*Sir Gawain and the Classical Tradition* E.L. Ridsen, 2006-02-10 The 14th century English alliterative poem *Sir Gawain and the Green Knight* is admired for its morally complex plot and brilliant poetics. A chivalric romance placed in an Arthurian setting, it has since received acclaim for its commentary regarding important socio-political and religious concerns. The poem's technical brilliance blends psychological depth and vivid language to produce an effect widely considered superior to any other work of the time. Although the poem is a combination of English alliterative meter, romanticism, and a wide-ranging knowledge of Celtic lore, continental materials, and Latin classics, the extent to which Classical antecedents affected or directed the poem is a point of continued controversy among literary scholars. This collection of essays by scholars of diverse interests addresses this puzzling and fascinating question. The introduction provides an expansive background for the topic, and subsequent essays explore the extent to which classical Greek, Roman, Arabic, Christian, and Celtic influences are revealed in the poem's opening and closing allusions, themes, and composition. Essays discuss the way in which the anonymous author of *Sir Gawain* employs figural echoes of classical materials, cultural memoirs of past British tradition, and romantic re-textualizations of Trojan and British literature. It is argued that *Sir Gawain* may be understood as an Aeneas, Achilles, or Odysseus figure, while the British situation in the 14th century may be understood as analogous to that of ancient Troy.

Significant Others Zita Eva Rohr, Jonathan W. Spangler, 2021-08-30 *Significant Others* explores the transformative possibilities of alterity or otherness and offers concrete case studies that provide a greater understanding and nuance with regard to aspects of deviance and difference in premodern court cultures. Both public and nominally private spaces were

subject to the important influence of significant others such as women ethno religious minorities and marginalized and or difficult to categorize men From their positions within and ties to court cultures these diverse outsiders others played crucial roles in maintaining a fluidity essential for the successful sustaining of territorial monarchies and politics challenging our understanding of the more narrowly defined elite behaviours that shaped premodern dynasties rulers societies and cultures of the past By exploring a variety of case studies from history and literature such as Moroccan Jews as dhimmis protected persons to bastards mistresses and sodomites in ancien r gime France to the transformative role of magic in Sir Gawain and the Green Knight this volume makes use of empirical and contextually informed research to respond to theoretical questions posed by recent historiography With a cross disciplinary approach this collection of essays will be a valuable resource for all students and scholars interested in the diverse aspects and contexts of premodern others

Convergent Approaches to Mediaeval English Language and Literature Andrés Canga Alonso, Roberto Torre Alonso, Javier Martín Arista, 2012-04-25 The present volume is intended as a scientific conversation between pioneering research and the traditionally leading disciplines of medievalism With that aim the collection presents a selection of crucial essays to add to contemporary discussion which however convergent and synchronous in approach also pull in heterogeneous distinct ways and enhance the multiple perspectives which are currently embraced in the study of English medievalism The chapters fifteen in all constitute a peer reviewed selection of papers presented at the 22nd International Conference of the Spanish Society for Mediaeval English Language and Literature SELIM which brought together a large number of scholars worldwide and was held at the Department of Modern Languages of the University of La Rioja in 2010 A brief glance at the book s contents evinces the manifestly plural ways in which the English Middle Ages the mesmerising media tempestas are being

addressed in current critical debate from the diverse areas of linguistics literature teaching methodology and translation In all the book becomes exceptional witness to all these developments being not foolhardy to predict that the dark old ages provide as ever foundations for stimulating new highlights and ideas
