

God of our fathers, You chose Abraham and his descendants to bring Your name to the nations; we are deeply saddened by the behavior of those who in the course of history have caused these children of yours to suffer and asking Your forgiveness we wish to commit ourselves to genuine brotherhood with the people of the Covenant.

Story Of Shalom:

A Story of Shalom Philip A. Cunningham, 2001 Stimulus Books are volumes co sponsored by the Stimulus Foundation and Paulist Press that deal with topics of vital interest to the Jewish Christian dialogue This latest Stimulus Book A Story of Shalom is in the words of the author an experiment In it he takes the dawn of the millennium as an opportunity to retell the Christian story the origins of the church its purposes its doings over the centuries and its goals for the future in a way that envisions a positive relationship between the Christian and Jewish peoples He rejects the old story of creation as supersessionist believing that Christianity has replaced Judaism as God s chosen people And he tells the Christian story in a way that promotes Shalom by affirming Judaism s covenant with God and the validity of Jewish self understanding *A Story! with Rabbi Juravel* 3 Rabbi Juravel, 2015-11 Story Theology J. A. Kays, 2023-03-17 We understand who we are and the world we live in only because of story Without story it is impossible to define our identity meaning purpose or action The Bible after all is a story it begins with Alpha and ends with Omega It is God s story the story of everything By it we learn how the Christian story is not a piece of a larger story but claims to be the story in which other stories find their place To answer the most fundamental questions about who we are and the world we live in we must use a story From a mother who visits her son on death row to a disillusioned man questioning suicide to a family experiencing the hope and hardship of a premature baby this book explores ten central themes of the gospel steadfast love sin faith holiness joy goodness hope compassion forgiveness and peace in story form An interpretation of each story follows in a section where careful analysis sheds light on each biblical theme By using storytelling to communicate theological truth this work provides a unique resource for theological reflection that s helpful for anyone willing to step into a story **Weal and Woe** Reinder Ruard Ganzevoort, Heye K. Heyen, 2004 This book explores the connections between salvation and evil in their Christian religious and non religious shapes How are our biographies embedded in the Christian tradition and the surrounding culture How do we deal with experiences of evil and how do we yearn for or enact shalom The Kampen research group in practical theology and ethics explores these concepts and argues for a multidimensional understanding *To Be Told* Dan B. Allender, 2009-01-20 God wants to reveal himself through your story Discover how he has written your life so far and how he is leading you into the rest of your story This is a book worth reading To make sense of your life To discover the role God is giving you in his story John Eldredge bestselling author of *Wild at Heart* and *Get Your Life Back* Everyone wants clearer guidance from God on what to do with their future In this insightful book therapist and professor Dan Allender shows you how to listen to the stories of your life and identify the themes that God has written there As you begin to understand both the hope and the heartache you will gain a clearer sense of the meaning that God has written into every detail of who you are You ll also see how he invites you to join him in coauthoring the rest of your story God is your Author and he is showing you how to follow him into the future **Indigenous Theology and the Western Worldview (Acadia Studies in Bible and**

Theology) Randy S. Woodley, 2022-04-19 This volume by a Cherokee teacher former pastor missiologist and historian brings Indigenous theology into conversation with Western approaches to history and theology Written in an accessible conversational style that incorporates numerous stories and questions this book exposes the weaknesses of a Western worldview through a personal engagement with Indigenous theology Randy Woodley critiques the worldview that undergirds the North American church by dismantling assumptions regarding early North American histories and civilizations offering a comparative analysis of worldviews and demonstrating a decolonized approach to Christian theology Woodley explains that Western theology has settled for a particular view of God and has perpetuated that basic view for hundreds of years but Indigenous theology originates from a completely different DNA Instead of beginning with God created humanity it begins with God created place Instead of emphasizing individualism it emphasizes a corporateness that encompasses the whole community of creation And instead of being about the next world it is about the tangibility of our lived experiences in this present world The book encourages readers to reject the many problematic aspects of the Western worldview and to convert to a worldview that is closer to that of both Indigenous traditions and Jesus Interpreting American Jewish History at

Are You Not a Man of God? Tova Hartman, Charlie Buckholtz, 2014-04 Are You Not a Man of God challenges the accepted readings of several iconic supporting characters from canonical stories of Jewish tradition These characters have been appropriated throughout history to represent and reinforce central cultural values the binding of Isaac and the religious value of sacrificing relationship for a higher purpose the biblical Hannah appropriated by the rabbis as an archetype of the spirit and practice of prayer the Talmudic Beruriah and the significance of women's learning and knowledge and the struggle for intellectual autonomy of the rabbis of the Talmudic story known by its tag line It is not in heaven Tova Hartman and Charlie Buckholtz make use of religious psychological philosophical and literary perspectives to bring these characters to life in their multiple incarnations examining the varied symbolic uses to which they have been put and their cultural impact These are all texts that have been studied widely and characters that are well known This study shows however that the dominant interpretations have served to mask darker more insightful and ultimately more critical dimensions of these important figures Hartman and Buckholtz discover muted voices of personal betrayal and criticism that resonate as damning social critiques of the rabbis themselves These critiques often highlight the ways in which cultural authorities use and abuse their power and the implications of these systemic moral failings for their legitimacy as communal leaders In these voices of social criticism the rabbis evince an awareness of their own vulnerability to such abuses and failings as well as their hurtful marginalizing effects on members of less powerful social groups
