Parliament. House of Commons, 1803 *The Legacy of Empire* Sharon Worley, 2018-11-14 The shadow of Napoleon never left the nineteenth century and continued to haunt the histories and wars that followed in curious and circuitous ways The empires of Napoleon I and his nephew Napoleon III set the stage for the pendulum swing of time from revolution to its antithesis empire The Anglo Italian style developed as a reaction to these empires the widespread devastation caused by power and the monuments it created Lord Byron Percy Bysshe Shelley Margaret Fuller Elizabeth Barrett Browning Harriet Hosmer William Wetmore Story Nathaniel Hawthorne Henry James and Vernon Lee responded to recurring themes in Italian Risorgimento politics and culture in the post Napoleonic era and Second Empire periods Many of them were ex patriots who adopted Italy as their new home Their unique contribution aligns them with a style that is distinguished by the themes of national independence feminism the abolition of slavery and republicanism They perceived their own time in terms of parallel dimensions in which the past and present converged in national histories at home in America and England and in Italy their new ideal state The language of their new nationalism evolved from the chronological study of Ancient Rome up to the Renaissance and the style of both revolution and empire neoclassicism while their perspective was largely shaped by a reactionary contrast between the empires of Napoleon I and III and an ideal state they envisioned for Italy *Beatson's Political index modernised. Burwick, 2022-06-01 The shift in temporal modalities of Romantic Theatre was the consequence of internal as well as external developments internally the playwright was liberated from the old imperative of Unity of Time and the expectation that the events of the play must not exceed the hours of a single day externally the new social and cultural conformance to the time keeping schedules of labour and business that had become more urgent with the industrial revolution In reviewing the theatre of the Romantic era this monograph draws attention to the ways in which theatre reflected the pervasive impact of increased temporal urgency in social and cultural behaviour The contribution this book makes to the study of drama in the early nineteenth century is a renewed emphasis on time as a prominent element in Romantic dramaturgy and a reappraisal of the extensive experimentation on how time functioned **Opera, Theatrical Culture and Society in Late**
