Small Arms Of World War II:

The Encyclopedia of Weapons of World War II Chris Bishop, 2002 The encyclopedia of weapons of world war II is the most detailed and authoritative compendium of the weapons of mankind's greatest conflict ever published It is a must for the military enthusiast and all those interested in World War II *US Small Arms in World War II* Tom Laemlein, Dale Dye, 2011-05-24 From the humorous to the poignant this incredible collection of wartime images reveals ordinary GIs on the frontline From the deserts of North Africa to Normandy and from Guadalcanal to Iwo Jima every theater of war is covered and each image details the small arms that the average GI carried with him to wage war and win a historic victory All the key small arms from the commonplace M1 Garand to the rare Johnson rifle and including pistols rifles carbines combat shotguns automatic rifles and machine guns are included Tom Laemlein has created a unique photo study that draws together a rare collection of classic images many never before seen These images together with a short introduction to each weapon tells the combat story of the US Army at war **U.S. Small Arms of World War II** Bruce N. Canfield, 2020-08-04

Infantry Weapons of WWII Jan Suermondt, Krause Publications, 2004 The fascinating story of the famed small arms of World War II comes to life for the first time in a visually exciting encyclopedia that will be a must have resource for history buffs and collectors alike Created using all new photography from the archives of the famed Cobbaton Collection **Infantry Weapons of World War II** is the first book that shows in full color all the details of the war's greatest weapons handguns rifles submachine guns machine guns mortars and antitank weapons This reference is much more than a photo book Each weapon is examined in detail including a history of how each was developed how and where they were utilized and how they evolved during the war The performance of each weapon is reviewed and profile of important variants for each model is provided A summary box for each weapon provides numerous key details including Physical specifications System of operation Feed system Rates of fire Manufacturer Collector value range **Infantry Weapons of World War II** Jan Suermondt, 2012-06-20 This is the first book that shows in full color all the details of the war's greatest weapons handguns rifles submachine guns machine guns mortars and antitank weapons This reference is much more than a photo book Each weapon is examined in detail including a history of how each was developed how and where they were utilized and how they evolved during the war The performance of each weapon is reviewed and a profile of important variants for each model is provided A summary box for each weapon provides numerous key details including physical specifications system of operation feed system rates of fire manufacturer and collector value range There have been many books on World War II infantry weapons but none with photographs like this one With over 500 photographs showing major infantry weapons from the Cobberton collection in North Devon England this book also contains a detailed examination of the small arms used in the conflict Revolvers pistols rifles submachine guns machine guns mortars grenades mines and hand held anti tank weapons *German Small Arms of World War II* A. J. R. Cormack, 1979 After World War I Germany secretly rearmed There was a proliferation of small arms

development projects Some of the very best small arms designs were carried out in Germany and have had significant effects on the present day range of small arms This book details some of the results of that period while portraying the small arms used by Germany during World War II Small Arms of World War II Chris Chant,2001 Both standard and infantry bolt action rifles and the automatic arms that entered service toward the end of the war **The Illustrated Encyclopedia of Small Arms** Rupert Matthews,2014-10-01 This comprehensive fully illustrated reference volume covers the evolution of small arms from primitive spears to portable rocket launchers The Illustrated Encyclopedia of Small Arms details more than 1 000 weapons complete with full color photographs Featuring arms from around the world and across history this stunning guide highlights the intricacies that make each variety unique tying in historical anecdotes as well as the history of certain brands Revealing fascinating insights and historical episodes such as the inspiration for Samuel L Colt s revolvers or the lozenge case gun used by Italian spies during World War II this is an ideal resource for historians as well as fire arms enthusiasts The volume is lushly illustrated with detailed photographs many of which are published here for the first time

World War II Small Arms John Weeks,1979 Small Arms of World War II Christopher Chant,2001 **World War II for Kids** Richard Panchyk,2005-11-01 Now more than ever kids want to know about our country s great struggles during World War II This book is packed with information that kids will find fascinating from Hitler s rise to power in 1933 to the surrender of the Japanese in 1945 Much more than an ordinary history book it is filled with excerpts from actual wartime letters written to and by American and German troops personal anecdotes from people who lived through the war in the United States Germany Britain Russia Hungary and Japan and gripping stories from Holocaust survivors all add a humanizing global perspective to the war This collection of 21 activities shows kids how it felt to live through this monumental period in history They will play a rationing game or try the butter extender recipe to understand the everyday sacrifices made by wartime families They will try their hands at military strategy in coastal defense break a code and play a latitude and longitude tracking game Whether growing a victory garden or staging an adventure radio program kids will appreciate the hardships and joys experienced on the home front **The Small Arms Trade** Matthew Schroeder,Dan Smith,Rachel Stohl,2012-12-01 Small Arms are responsible for over half a million deaths each year Despite this terrifying statistic millions of guns flow into the streets of the world each year It is a multi billion dollar industry and one which is barely regulated From AK 47s to M16 rifles from Terrorist owned shoulder fired missiles to child soldiers this enlightening guide reveals the disturbing reality behind the murky underworld of international arms trading Explaining how deals can often operate on the edge of legality and listing the world s main players it goes on to ask how the exchange of small arms can be tightened in the future Full of insight and anticipating the danger of ever lighter and more powerful weapons this is required reading for anyone who wishes to understand the world today and one of the key threats to development prosperity and international peace Small Arms for Urban Combat Russell C. Tilstra,2014-01-10 The urbanization of warfare has necessitated the kind

of precision targeting that only small arms can deliver Weapons not often seen on the battlefield can prove useful even indispensable in an urban setting This expert reference guide examines in detail the most successful small arms in use and how changes in warfare have affected how those weapons are used and have transformed the small arms industry Professional soldiers law enforcement officers and students and researchers of small arms will gain a working knowledge of the most common and successful urban combat weapons including some currently in development The American Arsenal Ian V. Hogg, 2014-11-02 During WWII various U S military agencies produced catalogues of equipment to fill the gaps left by the official War Department manuals which led to inconsistent data appearing in different sources In order to standardize information and properly catalogue all the equipment the U S Ordnance Department put together a master guide published here as The American Arsenal All the information was checked and authenticated by reference to Ordnance Committee Minutes and similar authorities No other single source provides so much accurate and authentic detail on U S weapons ammunition vehicles and other combat equipment with an authoritative explanation of their development and introduction processes Profusely illustrated with over 900 photographs and drawings the facts and figures are set in context in the introduction by weapons expert Ian V Hogg This is an invaluable reference work for those interested in the military equipment of WWII World War II in Europe David T. Zabecki, 2015-05-01 World War II defined the 20th century and shaped many events from the decolonization of Africa to the rise and fall of the Berlin Wall This encyclopedia offers a focused overview of this complex and volatile era the circumstances that led up to war the underlying causes its unfolding and consequences Organized for quick and precise access More than 1300 entries by 150 experts are arranged in six sections for easy reference and consultation All the key ideas events actions weapons individuals and organizations that played vital roles in the war are covered from the Axis Pact to the Arab League from the OSS to the Africa Korps from the Chetniks to the Jedburghs from the battle of Kursk to Operation Mincemeat from Bill Donovan to Otto Skorzeny from Gestapo to SMERSH from Georgi Zhukov to Jean Leclerc from the 88 gun to the Norden Bombsight Covers important neglected subjects The Encyclopedia puts special emphasis on the often neglected operations in Eastern Europe and Russia A key section inspects and rates all the major weapons with handy tables for easy comparison And in recognition of the first large scale participation of women in the war the volume thoroughly documents their individual and unit contributions to the Allied effort Finally the encyclopedia discusses battlefield realities that explain for example why the airborne drops at Normandy succeeded and the ones at Arnheim failed A bibliography glossary maps photographs and weapons and data tables enhance the coverage Also includes 16 maps **The Big Book of Gun Trivia** Gordon L. Rottman, 2013-10-20 Everything you want to know don t want to know and don t know you need to know about weapons A complete guide to weapons history facts myths and trivia Gordon Rottman offers a step by step guide through interesting weapon facts and statistics including a section on ammunition while breaking apart popular myths and misconceptions Covering subjects from weapons designations to the
