Read the story and answer the questions on the next page.

Once upon a time, there were three little pigs who set out to seek their fortunes. Before they left home, their mother warned them to build strong houses to protect themselves from the big bad wolf.

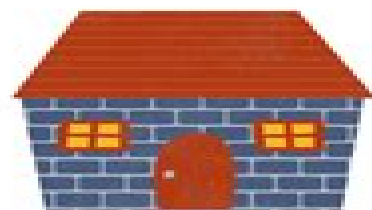

The first little pig built his house out of straw because it was the easiest thing to do. The second little pig built his house out of sticks. It was a bit stronger than the straw house, but still not very sturdy. The third little pig worked hard and built his house out of bricks.

One day, the big bad wolf came along. He knocked on the door of the straw house and said, *"Little pig, little pig, let me come in."* The first little pig answered, *"Not by the hair on my chinny chin chin!"* So the wolf huffed and puffed and blew the house down! The first little pig ran to the second pig's house made of sticks.

The wolf followed and knocked on the stick house's door. *"Little pig, little pig, let me come in,"* he said. The second little pig replied, *"Not by the hair on my chinny chin chin!"* So the wolf huffed and puffed and blew the stick house down! The two pigs ran to the third pig's brick house.

The wolf followed them and knocked on the brick house's door. *"Little pig, little pig, let me come in,"* he said. The third little pig answered, *"Not by the hair on my chinny chin chin!"* So the wolf huffed and puffed, but he couldn't blow the brick house down. He tried and tried, but the house was too strong.

Finally, the wolf gave up and went away. The three little pigs lived happily ever after in their strong brick house.

The Three Little Pigs Karl Lestar, 2018-01-13. And finally, after all, well, I hope you are familiar with this story. It is not only for children; it is also for you.

I do believe During the conclusion of the story there s a big bad wolf that attempts to eat each one of the pigs however when he tries to they run and hide within their homes The big bad wolf then threatens to blow down the homes in the event that they don t emerge and the pigs won t come out of hiding The wolf very easily blows down the very first house crafted from straw and the second house that was built out of sticks However whenever he tries to blow down the house that was created from bricks he couldn t because it was way too strong along with stands up to the strength of the wolf The Big Bad Wolf represents life s true challenges The wolf is hungry and envious being It stalks strikes whenever you least expect things It would like to steal away your own happiness almost everything that you hold so dear It leaves no clue as to whenever it will come and the only thing we can do about this is to get prepared simply because hard work in addition to enterprise triumphs over evil forces as well as bad luck So exactly what is the meaning of the story The Three Little Pigs There tend to be 2 valuable morals that may be discovered by reading through the fairytale with one being the most apparent that time and effort always pays off Simply speaking hard work will pay off simply because with the very first two pigs quickly constructing their houses because they dreamed of more free time to relax and play the wolf was able to blow down their houses with no issues The 3rd little pig had been more concerned with hard work and building a home that is safe and secure so when it came time to blow down his house the wolf had been incapable to do so because it was constructed with bricks and had been too strong The second moral of the story is actually that showing priority for your life will almost always be important Two pigs chose playing and relaxing over developing their house which ended up being a bad choice If perhaps they had prioritized constructing a secure house then they would not have suffered the fate which they did Take the time and also expense required to do things the proper way You may get by for a while along with shortcuts in addition to poor work however in the long run it will cost you The third pig had been smart and knew what had been critical which had been developing a safe home for himself Throughout the end of the story you are able to conclude that he made the right choice Joseph Jacobs had made the story much more child friendly simply by changing the original variation written which ended with the big bad wolf being boiled in a pot and consumed by the 3 little pigs Whenever the story was changed it made it much more versatile to a more youthful audience The storyline of The Three Little Pigs has been read all over the world and till today is among the most popular children fairy tale book ever created The idea that taking the time to carry out a task the proper way has been used by numerous work organizations and preached by parents and teachers of children for numerous decades Just like the pig whose house didn t collapse you must have a safe and secure base to build upon Knowing your own foundation is actually secure may assist you to feel safe Additionally you have to be prepared for growth and change when building your future end up being smart and take your time to develop it up properly Last but not least everybody must accept the pig that took the time as well as work to build a brick house was safe and the pigs that had been lazy as well as took short cuts just like wood and straw houses weren t safe Therefore individuals who work hard work smart spend less

think ahead help the weak individuals and may come out on top in the long run Hard work building a solid foundation in character along with security will keep the troubles at bay
