specie aeternitatis roughly meaning from the perspective of the eternal He sought to unify and humanize the great body of historical knowledge which had grown voluminous and become fragmented into esoteric specialties and to vitalize it for contemporary application As a result of their success he and his wife were jointly awarded the Pulitzer Prize for General Nonfiction in 1968 and the Presidential Medal of Freedom in 1977 wikipedia org The Story of Philosophy (Original Classic Edition) Will Durant,2025-03-25 The Story of Philosophy was first published in 1926 with modest expectations that were soon outgrown In a few years it sold 2 million copies To this day it is still capturing new readers in America and has found many abroad in translations into Chinese Czech Danish Dutch Finnish German French Hebrew Hungarian Italian Japanese Norwegian Polish Portuguese Serbo Croatian Spanish and Swedish Durant provides an immensely astute clear and enjoyable story of philosophy He focuses not on schools of thought or subdisciplines but on the most vigorous powerful and appealing thinkers in the Western philosophical tradition starting with the founding figures of Plato and Aristotle and taking us through Francis Bacon the prime theorist of present day scientific thought and on to Spinoza whom Durant prizes above all for his earnest effort to live his own philosophy Then Durant proceeds to the wise and witty Voltaire Nietzsche whose shadow looms over the history of the twentieth century and other figures who are not as well known today as they were when this book was published but who retain vitality and interest The Story of Philosophy is a rare treasure In an age of dumbing down and short attention spans it provides a sweeping and absorbing history of some of the most important ideas that have ever been formed by human minds Reading it is an education in itself and an enjoyable one It is not to be missed **The Story of Philosophy** Will Durant,1978-04-03 For use in schools and libraries only A brilliant and concise account of the lives and ideas of the great philosophers Plato Aristotle Bacon Spinoza Voltaire Kant Schopenhauer Spencer Nietzsche Bergson Croce Russell Santayana James and Dewey The Story of Philosophy is one of t The Story of Philosophy Will Durant,1977-05-03 For use in schools and libraries only A brilliant and concise account of the lives and ideas of the great philosophers Plato Aristotle Bacon Spinoza Voltaire Kant Schopenhauer Spencer Nietzsche Bergson Croce Russell Santayana James and Dewey The Story of Philosophy is one of t *The Story of Philosophy (Grapevine Edition)* Will Durant,2024-05-31 The Story of Philosophy is a captivating intellectual journey that explores the evolution of human thought and the enduring legacy of great thinkers throughout history Written by the renowned author Will Durant this monumental work provides readers with a comprehensive overview of the world s philosophical traditions from ancient Greece to the modern era Through 11 volumes each dedicated to a specific philosopher or philosophical era Durant delves into the intricacies of thought revealing the profound impact of philosophy on human civilization From Plato s idealism to Aristotle s empirical inquiry and Francis Bacon s scientific revolution this series offers a deep dive into the intellectual tapestry of human history The Story of Philosophy is a timeless exploration of the quest for knowledge and wisdom making it essential reading for anyone curious about the foundations of human thought The Story of Philosophy Will Durant,1961 An account of the lives

and opinions of the great philosophers of the Western World from Plato to Santayana *The Story of Philosophy* Bryan Magee,2001 Comprehensive highly visual and filled with insightful observations The Story of Philosophy opens up the world of philosophical ideas in a way that is easily understood by everyone Bryan Magee embarks on an entertaining and enlightening journey and addresses such influential questions as What is Philosophy What is Being and Can the existence of God be proved *The Story of Philosophy* Will Durant,2023-06 There is a pleasure in philosophy and a lure even in the mirages of metaphysics which every student feels until the coarse necessities of physical existence drag him from the heights of thought into the mart of economic strife and gain Most of us have known some golden days in the June of life when philosophy was in fact what Plato calls it that dear delight when the love of a modestly elusive Truth seemed more glorious incomparably than the lust for the ways of the flesh and the dross of the world And there is always some wistful remnant in us of that early wooing of wisdom So much of our lives is meaningless a self cancelling vacillation and futility we strive with the chaos about us and within but we would believe all the while that there is something vital and significant in us could we but decipher our own souls We want to understand we are like Mitya in The Brothers Karamazov one of those who don't want millions but an answer to their questions we want to seize the value and perspective of passing things and so to pull ourselves up out of the maelstrom of daily circumstance We want to know that the little things are little and the big things big before it is too late we want to see things now as they will seem forever in the light of eternity We want to learn to laugh in the face of the inevitable to smile even at the looming of death We want to be whole to coordinate our energies by criticizing and harmonizing our desires for coordinated energy is the last word in ethics and politics and perhaps in logic and metaphysics too Truth will not make us rich but it will make us free This book is not a complete history of Philosophy It is an attempt to humanize knowledge by centering the story of speculative thought around certain dominant personalities Certain lesser figures have been omitted in order that those selected might have the space required to make them live Hence the inadequate treatment of the half legendary pre Socratics the Stoics and Epicureans the Scholastics and the epistemologists The author believes that epistemology has kidnapped modern philosophy and well nigh ruined it he hopes for the time when the study of the knowledge process will be recognized as the business of the science of psychology and when philosophy will again be understood as the synthetic interpretation of all experience rather than the analytic description of the mode and process of experience itself Analysis belongs to science and gives us knowledge philosophy must provide a synthesis for wisdom The Story of Philosophy. Newman in the Story of Philosophy D. J. Pratt Morris-Chapman,2021-07-01 Saint John Henry Newman is widely acknowledged to be an important theologian Despite this Newman commentators believe that his work has received little recognition by philosophers This book explores whether or not Newman's supposed philosophical isolation constitutes a misconception in Newman historiography First of all it does this by examining Newman's general philosophical reception

over the last two centuries surveying a wide range of philosophical positions and philosophers from the many different branches of this discipline The book then focuses upon whether or not Newman has made a contribution to one specific philosophical position seldom given attention within Newman scholarship the particularist approach to epistemology In its investigations into this and the other more general dimension of Newman s philosophical reception the book offers an historical re evaluation of Newman s philosophical legacy *The Story of Philosophy* William James Durant,1955 *Story of Philosophy* Durant Will,1970 *Story of Philosophy* Will Durant,1959 *An Invitation to Philosophy* Will Durant,John R.
