

THE STORY OF

Christian Spirituality

A medieval manuscript illustration featuring two angels in prayer. The angel on the left is shown in profile, wearing a white robe with a gold-trimmed collar and cuffs, and has a golden halo inscribed with 'S. MICHAEL'. The angel on the right is shown in profile, wearing a dark blue robe and a golden halo inscribed with 'S. GABRIEL'. Both angels have their hands clasped in prayer. The background is a dark, patterned fabric with gold dots. The overall style is characteristic of late Gothic or early Renaissance manuscript illumination.

Story Of Christian Spirituality Two Thousand Years From East To West:

The Story of Christian Spirituality Gordon Mursell, 2001 Beautifully illustrated throughout The Story of Christian Spirituality is a readable and vivid guide to the spiritual riches of one of the world's most influential religions

Transforming Spirituality F. LeRon Shults, Steven J. Sandage, 2006-06-01 The twenty first century has given rise to a growing interest in the intersection of science religion and spirituality Few books address these issues from multiple perspectives and theories To fill this void F LeRon Shults and Steven Sandage coauthors of The Faces of Forgiveness winner of the Narramore Award from the Christian Association for Psychological Studies continue their interdisciplinary dialogue in their latest work Transforming Spirituality In this book Shults and Sandage address the subject of spiritual transformation through the lenses of psychology and theology In addition to college and seminary students Transforming Spirituality will appeal to readers interested in Christian spirituality What is more it provides helpful insights for counselors psychologists and others who work in the mental health field *Explorations in Spirituality* Philip Sheldrake, 2010 A distinctive exposition of the main elements of the study of Christian spirituality that also underlines the essentially socially transformative nature of the Christian spiritual tradition Spiritual Being and Becoming Eric J Kyle, 2017-05-25 As many as 100 billion neurons

make up the human nervous system a system that is incredibly complex and a fundamental part of what makes us who we are But there is far more to human beings than biology Many academic disciplines study the human condition and there are many schools of thought within that study We must also appreciate that the study of human nature did not begin in contemporary times History is full of texts that offer detailed explorations of the human condition However no consensus has yet emerged Consensus or not those working towards religious and spiritual formation pursue the transformation of their communities This book offers a fuller understanding of some of the common views of human nature and also insights into how we might utilise this knowledge in our ministries ministries that strive towards the spiritual being and becoming of our world **Reading the Christian Spiritual Classics** Jamin Goggin, Kyle C. Stobbel, 2013-05-01 This new collections of essays edited by Kyle Stobbel and Jamin Goggin offers an evangelical hermeneutic for reading the Christian spiritual classics Addressing the why what and how of reading these texts these essays challenge us to find our own questions deepened by the church's long history of spiritual reflection *Sacred Systems* Eric J. Kyle, 2013-12-06 From early Jewish Christian texts such as the Didache which present well defined catechetical programs to contemporary authors such as Dallas Willard who offer in depth insights into the transformations of one's heart and soul systematic texts on spiritual formation in the Western Christian tradition abound These texts can offer ministers researchers and laypersons much clarity and guidance for their craft However the spiritual formation systems that we use are also always contextually influenced such contextual factors may make them difficult to adapt to one's local work Rather than turning to only a single text or community then it can be helpful for practitioners and theorists to look to a broader set of systematic presentations of spiritual formation By turning to

a group of specific individuals and communities in each era of Western Christian history this book will help those working in this field to better understand how personal spiritual formation has been conceptualized and embodied Such an exploration will help us not only to compile a more complete history of spiritual formation at the level of the individual but also to glean a better understanding of personal transformation so that we might engage this craft in more informed and systematic ways

Why Church History Matters Robert F. Rea, 2014-06-05 Does it matter how Christians in other times and places thought For many contemporary Christians questions about the role and value of church history can be difficult to tackle Veteran teacher Bob Rea addresses these barriers skillfully explaining not only why church history matters but the difference it makes for life and ministry

Tyconius' Book of Rules Matthew R. Lynskey, 2021-03-01 In *Tyconius Book of Rules* Matthew R. Lynskey explores the church centric interpretation of ancient biblical exegete Tyconius in his hermeneutical treatise *Liber regularum* Influential within his Donatist tradition and the broader context of early North African Christianity Tyconius wrote one of the earliest works on exegetical theory and praxis in Latin Christianity By investigating five key concepts undergirding Tyconius's theology of church Lynskey demonstrates how Tyconius ecclesiology shaped his hermeneutical enterprise Through careful readings and close analysis of *Liber regularum* this study seeks to describe Tyconius exegesis on its own terms reflecting on notable historical theological formational and missiological implications of his ecclesial exegesis as it concerns the ancient and contemporary church

Relationship Is the Transformative Space Darryl Wooldridge, 2016-02-09 This book affirms relationship as the shared human elemental pursuit and proposes relationship as the transformative space Wonderfully the author asserts it is God's intention to fulfill this intrinsic human desire in the present in all of us and universally This desire is an often inarticulate innate desire and pursuit to enjoy and reflect the divine image in which every human being was created In this book this pursuit is referred to as proleptic spiritual transformation Pr ST That is this book demonstrates that what is too often relegated to eternity is available now Relationship is the Transformative Space considers God's heart in relationship and its implication toward human spirituality and how this intent has been interrupted and restored God is actively interested in the recovery of a fully expressed image in humanity

The Kingdom Life Bruce McNicol, Dallas Willard, Keith Matthews, Bill Hull, Bill Thrall, Keith Meyer, Richard Averbeck, Paula Fuller, Peggy Reynoso, Bruce Demarest, Michael Glerup, 2016-06 The *Kingdom Life* provides an integrated approach to spiritual formation This rich compilation from an extraordinary team of thinkers offers sound theology and key practices to strengthen you and those you disciple in light of Christ's lordship and life in the kingdom back

Spirit, Freedom and Power Angelo Ulisse Cettolin, 2016-07-21 The Pentecostal movement emerged at the turn of the twentieth century emphasizing the need for Christians to have a powerful experience of the Holy Spirit It advocated the return to a pristine early Spirituality in which empowerment by the Spirit was essential Recently Pentecostal and Charismatic movements are playing down the classic expressions and moving towards more mainline approaches As church movements develop they become more

structured less spontaneous and more routine But is this always inevitable The author explores a contemporary Pentecostal movement to discover whether a radical spirituality still can effectively interface with a complex twenty first century world This insightful research finds a Pentecostal spirituality that is flexible adaptive and innovative and despite humble origins now is making inroads into the middle class While tensions over charismatic freedom remain the developing organizational structure is facilitating significant growth Valuable lessons for Christians of all persuasions are found and some creative theological developments are suggested for church structure and for expanding traditional understandings of baptism in the Holy Spirit

When Sickness Heals Siroj Sorajjakool, 2006-04 In *When Sickness Heals* Dr Siroj Sorajjakool draws on more than ten years of studies on health benefits in relation to spirituality especially focusing on the function of meaning He expounds on his theory that healing is primarily the function of meaning and meaning transcends sickness and even death itself He concludes that what people ultimately seek in life is the healing of their souls Sorajjakool brings many Eastern and Western resources to his conversation on health meaning and healing He incorporates the perspectives of theologians and philosophers like Paul Tillich Carl Jung S ren Kierkegaard Raimundo Panikkar Dietrich Bonhoeffer and John Macquarrie as well as references to religious texts including yin and yang and alchemy A clear distinct understanding of spirituality in clinical contexts is presented with an argument for the role of meaning in the healing process based on evidence that there may be healing even in the face of death Sorajjakool identifies the transitional processes people may go through as they seek to make sense of their experiences during a health crisis He suggests an alternative approach to spiritual assessment and provides methods of spiritual care that speak to the soul

license *Presence-Centered Youth Ministry* Mike King, 2006-08-29 Mike King proposes a youth ministry centered in the presence of God Here young people encounter Christ not in the flash and pop of arena ministry but in the sacred shadow of his presence This book gives shape to such ministry through the classic disciplines and potent symbols and practices that have sustained the church over the centuries **Finding All Things in God** Hans Gustafson, 2017-05-25 In *Finding All Things In God* Hans Gustafson proposes pansacramentalism as holding the potential to find the divine in all things and all things in the divine Such a proposition carries significant interreligious implications particularly in the practice of theology Presupposing theological practice as divorced from spirituality lived religious experience Gustafson presents pansacramentalism as a bridge between the two In so doing Gustafson offers a history of spirituality sketching the foundations of a classical approach to sacramentality through Aquinas as well as a contemporary approach to the same through Rahner and Chauvet Through three fascinating case studies this book presents particular instances of sacramentality in lived religious experience Gustafson offers an exciting method of doing theology one which is entirely compatible with the interdisciplinary field of interreligious studies **African Theology on the Way** Diane B. Stinton, 2015-07-01 In this exciting volume Diane B Stinton has assembled the work of nearly twenty prominent African theologians making their writings accessible to the introductory level student Paying specific attention to methodological and contemporary issues the volume is well organized for use in a wide range of theology courses Some African scholars have written new pieces for the book while others have given permission for notable articles to be condensed and simplified Kwame Bediako B n zet Bujo Philomena Mwaura and Isabel Phiri are just four of the theologians featured *A Global Church History* Steven D. Cone, Robert F. Rea, 2019-09-05 How did the Christian Church originate what journeys has it taken over two millennia and how did it come to exist in its present myriad forms The answers to these questions form a tapestry of history that reaches from first century Palestine to the ends of the earth This volume tells this rich story from an ecumenical perspective drawing on both Eastern and Western historic sources in exploring the rise of Eastern Orthodoxy the church across Asia Africa and the Americas and the reformations of the Western Church including the diversity of contemporary voices The work benefits from many pedagogical features boxed text sections identifying central figures and points of debate study questions for each chapter chapter summaries maps charts index Supplemented by over 400 illustrations this book embraces the universality of historic and current Christianity creating a single and comprehensive volume for students of Church history and systematic theology **Soul Recreation** Tom Schwanda, 2012-04-11 Spiritually there is a great hunger today for contemplative and more satisfying experiences with God Puritanism might seem to be an unlikely source for this yet few groups in the history of Christian spirituality have written more extensively or wisely on the subject Isaac Ambrose 1604-64 a relatively forgotten English Puritan developed a theological foundation for the spiritual life based upon the Christian's intimate union with Christ which the Puritans often called spiritual marriage Schwanda demonstrates that this vibrant relationship of union and

communion with Jesus inspired by the Holy Spirit was manifested in a deep contemplative piety of gazing lovingly and gratefully upon God At the same time Ambrose did not neglect loving his neighbors This study reveals how heavenly meditation was one of the significant practices engaged by Ambrose to cultivate spiritual intimacy and enjoyment of God Further his experiential reading of Scripture in particular the Song of Songs provided him with a language of ravishment and delight in God This book provides a distinctively Protestant foundation for recovering the contemplative life while recognizing the significant contributions of the Western Catholic tradition *Shaken Faith* Sanejo Leonard,2015-04-23

When your faith no longer works and the catch phrases and Christianese that got you to where you are cannot take you past your current crisis what do you do Is doubt okay Is it okay for Christians to struggle with what they believe Is it okay to question God This book takes an honest and in depth look at faith crises experiences from interviews with sixty people and five biblical narratives addressing head on the issues of doubt and times of questioning one s faith Shaken Faith outlines a biblical perspective and a fresh way of viewing doubt the questions Christians experience in their faith and faith crisis moments In order for faith to be real it must be challenged and shaken so that the depth of the faith can be rooted in an unshakable God *The Complete Book of Discipleship* Bill Hull,2014-02-27 Well organized and readily accessible The Complete Book of Discipleship pulls together into one convenient comprehensive volume relevant topics to discipleship such as Spiritual growth Transformation Spiritual disciplines Discipleship in the local church and beyond Indexed for easy reference
