Duane Swank

Small Change Domestic Policy Under Clinton Presidency:

Small Change David Stoesz,1996 **Family Leave Policy: The Political Economy of Work and Family in America** Steven K. Wisensale,2015-05-15 Written in an accessible case study format this groundbreaking work explores the formulation implementation and evaluation of family leave policy in the United States from its beginnings at the state level in the early 1980s through the adoption of the federal Family and Medical Leave Act of 1993 and beyond to the present day With a political economy perspective the book identifies the major economic and social forces affecting both the family and the workplace And drawing on original primary research it examines how the political system has responded to this evolving issue with various policy initiatives *Governing at Home* Michael Nelson,Russell L. Riley,2011-09-01 Domestic policy issues are neglected by the president only at considerable risk since policies in health care education welfare the environment and civil rights deeply affect the lives of ordinary Americans This groundbreaking book on White House domestic policymaking is the first to draw upon both the experiences of former presidential advisers and the expertise of leading presidency scholars to explain how policies reflect campaign promises emerge and evolve and are sold to the American people Covering six administrations from Richard Nixon through George W Bush with ample references to Barack Obama it interweaves those insider and outsider perspectives to convey an eye opening understanding of the policymaking process and the factors that influence it The contributors here offer an unusual balance of practical wisdom and social science knowledge Their insights address a number of key questions throughout the book What role does the presidential campaign have in shaping the subsequent activity of the White House How are the specifics of domestic policy and priorities established once a president is elected Who and what is routinely involved in trying to sell domestic policy preferences to the American people And what lessons can be learned from past successes and failures to enhance the ability of future presidents to succeed If there is a single overarching lesson to be drawn from this volume observes contributor Bruce Miroff it might be the following domestic policymaking is hard These policy advisers know firsthand just how hard it is and the lack of partisanship in their comments is striking and reassuring Their accounts of lessons learned from the Oval Office will be especially valuable for years to come for scholars and students who wish to be acquainted with the real job of governing at home **The Clinton Presidency** D. Hill,P. Herrnson,1999-01-20 The first Democratic president for twelve years William Jefferson Clinton entered the White House on a note of optimism pledged to give priority to economic policy and his domestic agenda of healthcare and welfare reforms President Clinton the Man from Hope faced what looked like a fresh opportunity to move ahead with legislation The years of gridlock whereby a president of one political party faced a Congress dominated by another were over This volume analyses in depth the processes and policies of the Clinton presidency It reveals the contradictions achievements reversals and triumphs of a complex and fascinating president and his administration

Global Capital, Political Institutions, and Policy Change in Developed Welfare States Duane Swank,2002-02-11

This book argues that the dramatic post 1970 rise in international capital mobility has not systematically contributed to the retrenchment of developed welfare states as many claim Nor has globalization directly reduced the revenue raising capacities of governments and undercut the political institutions that support the welfare state Rather institutional features of the polity and the welfare state determine the extent to which the economic and political pressures associated with globalization produce Welfare state retrenchment **Public Policy in the United States** Mark E. Rushefsky, 2013-07-03

Covering the period up through the 2012 elections this book accomplishes three important goals First it introduces readers to the American approach to public policy making second it surveys American public policy and policymaking in all the major policy areas from economic policy to health care policy to environmental policy and finally the book challenges readers to come to terms with the widely shared but often competing values that must be balanced and rebalanced in the ongoing policy making process The book is well illustrated and includes case studies terms and study questions **Bill Clinton** Allan

Metz, 2002-03-30 Bill Clinton's administration was filled with new policies and achievements for the nation's future but those achievements were easily overshadowed by personal flaws and scandal Despite his personal problems Clinton captured the American public and served two terms as one of our more memorable presidents This comprehensive bibliography on Clinton will provide students with information from his childhood his pre presidential career presidency including assessments of it and the beginning of his post presidential life Key access points to this information are provided in the Table of Contents and detailed author and subject indexes Also included is an invited essay providing an overview of the Clinton presidency and an extensive chronology of significant events *The American Presidents* Melvin I. Urofsky, 2004-11-23

What makes a president great Here is the ideal source for students scholars and the general public *The American Presidents* is a collection of articles that analyze and evaluate the presidential careers of the men who have occupied the office since its inception in 1789 In this volume the leading presidential historians in the United States offer insights into what makes a president great mediocre or in the case of most of them something in between The contributors to *The American Presidents* were not asked to write straightforward biographies of the presidents other sources are available for that Rather they were asked to evaluate their subjects No strict patterns were imposed by the editor each author approached his or her subject in the way that best illustrated the strengths and weaknesses of the president under consideration Forty one have held the office of president and all in one way or another were exceptional men Some like Andrew Jackson and Harry Truman are usually thought of as representing the common folk but nothing was common about either of them Each proved to be an extraordinary and singular politician able to rally and represent the country through the challenges of their times Some presidents had achieved brilliance in other fields Ulysses Grant in the military and Herbert Hoover as an engineer and humanitarian for example but had presidencies that are considered unsuccessful What accounts for this seeming paradox in which insight sensitivity and competence suddenly become nontransferable when the man reaches the White House This book offers the

reader multiple perspectives on this and other issues Examination of the ways in which challenges affect presidential greatness Theodore Roosevelt a successful president by any standard was acutely aware that the prosperity and peace the country enjoyed during his two terms in office would ironically prevent him from reaching the upper tier of greatness enjoyed by Washington and Lincoln After he left office he yearned to return in hope of finding the challenge that would seal his greatness Earlier in the late nineteenth century the electorate placed competent men such as Rutherford B Hayes Grover Cleveland and Benjamin Harrison in the White House but they are little remembered today None faced earth shaking challenges at home and abroad and their presidencies slipped into obscurity Discussion of personal characteristics and presidential performance For more than two centuries the presidency has proved a remarkably durable institution Presidential personalities have varied widely from the patrician aloofness of Washington to the moody introspection of Lincoln to the noisy exuberance of Theodore Roosevelt The articles in *The American Presidents* consider the ways in which personality has affected performance Special features 41 signed essays by the leading experts illustrated with portraits of the presidents Selected bibliographies At a glance summaries of each president's achievements Useful charts and tables on cabinet members first ladies and vice presidents from Washington to Clinton Addresses and Web sites for major presidential libraries

Public Policy in the United States, 2014-12-18 The fifth edition of this well regarded text covers the period up through the 2012 elections It has been revised to make it sleeker more concise and up to date with a clear organisational structure This edition accomplishes these three important goals First it introduces readers to the American approach to public policy making as it has been shaped by our political institutions changing circumstances and ideology Second it surveys American public policy and policymaking in all the major policy areas from economic policy to health care policy to environmental policy and does so clearly and even handedly with well selected illustrations case studies terms and study questions Finally in addition to providing analytical tools and empirical information the book challenges readers to come to terms with the widely shared but often competing values that must be balanced and rebalanced in the ongoing policy making process affecting issues of the highest concern to the American public

Retrenchment in the American Welfare State Martin Schuldes, 2011 The consolidation of public finance has become the most prevalent topic in recent policy discourse in the US However the political debate about fiscal belt tightening stretches back to the last decades of the past millennium induced by deteriorating economic conditions which followed the first oil price shock in the early 1970s *Retrenchment in the American Welfare State* investigates to what extent different welfare state programs in the US were affected by cutbacks during the Republican Reagan era on the one hand and during the Democratic Clinton era on the other and to what extent these cutbacks reveal certain patterns of retrenchment and how the measured discrepancies can best be explained Series Studies in North American History Politics and Society Studien zu Geschichte Politik und Gesellschaft Nordamerikas Vol 30

The Handbook of Social Policy James Midgley, Martin B. Tracy, Michelle Livermore, 2000 Comprises 33 papers grouped

under five themes The Nature of social policy The History of social policy Social policy and the social services The Political economy of social policy and International and future perspectives on social policy *Neoliberalism: A Very Short Introduction* Manfred B. Steger, Ravi K. Roy, 2010-01-21 Anchored in the principles of the free market economics neoliberalism has been associated with such different political leaders as Ronald Reagan Margaret Thatcher Bill Clinton Tony Blair Augusto Pinochet and Junichiro Koizumi In its heyday during the late 1990s neoliberalism emerged as the world's dominant economic paradigm stretching from the Anglo American heartlands of capitalism to the former communist bloc all the way to the developing regions of the global South At the dawn of the new century however neoliberalism has been discredited as the global economy built on its principles has been shaken to its core by a financial calamity not seen since the dark years of the 1930s So is neoliberalism doomed or will it regain its former glory Will reform minded G 20 leaders embark on a genuine new course or try to claw their way back to the neoliberal glory days of the Roaring Nineties Is there a viable alternative to neoliberalism Exploring the origins core claims and considerable variations of neoliberalism this Very Short Introduction offers a concise and accessible introduction to one of the most debated isms of our time ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable Public Policy in the United States Mark Rushefsky, Mark E. Rushefsky, 2017-10-16 Offering the widest breadth of policy issue coverage on the market the sixth edition of this well regarded text covers events through the 2016 elections and beyond Though the content has been extensively and thoughtfully revised and updated the sixth edition maintains its clear approach without an overreliance on policy theory and popular threefold structure First it introduces readers to the American approach to public policy making as it has been shaped by our political institutions changing circumstances and ideology Second it surveys all of the major policy areas from foreign policy to health care policy to environmental policy and does so with well selected illustrations case studies terms and study questions Third it provides readers with analytical tools and frameworks to examine current problems and be able to understand and critique proposed public policy solutions New to the sixth edition is an exploration of The Affordable Care Act and its implementation controversies and impact The American economy since the end of the Great Recession trade policy and economic equality issues Foreign policy including relations with Russia China and Iran as well as the civil war in Syria the continuing conflicts in Iraq and the challenge of ISIS The US Criminal Justice system and its incarceration challenges as well as issues of minorities police and crime This new edition includes for the first time a test bank with multiple choice short answer and discussion essay questions as well as an instructor's manual Public Policy in the United States 6e is an ideal undergraduate text for introductory courses on American Public Policy and Politics and can be used as supplementary reading in undergraduate courses on policy process policy analysis and American

government The Repoliticization of the Welfare State Ian P McManus,2022-07-12 The Repoliticization of the Welfare State grapples with the evolving nature of political conflict over social spending after the Great Recession While the severity of the economic crisis encouraged strong social spending responses to protect millions of individuals governments have faced growing pressure to reduce budgets and make deep cuts to the welfare state Whereas conservative parties have embraced fiscal discipline and welfare state cuts left wing parties have turned away from austerity in favor of higher social spending These political differences represent a return of traditional left right beliefs over social spending and economic governance This book is one of the first to systematically compare welfare state politics before and after the Great Recession arguing that a new and lasting post crisis dynamic has emerged where political parties once again matter for social spending At the heart of this repoliticization are intense ideological debates over market regulation social inequality redistribution and the role of the state The book analyzes social spending dynamics for 28 countries before and after the crisis It also includes in depth country case studies representing five distinct welfare state types Germany the United Kingdom Sweden Spain and the Czech Republic Fiscal Policy Convergence from Reagan to Blair Arthur T. Denzau,Ravi K. Roy,2003-10-30 This book charts the rise of consensus politics over the last two decades that has seen Republican and Conservative economic policy under Reagan Bush Thatcher and Major change little with Democrat and New Labour under Clinton and Blair From Rhetoric To Reform? Anne Marie Cammisa,2018-10-08 By framing the dilemma in American politics in terms of helping the poor or reducing dependency this book examines the question of what government assistance can do It explains why some people believe that focusing on dependency moves us away from the real problem of welfare reform **The Professionalization of Poverty** Gary R. Lowe,P. Nelson Reid, The essays in this book discuss the evolution of the profession of social work in the twentieth century Its specific focus is the relationship of the professional social worker to the poor Attempting to avoid the usual retelling of the standard narrative of the social work profession The Professionalization of Poverty provides a perspective that goes beyond the typical boundaries of liberal conservative paradigms and suggests that social work incorporate intellectual and methodological elements compatible with both **Clinton's Legacy** A. Waddan,2001-12-06 As Clinton left office there was little consensus even among Democrats as to the significance of his political legacy He was keen to stress that enduring changes had been made to American society Critics however were less convinced that Clintonism had developed an integrated vision of governance This book examines whether the Clinton experience does illustrate the value of the New Democrat and Third Way agenda **Race, Poverty, and American Cities** John Charles Boger,Judith Welch Wegner,1996 Precise connections between race poverty and the condition of America s cities are drawn in this collection of seventeen essays Policymakers and scholars from a variety of disciplines analyze the plight of the urban poor since the riots of the 1960s an Public Policy Making Larry N. Gerston,2015-05-18 This brief text identifies the issues resources actors and institutions involved in public policy making and traces the dynamics of the policymaking process including the

triggering of issue awareness the emergence of an issue on the public agenda the formation of a policy commitment and the implementation process that translates policy into practice Throughout the text which has been revised and updated Gerston brings his analysis to life with abundant examples from the most recent and emblematic cases of public policy making At the same time with well chosen references he places policy analysis in the context of political science and deftly orients readers to the classics of public policy studies Each chapter ends with discussion questions and suggestions for further reading

Unveiling the Power of Verbal Art: An Psychological Sojourn through **Small Change Domestic Policy Under Clinton Presidency**

In a world inundated with displays and the cacophony of quick transmission, the profound energy and mental resonance of verbal art usually disappear into obscurity, eclipsed by the constant assault of sound and distractions. Yet, nestled within the lyrical pages of **Small Change Domestic Policy Under Clinton Presidency**, a fascinating function of fictional splendor that impulses with fresh feelings, lies an memorable journey waiting to be embarked upon. Composed by way of a virtuoso wordsmith, this interesting opus instructions visitors on a mental odyssey, softly exposing the latent potential and profound affect stuck within the elaborate web of language.
