FLASH!: Writing the Very Short Story John Dufresne, 2018-02-13 An engaging and frank guide to writing the very short story, full of sound advice, exemplary models, and provocative exercises. The history of fiction has been dominated by the novel and the short story. But now a brave new genre has emerged: very brief fiction. FLASH identifies the qualities that make for excellent flash fiction, demystifies the writing process, and guides writers by exercise and example through the world of the very short story. John Dufresne's characteristic warmth, wit, and humor remind writers of the joy in the creative process, making this a perfect guide for any writer interested in trying a new form.

The Title to the Poem Anne Ferry, 1996 The first six chapters are distinguished according to the nature of the question a reader might ask about the poem: which the title purports to answer; Who gives the title; Who has the title; Who says the poem; Who hears the poem; What genre does the poem belong to; What is the poem about.

The Publishers Weekly, 1917 **The Best Short Stories of 1917, and the Yearbook of the American Short Story** Various, 2022-06-13 The anthology *The Best Short Stories of 1917 and the Yearbook of the American Short Story* gathers the year's most exemplary offerings, illustrating a pivotal moment in American literature. Even as World War I carved its deep grooves into the early 20th century, only a trio amongst these tales ventured into the domain of warfare. The collection's strength lies not only in its vivid portrayal of the ethos of the time but also in the diversity of human experiences it captures, ranging from the moral predicaments to the trials faced by refugees. The literary style of this compendium is reflective of both realism and early modernist tendencies, signifying a nuanced transition in narrative forms. Highlights include Susan Glaspell's *A Jury of Her Peers* and Fannie Hurst's *Get Ready the Wreaths*, which resonate with timeless thematic relevance and display narrative mastery. The collective of authors represented in this

volume comprises a mosaic of influential and emerging voices from the early 20th century American literary landscape. During an era where the written word served as both escape and reflection, these authors delved into their crafts amidst the backdrop of a rapidly transforming world. The Great War, serving as both crucible and catalyst, informed the consciousness of these writers, prompting them to explore varied dimensions of human existence and moral dilemmas. Their works are demonstrations of literature as an enduring vessel of cultural introspection and societal commentary. *The Best Short Stories of 1917* and the *Yearbook of the American Short Story* is recommended for literary scholars and enthusiasts alike who seek to immerse themselves in the vintage tapestry of early American storytelling. Those particularly interested in the exploration of human nature against the backdrop of historical upheaval will find this collection compelling. The anthology serves not only as a literary time capsule but also as a testament to the power of storytelling in navigating and documenting the complexities of life and the human condition. As such, it is a significant addition to any connoisseur's collection.

Book Bulletin Chicago Public Library, 1922 *Silencing the Sea* Khaled Furani, 2012-08-15 *Silencing the Sea* follows Palestinian poets debating about their craft as they traverse multiple and competing realities of secularism and religion, expulsion and occupation, art, politics, immortality, death, fame, and obscurity. Khaled Furani takes his reader down ancient roads and across military checkpoints to join the poets' worlds and engage with the rhythms of their lifelong journeys in Islamic and Arabic history, language, and verse. This excursion offers newfound understandings of how today's secular age goes far beyond doctrine to inhabit our very senses, imbuing all that we see, hear, feel, and say. Poetry, the traditional repository of Arab history, has become the preeminent medium of Palestinian memory in exile. In probing poets' writings, this work investigates how struggles over poetic form can host larger struggles over authority, knowledge, language, and freedom. It reveals a very intimate and venerated world entwining art, intellect, and politics, narrating previously untold stories of a highly stereotyped people.

Donahoe's Magazine, 1898 **The New Dimensions in Learning English IV Tm' 2003 Ed.**, **Baudelaire's Le Spleen de Paris** Maria C. Scott, 2017-09-29 Maria Scott's study of the operation of irony in Baudelaire's *Le Spleen de Paris* contends that the principal target of the collection's spleen is its own readership. Baudelaire, as one of the most perceptive cultural commentators of the nineteenth century, was naturally very keenly aware of the growing dominance of the bourgeoisie in France, not least as a market for art and literature. Despite being dependent on this market for his own writing, the poet was highly critical of bourgeois values and attitudes. Scott builds on existing criticism of the collection to argue that these are indirectly mocked in *Le Spleen de Paris*, often in the person of the poet's supposed textual alter ego. The contention

is that the prose poems betray the trust of readers by way of an apparent transparency of meaning that functions to blind us to their embedded irony Though focused on *Le Spleen de Paris* Scott's study engages with the full range of Baudelaire's writings including his art and literary criticism Her book will be of interest not only to Baudelaire scholars but also to those engaged more generally with nineteenth century French culture
