**The Life of St. Paul** Lawrence Boadt, 2008 This engaging highly readable biography of St Paul is an introduction to his thought and the major events of his life In short simple chapters the book covers not only the facts of Paul's life known to us through Scripture but also the fascinating legends told by the early church about this key figure in the development of Christianity The book is illustrated throughout with four color paintings highlighting Paul's tumultuous life These arresting pictures blend the naive style of painting which is strikingly similar to the teaching style art of the eleventh century with the artist's own deep love of quilting The charming result evokes the tradition of the great icons transforming the book from a simply wonderful introduction to Paul to a truly wonderful gift Together text and art combine to make this unique presentation of St Paul's life a written and visual delight for everyone Book jacket
