Admitting the Holocaust Lawrence L. Langer, 1996-06-20 In the face of the Holocaust writes Lawrence L Langer our age clings to the stable relics of faded eras as if ideas like natural innocence innate dignity the inviolable spirit

and the triumph of art over reality were immured in some kind of immortal shrine immune to the ravages of history and time But these ideas have been ravaged and in *Admitting the Holocaust* Langer presents a series of essays that represent his effort over nearly a decade to wrestle with this rupture in human values and to see the Holocaust as it really was His vision is necessarily dark but he does not see the Holocaust as a warrant for futility or as a witness to the death of hope It is a summons to reconsider our values and rethink what it means to be a human being These penetrating and often gripping essays cover a wide range of issues from the Holocaust's relation to time and memory to its portrayal in literature to its use and abuse by culture to its role in reshaping our sense of history's legacy In many Langer examines the ways in which accounts of the Holocaust in history literature film and theology have extended and sometimes limited our insight into an event that is often said to defy understanding itself He singles out Cynthia Ozick as one of the few American writers who can meet the challenge of imagining mass murder without flinching and who can distinguish between myth and truth On the other hand he finds Bernard Malamud's literary treatment of the Holocaust never entirely successful it seems to have been a threat to Malamud's vision of man's basic dignity and he argues that William Styron's portrayal of the commandant of Auschwitz in *Sophie's Choice* pushed Nazi violence to the periphery of the novel where it disturbed neither the author nor his readers He is especially acute in his discussion of the language used to describe the Holocaust arguing that much of it is used to console rather than to confront He notes that when we speak of the survivor instead of the victim of martyrdom instead of murder regard being gassed as dying with dignity or evoke the redemptive rather than grievous power of memory we draw on an arsenal of words that tends to build verbal fences between what we are mentally willing or able to face and the harrowing reality of the camps and ghettos A respected Holocaust scholar and author of *Holocaust Testimonies: The Ruins of Memory* winner of the 1991 National Book Critics Circle Award for criticism Langer offers a view of this catastrophe that is candid and disturbing and yet hopeful in its belief that the testimony of witnesses in diaries journals memoirs and on videotape and the unflinching imagination of literary artists can still offer us access to one of the darkest episodes in the twentieth century

Fanfare for Elizabeth Edith Sitwell, 2011-09-28 Sitwell's Fanfare for Elizabeth is a striking account of love betrayal and religion as it unfolds in the court of King Henry VIII Sitwell navigates elegantly through the capricious nature both of Henry's court and his love life The youthful hardships of little Elizabeth are played out against the backdrop of the great drama of Henry's struggles with the Pope and his six wives Charming in style Fanfare for Elizabeth ends on a vignette of Elizabeth in her early teens still oblivious to the grandeur she will ultimately inherit

Leningrad Michael Jones, 2009-05-28 When the German High Command encircled Leningrad it was a deliberate policy to eradicate the city's civilian population by starving them to death As winter set in and food supplies dwindled starvation and panic set in A specialist in battle psychology and the vital role of morale in desperate circumstances Michael Jones tells the human story of Leningrad Drawing on newly available eyewitness accounts and diaries he shows Leningrad in its every dimension including taboo truths long suppressed by the Soviets such as looting criminal gangs and cannibalism But for many ordinary citizens Leningrad marked the triumph of the human spirit They drew deeply on their inner resources to inspire comfort and help one another At the

height of the siege an extraordinary live performance of Shostakovich's Seventh Symphony profoundly strengthened the city's will to resist. When German troops heard it in their trenches one remarked 'We began to understand we would never take Leningrad.' Yet Leningrad's self-defence came at a huge price. When the 900-day siege ended in 1944 almost a million people had died and those who survived would be permanently marked by what they had endured as this superbly insightful and moving history shows.

Process Facilitation in Psychoanalysis, Psychotherapy and Social Work Sylvia

O'Neill, 2018-07-03 *Process Facilitation in Psychoanalysis, Psychotherapy and Social Work* elaborates a differential theory of therapeutic engagement with full reference not only to psychoanalysis and to psychotherapy but also surprisingly to social work. When contemporary social work with the marginalised achieves mutual constructive collaboration, social workers characteristically notice an unfolding process. Could this correspond to the analytic process of psychoanalysis? Sylvia O'Neill seeks to explain theoretically and to illustrate clearly in practice just how a quasi-autonomous therapeutic process becomes established. The theory underpinning the book is Jean-Luc Donnet's conceptualisation of the establishment of the analytic process in psychoanalysis through introjection of the analytic setting. Donnet designates the psychoanalytic setting as the analytic site. O'Neill proceeds to trace by means of detailed clinical discussion the analogous process by which a viable therapeutic process can become established through created-found discovery and introjection of the relevant site or setting in psychoanalytic psychotherapy and in social work. Amongst the most important elements are the practitioner's internalised theoretical principles. The book demonstrates that unconscious introjection figures more importantly in effective therapeutic engagement than a conscious therapeutic alliance. An important corollary for social work is that contrary to popular myth, no prior psychological mindedness is required. The differential theory of *Process Facilitation in Psychoanalysis, Psychotherapy and Social Work* is equally relevant to psychodynamic counselling.

Connie's Wars G. N. Bell, 2016-05-11 This is a book of historical fiction. The story is loosely based on the life of my great-great-grandmother. The story spans one hundred years of Irish history. Connie, the main character in the book, lived through every year of the twentieth century. Connie was born in Belfast, North Ireland, in the year of 1900 and passed in the year of 2000. Connie lived through both the First and the Second World Wars. Connie also lived through what became known as the troubles in North Ireland. Hence the title *Connie's Wars*. Connie was born into an extremely wealthy family. It would be fair to say that Connie lived a life of privilege, wanting for nothing throughout her early years. As a child, Connie was taught by both her mother and father that to live a life of such privilege carried a huge responsibility: a duty to look after those less fortunate than she was. Connie was taught that it was the duty of the wealthy to provide work and security for the working classes. This was a lesson that Connie learned well and put it into practice throughout her life. Although a Unionist and loyal to the British Crown all her life, Connie never ever harbored bigoted thoughts of any kind. When dealing with people, no matter their creed, Connie always treated people as just that: people.
