Story Of Jesus For Adults:

Adults as Children James M. M. Francis, 2006 This book is a study of the image of the child in the teaching of Jesus and the literature of the New Testament set against the background of the ancient world the Old Testament and Judaism It also reflects on the complex relationship between attitudes to children and the imaging of the child It is suggested that child imagery serves generally speaking as a window on tradition and in religious discourse in particular it offers perspectives on the relationship between believing and belonging In exploring how child imagery informs the teaching of Jesus it is argued that his own use of such imagery whilst not unique being influenced primarily by the wider imagery of Israel as God's son child and servant is nevertheless distinctive As a metaphor symbolising primarily a call to change and renewal it conveys in microcosm the central themes of his message of the kingdom of God The study goes on to explore the meanings of child imagery in the theologies of the Gospel writers and in other New Testament literary contexts Sources of the Jesus

the Texts Contexts Series highlights readings that make explicit the diverse contemporary contexts of biblical interpreters. The global spread of contributors includes scholarly voices from South Africa, South America, and Hong Kong as well as from the United States. The chapters are organized around four themes. The first examines interpretations of Jesus looking at his childhood, contemporary context, and his teaching, including whether Jesus' sympathetic response to disease and pain might be used to advocate euthanasia. The second examines social categories: gender, race, and class, including a political and racialized reading of the history of diasporic Black America as a model for reading Acts as a diasporic history. The third examines issues of empire and resistance. The final part looks at society and spirituality with a focus on modern contemporary contexts.

The Unknown Years of Jesus Otho Fairfield Humphreys, 1924 **Who is Jesus Christ for Us Today?** Andreas Schuele, Günter Thomas, 2009-01-01 In this cutting edge collection of essays, an extraordinary and diverse group of biblical scholars, theologians, and ethicists from around the world offer perspectives on topics such as the New Testament portraits of Jesus of Nazareth and their reception history, interpretative efforts to understand the central claim that Christ became human, the consequences of the incarnation for our understanding of the variegated nature of humankind, i.e., what is the body into which Christ incarnated, and the impact of Christ's humanity on the transformation of the human world.

Becoming a Church of Lifelong Learners John Roberto, 2006 The key in the Generations approach to faith formation is that it builds on the strengths of a parish's current catechetical program while creating a lifelong faith formation plan and intergenerational learning programs that gather all the generations to learn together and nurture faith at home throughout the life cycle. The CD-ROM includes PowerPoint presentations for each chapter along with articles by religious education theorists who have been instrumental in developing a new paradigm of lifelong faith formation. The book is ideal for parish pastoral and catechetical leaders as well as university courses in religious education and pastoral ministry.

The Gifts They Bring Amy Lindeman Allen, 2023-08-29 Children are often touted as the future of the church, but their role in the church today is less frequently considered. In *The Gifts They Bring*, New Testament scholar, pastor, and mother Amy Lindeman Allen challenges readers to reconsider the way we view children in the church, focusing on our present life together as a diverse, inclusive community of faith. To do this, Lindeman Allen looks to the past, rereading familiar Gospel accounts with an eye to the experience of childhood in Jesus' world, highlighting both the gifts that children brought to Jesus' ministry as well as those they received from him. Through this lens, she invites readers to reconsider the age and relationship of well-known and lesser-known Bible characters, including the Bethlehem shepherds, James and John, the two disciples who followed Jesus alongside their mother, and the young boy whose lunch Jesus used to feed the five thousand. In the process, Lindeman Allen reconsiders ministry with children today, moving away from a transactional model of imparting wisdom to children to a dialogical model of learning and serving together with children. Each chapter reads a different Gospel story in conversation with experiences of real children in the church today, bringing into focus the varied gifts that children bring in a practice of inclusive ministry.

These gifts include participation proclamation advocacy listening sharing and partnership Readers will grow more attuned to recognize the gifts that we each bring children and adults as essential members working together as one community in the body of Christ and so to share in the gift of Christ together Deconstructing Literal Christianity and the Corporate Church Goði Andrè RavenSkül Venås,2019-03-14 I created this book to convey what many people feel that they have been misguided by the church that promised to take care of them no matter what you believe it s all about believing and treating others well
