source between Gildas De Excidio Britanniae written about 540 AD and Tennyson's 19th century Idylls of the King including versions from throughout Europe. The entries range from a short identifying sentence to nearly ten pages for the king himself. Each is referenced to a source which are presented in a table showing author and title, date, form and language description, keywords from the entries and recent editions, a vital bit of information such as references usually neglect. The cross referencing is fairly good, often done as a full entry identifying a name as a variant of another so the lack of an index is not a problem.

The Broadview Anthology of Medieval Arthurian Literature Kathy Cawsey, Elizabeth Edwards, 2023-10-11. This teaching anthology collects texts from the vast archive of medieval Arthurian literature. It includes selections from mainstream canonical authors such as Geoffrey of Monmouth and Malory and more peripheral works such as the *Melech Artus*, a 12th-century Hebrew text, and the Dutch *Morien* featuring a black knight. Characters and authors showcase the diversity of race, religion, gender, and gender orientation of the Arthurian tradition. The anthology and its accompanying website offer a variety of genres ranging from visual art to historical chronicles and from romance to drama. Arthurian works while concentrated in England, France, and Wales are found across medieval Europe, and thus this anthology includes texts from Iceland to Greece. The Broadview Anthology of Medieval Arthurian Literature is ideally suited to teaching; it includes full texts such as *Chrétien de Troyes' Knight of the Cart*, Chaucer's *Wife of Bath's Tale*, and the anonymous *Sir Gawain and the Green Knight* for classes that wish to study a whole work in depth. It also includes shorter excerpts of parallel incidents such as the Uther and Igraine story so that students can compare a story's treatment by different authors. Marginal glosses assist students with the Middle English texts, while introductory notes and explanatory footnotes give students necessary background information.

Language and imagination in the Gawain poems J. J. Anderson, 2021-01-19. This major new literary study offers a fresh view of the significance of the famous group of fourteenth-century poems: *Pearl*, *Cleanness*, *Patience*, and *Sir Gawain and the Green Knight*. It is a comprehensive study which puts the poems themselves firmly at its centre, though it is always alert to relevant aspects of their literary and cultural context. John Anderson builds his discussions of the poems' ideas on an examination of the anonymous poet's superb Shakespeare-like language. He finds that the great fourteenth-century struggle between religious and secular forces for control of men's minds underlies all the poems. This title

is the first in the new Manchester Medieval Literature series which makes readability a priority Accordingly despite its wide range of reference and the radicalism of some of its leading ideas this book is written in a jargon free style designed to appeal to specialist non specialist and student readers alike The Keys of Middle-earth Stuart Lee,Elizabeth Solopova,2016-04-30 A comprehensive introduction to the medieval languages and texts that inspired Tolkien s Middle earth Using key episodes in The Silmarillion The Hobbit and The Lord of the Rings medieval texts are presented in their original language with translations Essential for those who wish to delve deeper into the background to Tolkien s mythology
