Beyond Cadfael Lucy C. Barnhouse, Winston Black, 2023-06-01

Medievalism and medieval medicine are vibrant subfields of medieval studies enjoying sustained scholarly attention and popularity among undergraduates. Popular perceptions of medieval medicine however remain understudied. This book aims to fill that lacuna by providing a multifaceted study of medical medievalism defined as modern representations of medieval medicine intended for popular audiences. The volume takes as its starting point the fictional medieval detective Brother Cadfael whose observations on bodies, herbs and death have shaped many popular conceptions of medieval medicine in the Anglophone world. The ten contributing authors move beyond Cadfael by exploring global medical medievalisms in a range of genres and cultural contexts. *Beyond Cadfael* is organized into three sections the first of which engages with how disease, injury and the sick are imagined in fictitious medieval worlds. The second on doctors at work looks at medieval medical practice in novels, films and television and public commemorative practice. These essays examine how practitioners are represented and imagined in medieval and pseudo medieval worlds. The third section discusses medicine designed for and practiced by women in the Middle Ages and today with a focus on East Asian medical traditions. These essays are guided by the recognition that medieval medical practices are often in dialogue with contemporary medical practices that fall outside the norms of Western biomedicine.

or linking up with ASEAN by China Japan and South Korea in political security economic and socio cultural terms Their papers also reveal that the self help and self strengthening mechanism emphasized by the ASEAN Plus Three process will take time to bear fruits In the meantime it seems that bilateral interactions and cooperation between ASEAN and Northeast Asian states remain to be more dominant as shown in this study One can argue that bilateral interactions are the building block of multilateralism interactions To be sure there is a deliberate effort in this study to highlight unity in diversity in East Asia in general and ASEAN in particular
