Story Of My Life By Shayna:

The Story of My Life - By Shayna Greta Marsh, 2003-04-15 The story of my life is about dog racing and a good deal more It is about cruelty the human capacity for cruelty towards human animals and animals of other species Dog racing commonly known as Greyhound racing is not a sport because no legitimate sport uses enslaved involuntary participants and murders many of them once they start losing and no longer are competitive and profitable Dog racing is in fact a deadly form of entertainment as are horse racing dog fighting cock fighting hunting and circuses that use enslaved other species animals Incidentally I remember Greta talking about a form of entertainment that was popular in Ancient Rome and which took place in public arenas There enslaved humans known as gladiators were forced to engage in deadly combat against each other to the delight of cheering crowds Often the losing gladiator was killed outright and sometimes he lived depending upon the mood of the spectators Unlike some spectator sports whose fans identify with and form emotional attachments to the athletes dog racing fans care little or nothing about the Greyhounds This detachment can be attributed to the racers short racing careers some race for just one season or part of a season at a specific track and then are shipped elsewhere But let's return to my story Please know that I am real as are other characters On the other hand some characters are not real They are fictional And although some of the events discussed in Part One are based on real happenings some are not and Part One is a work of fiction In conclusion I hope with all my heart that this book touches the hearts and minds of its readers Shayna Lanesboro MA 1998

Hineni: My Walk Into Beautiful Life S. Joshua Mendel, 2014-12-22 Every so often our practical science dominated world is gifted with a mystic a spirit based spirit directed person The world doesn't know how to deal with these people They are disrespected at the very least often bullied sometimes drugged into submission and even institutionalized Without recognition and support the mystic believes there is something wrong with them Unhealed these individuals may abuse themselves to the point that they might even consider killing themselves and do so This book chronicles the author's 40 year journey of healing and personal growth learning to accept himself as a gifted hypersensitive gay mystic Mismatched to the norms and demands of his family home religion peers and society the author was a depressed immature and fearful recluse for 26 years of his life Contemplating suicide at age 21 he heard a Voice Learning to listen and follow that Voice the author employed a range of traditional and untraditional religious and spiritual thought systems The span of technologies include western and eastern religions Quakerism Twelve Step programs the Course in Miracles Men's work past life regression and channeling automatic writing In a Vision this nontheist birthright Jew realized to his surprise that The Voice guiding him on his journey was Jesus Hineni is an intensely personal and frank autobiography an ethical will of how the author became a whole human being and what he learned and is still learning on his journey This book can start a reader thinking about places s/he has been spiritually as well as the places s/he might go Hineni clearly shows that life is a journey not a destination That the tools and guides on that journey are personal integrity and inner guidance And that any time or effort spent learning in any community or spiritual discipline is never a waste because any and all efforts and understanding get incorporated in who that person is becoming and we are all becoming until we leave the planet The reader is encouraged and challenged to ask what s/he knows and believes on the basic questions of being human being a spiritual being having a human experience

Colours of My Life Roslyn Basserabie, 2020-06-07 The journey of our lives is made up of chapters as in a book Each one contains stories lessons joy pain positive and negative gains losses successes and failures Sometimes we learn from one chapter to build onto another Sometimes we don't Regret factors itself in as does pride and satisfaction We ourselves are the protagonists in our stories In some cases we are victims and in others we are heroes Some chapters are better than others but all of them whether longer or shorter are unique to us Yes We have been given our own books to write We start them soon after birth Our primary caregivers and nurturers play a massive role in their composition From this platform our chapters are constructed in tandem with our genetic inheritance We build our chapters day by day page by page Some of the books that are created are bleak and others are bright The bestsellers are not necessarily those constructed with inspiration and example
