

THE LAST REDWOODS
and the Parkland of Redwood Creek

The Last Redwoods And The Parkland Of Redwood Creek

**Pacific Northwest Forest and Range
Experiment Station (Portland, Or.)**

The Last Redwoods And The Parkland Of Redwood Creek:

The Last Redwoods, and the Parkland of Redwood Creek François Leydet, 1969 Contains beautiful illustrations that emphasize the urgent need for continued measures to preserve the redwoods as a public treasure *The Last Redwoods, and the Parkland of Redwood Creek* François Leydet, 1969 **Historic Redwood National and State Parks** Gail L.

Jenner, 2016-05-01 If redwood trees could share their stories what would they say Some of these giants are thousands of years old but all have witnessed some truly unique moments in history Historic Redwood National and State is a vibrant collection of essays sharing different parts of Redwood National Park's history from the Native Americans and the early explorers to park visitors today Celebrate the 100th anniversary of the National Park Service and learn more about the cultural political and natural history of Redwood National and State Parks **Redwood National Park (N.P.), General**

Management Plan (GMP), 1980 Annual Report - Pacific Northwest Forest and Range Experiment Station Pacific

Northwest Forest and Range Experiment Station (Portland, Or.), 1967 Defending Giants Darren Frederick

Speece, 2016-10-14 Giant redwoods are American icons paragons of grandeur exceptionalism and endurance They are also symbols of conflict and negotiation remnants of environmental battles over the limits of industrialization profiteering and globalization Since the middle of the nineteenth century logging operations have eaten away at the redwood forest particularly areas covered by ancient giant redwoods Today such trees occupy a mere 120 000 acres Their existence is testimony to the efforts of activists to rescue some of these giants from destruction Very few conservation battles have endured longer or with more violence than on the North Coast of California behind what locals call the Redwood Curtain *Defending Giants* explores the long history of the Redwood Wars focusing on the ways rural Americans fought for control over both North Coast society and its forests Activists defended these trees not only because the redwood forest had dwindled in size but also because by the late twentieth century the local economy was increasingly dominated by multinational corporations The resulting conflict the Redwood Wars pitted workers and environmental activists against the rising tide of globalization and industrial logging in a complex war over endangered species sustainable forestry and of course the fate of the last ancient redwoods Activists perched in trees and filed lawsuits while the timber industry led by Pacific Lumber fought the lawsuits and used their power to halt reform efforts Ultimately the Clinton administration sidestepped Congress and the courts to negotiate an innovative compromise In the process the Redwood Wars transformed American environmental politics by shifting the balance of power away from Congress and into the hands of the executive branch *Ecosystems of California* Harold Mooney, Erika Zavaleta, 2016-01-19 This long anticipated reference and sourcebook for California's remarkable ecological abundance provides an integrated assessment of each major ecosystem type its distribution structure function and management A comprehensive synthesis of our knowledge about this biologically diverse state *Ecosystems of California* covers the state from oceans to mountaintops using multiple lenses past and present

flora and fauna aquatic and terrestrial natural and managed Each chapter evaluates natural processes for a specific ecosystem describes drivers of change and discusses how that ecosystem may be altered in the future This book also explores the drivers of California s ecological patterns and the history of the state s various ecosystems outlining how the challenges of climate change and invasive species and opportunities for regulation and stewardship could potentially affect the state s ecosystems The text explicitly incorporates both human impacts and conservation and restoration efforts and shows how ecosystems support human well being Edited by two esteemed ecosystem ecologists and with overviews by leading experts on each ecosystem this definitive work will be indispensable for natural resource management and conservation professionals as well as for undergraduate or graduate students of California s environment and curious naturalists

Annotated List of Publications of the Pacific Northwest Forest and Range Experiment Station Pacific Northwest Forest and Range Experiment Station (Portland, Or.),1972 **Annual Report** Pacific Northwest Forest and Range Experiment Station (Portland, Or.),1966 **Conservation and Environmentalism** Robert C. Paehlke,2013-04-03 Focusing on both problems and solutions this authoritative reference work maintains a healthy balance between science and the social sciences in its coverage of all aspects of the environment The book is arranged alphabetically and is divided into three major sections Ecology Pollution and Sustainability The list of 240 contributors reads like a who s who of the world s leading conservation and environmental professionals Best Reference Source Outstanding Reference Source [Catalog of Copyright Entries. Third Series](#) Library of Congress. Copyright Office,1972 **Break Through** Ted Nordhaus,Michael Shellenberger,2007 Publisher description **Living Deep Ecology** Bill Devall,2020-11-24 Living Deep Ecology A Bioregional Journey is an exploration of our evolving relationship with a specific bioregion It is set in Humboldt County in northwestern California in the Klamath Siskiyou bioregion By focusing on a specific bioregion and reflecting on anthropogenic changes in this bioregion over three decades Bill Devall engages the reader in asking deeper questions about the meaning we find in Nature He addresses questions such as how do we relate the facts and theories presented by science with our feelings our intimacy and our sense of Place as we dwell in a specific bioregion This book engages the reader to consider our place in Nature Devall approaches the bioregion not from the perspective of agencies and government but from the perspective of the landscape itself **Green Metropolis** David Owen,2009-09-17 Look out for David Owen s next book Where the Water Goes A challenging controversial and highly readable look at our lives our world and our future Most Americans think of crowded cities as ecological nightmares as wastelands of concrete and garbage and diesel fumes and traffic jams Yet residents of compact urban centers Owen shows individually consume less oil electricity and water than other Americans They live in smaller spaces discard less trash and most important of all spend far less time in automobiles Residents of Manhattan the most densely populated place in North America rank first in public transit use and last in percapita greenhouse gas production and they consume gasoline at a rate that the country as a whole hasn t matched since

the mid 1920s when the most widely owned car in the United States was the Ford Model T They are also among the only people in the United States for whom walking is still an important means of daily transportation These achievements are not accidents Spreading people thinly across the countryside may make them feel green but it doesn't reduce the damage they do to the environment In fact it increases the damage while also making the problems they cause harder to see and to address Owen contends that the environmental problem we face at the current stage of our assault on the world's nonrenewable resources is not how to make teeming cities more like the pristine countryside The problem is how to make other settled places more like Manhattan whose residents presently come closer than any other Americans to meeting environmental goals that all of us eventually will have to come to terms with

Defending the Master Race Jonathan Spiro, 2009 astonishing feat of detective work reveals how a founder of the Bronx Zoo wound up writing The passing of the Great Race 1916 the book that the Nazis later used to justify the exterminationist policies of the Third Reich Book Jacket

Break Through Michael Shellenberger, Ted Nordhaus, 2009-03-10 Two of Time magazine's Heroes of the Environment reject the status quo of liberal politics and offer a bold vision for addressing climate change Michael Shellenberger and Ted Nordhaus triggered a firestorm of controversy with their self-published essay The Death of Environmentalism which argued that the existing model of environmentalism cannot adequately address global warming and that a new politics needs to take its place In this follow up to their essay the authors give an expansive and eloquent manifesto for political change American values have changed dramatically since the environmental movement's greatest victories in the 1960s And while global warming presents exponentially greater challenges than any past pollution problem environmentalists continue to employ the same tired and ineffective tactics Making the case for abandoning old categories nature versus the market left versus right the authors articulate a new pragmatism that has already found champions in prominent figures such as Hillary Clinton and Barack Obama Seeing a connection between the failures of environmentalism and the failures of the entire left-leaning political agenda the authors point the way toward an aspirational politics that will resonate with modern American values and be capable of tackling our most pressing challenges To win Nordhaus and Shellenberger persuasively argue environmentalists must stop congratulating themselves for their own willingness to confront inconvenient truths and must focus on building a politics of shared hope rather than relying on a politics of fear The New York Times

Legislative History of the Redwood National Park Expansion Act of 1978 (Public Law 95-250) United States. Congress. House. Committee on Interior and Insular Affairs. Subcommittee on National Parks and Insular Affairs, 1978 *Regreening the National Parks* Michael Frome, 1992 Shows how the original mission of the National Park service has been undermined by commercialization and politicization in an argument that will evoke controversy as the service celebrates its seventy fifth anniversary

Best Short Hikes in Redwood National and State Parks Gisela Rohde, Jerry Rohde, 2005-01-12 More than 60 short hikes in the Redwoods from half hour to half day with camping and park facilities information Handy quick guide for

selecting hikes by difficulty mileage and features flowers water views etc Little known Redwood Park gems as well as world famous Founders Grove and Fern Canyon trails A stand of towering old growth redwoods where sounds are dampened to near silence where only the dimmest rays of light penetrate or are you looking for redwood hikes with beaches Redwood hikes known for wildflowers You ll find those too in this guide devoted to the best hikes in Redwood National Park and the state parks Prairie Creek Del Norte Coast Jedediah Smith and Humboldt Redwoods State Parks Most trailheads are adjacent to paved roads accessible within five miles of Pacific Coast Highway 101 This guidebook includes many short hikes off Avenue of the Giants and Newton B Drury Scenic Parkway It will take you to the Boy Scout Tree and to the Tallest Tree a 367 8 foot skyscraper But it also includes trails for solitude even at the height of the tourist season Background information on redwood biology rounds out your experience
