Story Of Exodus:

Exodus for Normal People Peter Enns, 2021-01-29 Behind the scenes of movies like The Ten Commandments The Prince of Egypt or Exodus Gods and Kings is a complicated and at times messy biblical story In this short guide to the book of Exodus Biblical scholar Peter Enns doesn't just break down the story for the average person to understand but takes us behind the story to the history and traditions that led us to the story as we have it today By asking the important questions like What kind of book are we reading and taking us along Moses's and the Israelite journey Enns brings the best in biblical scholarship to us everyday people And as we have come to expect from Pete Enns he does it with his usual humor and wit

God's Story (the Exodus) Ken Bray, 2018-03-17 When you stand on the plateau of Giza as the ancient Egyptians called it and come in sight of the pyramids it is unbelievable It raises the question I guess how did they do it Well actually that is a western question it is a good one scholars debate it and you would be interested in looking at the various theories However I think the more Eastern question would be why did they do it Because you see in the east things like the pyramids are simply functional oh it had a function it is a tomb of a Pharaoh who called himself god on earth and it is his tomb However in the east a story is always put in concrete language in pictures and metaphors so really what we have is a story God had a story also It went like this There was a watery chaos it is called formless and empty in Genesis but hovering over it was the presence of the Creator God and He spoke Out of the watery chaos came order beauty and harmony it was amazing in fact God said it was good Then sin entered the picture and God's beautiful order began its slow but sure descent back into chaos Chaos first effected individuals Cain and Abel and Abel's blood cried out and God heard it as only God can do but then the chaos caused by sin became a kingdom and the whole world is affected Then they build a tower because they wanted to be like God themselves and we get what you might call the Anti Kingdom that is evil that has become a system really a whole civilization in a way So when God brought Israel out of Egypt there were really two stories that were being told One is the Egyptian story in stone and the other is the story God gave His people in the book the Bible and I think you are going to see why God brought Israel to Egypt He brought them there so they could see more clearly both stories The power of God of the Hebrews displayed at the Red Sea that night centuries ago was unbelievable And the Hebrews as they came out of the Red Sea and saw the power of God that had divided the sea and then had returned it to its place stood and called Him King However the God of the Hebrews was not finished yet with His people He had selected to be His presence in the world He had to mold them and shape them There was a mountain He wanted to take them to God led Moses and the nation of Israel and he wants to lead us as well not only lead us but also to partner with us to bring His message of Shalom In the pages of this book we will be focusing on two things First how story shapes story how the story of the exodus shapes other stories in the New Testament Second our relationship with God and God's relationship with us so come with me as we follow in some ancient sandal prints as we look at God's story as it is rooted and set in Egypt and see how God began to mold His people to

be His witness in the world **The Call of Moses and the Exodus Story** Jaeyoung Jeon,2013-11-05 Jaeyoung Jeon examines and assesses recently suggested models for the formation of the Pentateuch through a redactional critical analysis of the Call of Moses Exod 3 4 and the Exodus story Exod 5 13 He observes that Exod 3 4 was formed through a series of stages of Deuteronomistic composition and redaction to which some post Priestly additions were made Comparative analysis suggests that the elements of Deuteronomistic formation precede P and that the direction of influence is from the non P narrative Exod 3 4 to the P call narrative Exod 6 Jeon also shows that although some of the literary layers in Exod 3 4 extend through the Exodus story Exod 5 13 the present form of the latter has been shaped by a post Deuteronomistic but pre Priestly composition based on an earlier proto Exodus story He therefore concludes that the Pentateuch or Hexateuch might be the product of a more complicated process of development than the current models describe **The Real Story of the Exodus** Paul L. Maier,2009 Share the story of Gods faithful followers and discover how Moses leads the Israelites out of slavery and into the Promised Land This newest book in The Real Story series portrays the journey of the flight the Passover and the giving of the Law *The Exodus* Peter Feinman,2021-10-13 Did the Exodus occur This question has been asked in biblical scholarship since its origin as a modern science The desire to resolve the question scientifically was a key component in the funding of archaeological excavations in the nineteenth century Egyptian archaeologists routinely equated sites with their presumed biblical counterpart Initially it was taken for granted that the Exodus had occurred It was simply a matter of finding the archaeological data to prove it So far those results have been for naught The Exodus An Egyptian Story takes a very real world approach to understanding the Exodus It is not a story of cosmic spectacles that miraculously or coincidentally occurred when a people prepared to leave Egypt There are no special effects in the telling of this story Instead the story is told with real people in the real world doing what real people do Peter Feinman does not rely on the biblical text and is not trying to prove that the Bible is true He places the Exodus within Egyptian history based on the Egyptian archaeological record It is a story of the rejection of the Egyptian cultural construct and defiance of Ramses II Egyptologists not biblical scholars are the guides to telling the Exodus story What would you expect Ramses II to say after he had been humiliated If there is an Egyptian smoking gun for the Exodus how would you recognize it To answer these questions requires us to take the Exodus seriously as a major event at the royal level in Egyptian history **Paul and his Story** Sylvia Keesmaat,1999-01-08 The author discusses Paul s reading of his scriptures by exploring his intertextual echoes and allusions to exodus themes and motifs in Israel s scriptures and the literature of Second Temple Judaism This exploration reveals that Paul evoked the exodus narrative in a way that is both faithful to the tradition and innovative for his new situation in Christ Paul affirms and transforms the tradition in ways that speak to the tensions present in both Galatians and Romans The Illustrated Bible Story by Story DK,2024-02-27 The greatest story ever told is explored and explained in unprecedented detail inside this spectacular illustrated family Bible This indispensable best selling Bible incorporates the history of the book the

The True Story of the Exodus of Israel Heinrich Brugsch,1880

The Book of Exodus Joel S. Baden,2019-04-30 An essential biography of one of the Bible s most powerful and inspiring books Exodus is the second book of the Hebrew Bible but it may rank first in lasting cultural importance It is here that the classic biblical themes of oppression and redemption of human enslavement and divine salvation are most dramatically expressed Joel Baden tells the story of this influential and enduring book tracing how its famous account of the Israelites journey to the promised land has been adopted and adapted for millennia often in unexpected ways Baden draws a distinction between the Exodus story and the book itself which is one of the most multifaceted in the Bible containing poems law codes rituals and architectural plans He shows how Exodus brings together an array of oral and written traditions from the ancient Middle East and how it came to be ritualized in the Passover Seder and the Eucharist Highlighting the remarkable resilience and flexibility of Exodus Baden sheds light on how the bestowing of the Torah to Moses on Mount Sinai divided Jewish and Christian thinkers on the importance of Exodus during the Reformation and the American Revolution and on its uses in debates for and against slavery He also traces how the defining narrative of ancient Israel helped to define Mormon social identity the American civil rights movement and liberation theology Though three thousand years old the Exodus as history as narrative as metaphor as model continues to be vitally important for us today Here is the essential biography of this incomparable spiritual masterpiece

Hurlbut's Story of the Bible Told for Young and Old ... Jesse Lyman Hurlbut,1904

Reimagining Exodus David Zaslow,2017-03-01 More than half the world s population is familiar with the

exodus of the Israelites from Egypt when they were liberated from slavery Religious groups and movements of liberation from the Puritans to Mormons to the American Civil Rights Movement have used it as a template and an inspiration in their own struggles for freedom In Jewish tradition the Exodus is applied to the individual life journey with captivities freedoms and wildernesses This book will explore how the struggles in Genesis can be applied to our issues today personal and cultural Rabbi Zaslow weaves a connective tapestry for people of faith who no longer want their religions to divide them from each other Reimagining Exodus takes the reader on a timeless journey It shows how the Passover story has been a roadmap for both spiritual and personal liberation for thousands of years As the foundational story beneath Judaism and Christianity it is time to reimagine how this seminal story relates to our world and our personal lives today Fr Richard Rohr Center of Action and Contemplation David Zaslow has taken one of the greatest stories ever told and made it even greater This book is a tremendous gift to anyone who is taking a journey of the soul seeking to escape internal slavery and make it to the promised place where suffering is no more Marianne Williamson teacher and author of Tears to Triumph With the mind of a scholar the heart of a poet and the sould of a Hasidic teacher Rabbi David Zaslow explains the Biblical exodus as more than an epic event This book offers readers the ancient story as a contemporary compass one which can guide our lives toward greater meaning and purpose regardless of the faith we follow citizenship we hold or the politics we practice Rabbi Brad Hirschfield President Clal The National Jewish Center for Learning and Leadership *A Christian's View of the Torah* Matt P.

Simmons,2012-03-22 *A Christians View of the Torah* is a series of essays illustrating how the Torah uses numerous literary devices often seen in great works of art such as symbolism parallelism reflections and repeated themes This book presents the Bible or at least the Torah as a unified whole with consistent underlying themes rather than a collection of disjointed stories And it shows from the Christian point of view how the Torah points toward Christ and His church Most biblical study guides fall into two extremes At one end of the spectrum they are directed toward the uninitiated or new Christian and are therefore so simplistic that they give no new insights to a Christian wanting to grow At the other extreme they are so academic that a doctorate in divinity is required to get anything out of them A few strive to touch the middle ground which allows the average Christian to grow and to add to his faith *A Christians View of the Torah* is an attempt to strike the middle ground This book is not intended as an evangelistic tool but as an aid for those who wish to move from the milk to the meat of the Word and gain some new insights to old familiar stories It is intended for those who have a working knowledge of the Bible particularly the Torah the Historical Books the Gospels Acts and the Epistles in short Genesis through Second Chronicles and Matthew through Jude This is a single Christians point of view *The Story Ripples of the Bible* Elisabeta Karp,2025-06-25 The Bible is more into showing than telling When it wants to teach important and prophetic truths it takes its time telling true stories And storytelling in Scripture works like a ripple effect It sets off a current of events and experiences that repeat expand connect develop and slowly move toward something or someone Bible stories build Bible

prophecy The beloved stories readers grew up with like David and Goliath also contain frequent flashbacks to past stories so as to foreshadow the future As the grand narrative progresses from the Old to the New Testament these recycled stories and their developing patterns eventually shape into a silhouette ready for the Messiah to step into as the perfect match So like Jesus disciples on the road to Emmaus readers must take another listen to the biblical authors narrating their stories because through them they are making the greatest prophetic connections that will cause hearts to burn for truth As people discover how the Bible s stories ripple toward Messiah their own stories will too
