**The Last Pharaoh** Hugh McLeave,1970 His father named him Farouk which means On Who Knows Right from Wrong At sixteen he was the hope of an independent Egypt a handsome godlike young man who the fellahin believed would lead them into a time of peace and plenty Ten years transformed him into an obese faun with a mania for women gambling and other people s possessions Farouk of Egypt became an object of ridicule the subject of bad jokes an awful example of the consequences of unlimited power and wealth a disaster for his people In this deeply interesting and revealing biography written by an author who spent two years in search of the person behind the legend Farouk s obsession with sex is shown as a desperate attempt both to remedy and to conceal his inadequacy Deprived of childhood companions the boy became the prey to scheming politicians and syncophantic servants He was poorly educated immature and totally unprepared for the arduous task of ruling his corrupt and feudal country The more powerless his ineptitude made him the more autocratic he grew the more impotent as a lover the more frenzied his pursuit of women His patient subjects tolerated his mistakes and excesses until finally his private scandals his divorce from his popular queen Farida and the Palestine debacle set the stage for the long over due and almost comic revolution that forced him into exile The author interviewed Farouk s courtiers his doctors the men who made the revolution and the women who knew him intimately On the Continent he traced and talked with the king s companions in exile In England he saw such statesmen as Lord Avon and Lord Chandos as well as ambassadors Arabists and the general who planned the wartime coup de palais Drawing on the recollections of more than a hundred and fifty observers and on unpublished British and Egyptian sources he has written an oddly touching biography of a complex man from dust jacket [The Last Pharaoh](#) Hugh McLeave,1969 *The Last Pharaoh* Hugh McLeave,1969 **The Last Pharaoh** Hugh McLeave,1971 [The Last Pharaoh](#) Hugh MacLeave,1969 **The Encyclopedia of the Arab-Israeli Conflict** Spencer C. **Nasser and the Missile Age in the Middle East** Owen L. Sirrs, 2007-01-24 Egyptian efforts to acquire long range surface to surface missiles in the early 1960s carry important lessons for our time when weapons of mass destruction and charges of politicizing intelligence are key issues This new study traces the history of the early Egyptian ballistic missile program which began with the successful recruitment of German scientists who had experience in Hitler s V1 and V2 missile projects Yet even as these Germans began their work on developing missiles for Egyptian President Gamal Abdel Nasser Israeli intelligence was busy collecting information on their activities sparking a crisis in the Israeli leadership as top Israeli officials anxiously debated strategies to grapple with this new threat to their national security Ultimately they adopted a multifaceted approach that included intimidation of the scientists and their families appeals to the West German government to order the scientists recall and an attempt to involve the US government in the intricacies of the Arab Israeli conflict Drawing extensively on material from recently declassified US government documents this new major work demonstrates how Nasser s missile program played an instrumental role in

cementing the US Israeli national security relationship The book concludes with several key lessons that can help stem the global proliferation of advanced weapons This book will be of great interest to scholars of proliferation international relations the Middle East disarmament and security studies in general Thugs Micah D. **Brothers Behind Bars** Mathias Ghyoot,2025-04-04 Brothers Behind Bars tells the harrowing yet fascinating story of the imprisonment of the Muslim Brotherhood the largest Islamist movement in Middle Eastern history in Egypt stretching from the Palestine war in 1948 to the consolidation of President Anwar al Sadat s rule in 1975 Drawing on more than three hundred prison memoirs written by Muslim Brothers and Sisters Mathias Ghyoot takes the reader on a rare journey behind the prison walls to show how radicals and moderates ministers and intelligence officers clerics and jailers were embroiled in an epic battle to define Islam in modern Egypt Ghyoot argues that Egypt s state institutions played a crucial role in shaping ideologies within the Muslim Brotherhood demonstrating how the institution of the prison became a critical site for the formation of political resistance in modern Egypt Although prison severely encroached on the freedom of the Muslim Brothers it also spurred reflection and conversations among them as well as with political prisoners of other ideological convictions most notably communists and Zionists By emphasizing not what state repression restricted the Muslim Brothers from doing but rather what it allowed them to do Ghyoot shows how the ideology of the Muslim Brothers was shaped not only by internal debates but also by encounters good and bad with leftist intellectuals

religious clerics and intelligence officers inside Egypt's prisons Ghyoot recounts how amidst crushing state repression the Muslim Brothers established an underground prison society that came to serve as a template for the utopia they envisioned for an Islamic Egypt Brothers Behind Bars offers a new understanding of Islamism in twentieth century Egypt **The Egyptian Upper Class Between Revolutions, 1919-1952** Magda Baraka, 1998 In this work the author examines the socio cultural profile of the Egyptian upper class during the period between the Nationalist Revolution of 1919 and the Nasser Revolution in 1952 **King of the Mountain** Arnold M. Ludwig, 2013-07-24 People may choose to ignore their animal heritage by interpreting their behavior as divinely inspired socially purposeful or even self serving all of which they attribute to being human but they masticate fornicate and procreate much as chimps and apes do so they should have little cause to get upset if they learn that they act like other primates when they politically agitate debate abdicate placate and administrate too King of the Mountain presents the startling findings of Arnold M Ludwig's eighteen year investigation into why people want to rule The answer may seem obvious power privilege and perks but any adequate answer also needs to explain why so many rulers cling to power even when they are miserable trust nobody feel besieged and face almost certain death Ludwig's results suggest that leaders of nations tend to act remarkably like monkeys and apes in the way they come to power govern and rule Profiling every ruler of a recognized country in the twentieth century over 1 900 people in all Ludwig establishes how rulers came to power how they lost power the dangers they faced and the odds of their being assassinated committing suicide or dying a natural death Then concentrating on a smaller sub set of 377 rulers for whom more extensive personal information was available he compares six different kinds of leaders examining their characteristics their childhoods and their mental stability or instability to identify the main predictors of later political success Ludwig's penetrating observations though presented in a lighthearted and entertaining way offer important insight into why humans have engaged in war throughout recorded history as well as suggesting how they might live together in peace Cold War Spencer C. Tucker, Priscilla Roberts, 2007-09-10 The most comprehensive and up to date student reference on the Cold War offering expert coverage of all aspects of the conflict in a richly designed format fully illustrated to give students a vivid sense of life in all countries affected by the war ABC CLIO is proud to announce the latest addition to its widely acclaimed legacy of historical reference works for students Under the direction of internationally known expert Spencer Tucker Cold War A Student Encyclopedia captures the vast scope day to day drama and lasting impact of the Cold War more clearly and powerfully than any other student resource ever published Ranging from the end of the Second World War to the collapse of the Soviet Union Cold War A Student Encyclopedia offers vivid portrayals of leading individuals significant battles economic developments societal cultural events changes in military technology and major treaties and diplomatic agreements The nearly 1 100 entries plus topical essays and a documents volume draw heavily on recently opened Russian Eastern European and Chinese archives Enhanced by a rich program of maps and images it is a comprehensive current and accessible student

reference on the dominant geopolitical phenomenon of the late 20th century      **The Loom of Time** Robert D. Kaplan, 2025-01-14 A stunning exploration of the Greater Middle East where lasting stability has often seemed just out of reach but may hold the key to the shifting world order of the twenty first century Engaging Even those who resist Kaplan's tragic sensibility have much to learn from his look at the emerging Middle East and its recent history National Review FINALIST FOR THE OVERSEAS PRESS CLUB S CORNELIUS RYAN AWARD The Greater Middle East which Robert D Kaplan defines as the vast region between the Mediterranean and China encompassing much of the Arab world parts of northern Africa and Asia existed for millennia as the crossroads of empire Macedonian Roman Persian Mongol Ottoman British Soviet American But with the dissolution of empires in the twentieth century postcolonial states have endeavored to maintain stability in the face of power struggles between factions leadership vacuums and the arbitrary borders drawn by exiting imperial rulers with little regard for geography or political groups on the ground In the Loom of Time Kaplan explores this broad fraught space through reporting and travel writing to reveal deeper truths about the impacts of history on the present and how the requirements of stability over anarchy are often in conflict with the ideals of democratic governance In The Loom of Time Kaplan makes the case for realism as an approach to the Greater Middle East Just as Western attempts at democracy promotion across the Middle East have failed a new form of economic imperialism is emerging today as China's ambitions fall squarely within the region as the key link between Europe and East Asia As in the past the Greater Middle East will be a register of future great power struggles across the globe And like in the past thousands of years of imperial rule will continue to cast a long shadow on politics as it is practiced today To piece together the history of this remarkable place and what it suggests for the future Kaplan weaves together classic texts immersive travel writing and a great variety of voices from every country that all compel the reader to look closely at the realities on the ground and to prioritize these facts over ideals on paper The Loom of Time is a challenging clear eyed book that promises to reframe our vision of the global twenty first century      *Levant* Philip Mansel, 2011-05-24 Not so long ago in certain cities on the shores of the eastern Mediterranean Muslims Christians and Jews lived and flourished side by side What can the histories of these cities tell us *Levant* is a book of cities It describes three former centers of great wealth pleasure and freedom Smyrna Alexandria and Beirut cities of the Levant region along the eastern coast of the Mediterranean In these key ports at the crossroads of East and West against all expectations cosmopolitanism and nationalism flourished simultaneously People freely switched identities and languages released from the prisons of religion and nationality Muslims Christians and Jews lived and worshipped as neighbors Distinguished historian Philip Mansel is the first to recount the colorful contradictory histories of Smyrna Alexandria and Beirut in the modern age He begins in the early days of the French alliance with the Ottoman Empire in the sixteenth century and continues through the cities mid twentieth century fates Smyrna burned Alexandria Egyptianized Beirut lacerated by civil war Mansel looks back to discern what these remarkable Levantine cities were like

how they differed from other cities why they shone forth as cultural beacons He also embarks on a quest to discover whether as often claimed these cities were truly cosmopolitan possessing the elixir of coexistence between Muslims Christians and Jews for which the world yearns Or below the glittering surface were they volcanoes waiting to erupt as the catastrophes of the twentieth century suggest In the pages of the past Mansel finds important messages for the fractured world of today

*Conflicted Antiquities* Elliott Colla, 2008-01-11 A cultural history of European and Egyptian interest in ancient Egypt and its material culture from the early nineteenth century until the mid twentieth
