, Mexico and the United States, 1812-1900* Bruce Vandervort, 2007-05-07 Drawing on anthropology and ethnohistory as well as the new military history Indian Wars of Mexico Canada and the United States 1812 1900 interprets and compares the way Indians and European Americans waged wars in Canada Mexico the USA and Yucatán during the nineteenth century Fully illustrated with sixteen maps detailing key Indian settlements and crucial battles Bruce Vandervort rescues the New World Indian Wars from their exclusion from mainstream military history and reveals how they are an integral part of global history Indian Wars of Mexico Canada and the United States provides a thorough examination of the strategies and tactics of resistance employed by Indian peoples of the USA which contrasts practices of warfare with the Métis the French Canadian Indian peoples their Canadian Indian allies and the Yaqui and Mayan Indians of Mexico and Yucatán presents a comparison of the experience of Indian tribes with concurrent resistance movements against European expansion in Africa exposing how aspects of resistance that seem unique to the New World differ from those with broader implications draws upon concepts used in recent rewritings of the history of imperial warfare in Africa and Asia Vandervort also analyzes the conduct of the US Army in comparison with military practices and tactics adopted by colonialist conquests worldwide This unique and fascinating study is a vital contribution to the study of military history but is also a valuable addition to the understanding of colonialism and attempts to resist it Department of the Treasury United States.
