**Market Street Pastor** Eric Hoke, 2024-09-26 Pastors want to work hard to provide for their families be radically

generous and build a legacy of ministry that they can be proud of In the modern ministry vocation the only way to do this is to expand vocational options and earn additional income outside of the church The problem is that pastors have only ever worked in churches and have no idea how to message their valuable skills in a way that makes sense to hiring managers in the open marketplace As a result they are paralyzed and frustrated because they know that they could break into the workforce earn more money and meet community members outside the church but don't know where to start on the job hunt Eric Hoke understands how difficult it is to change industries and move from being a pastor to a marketplace professional because he did it in New York City where he spent ten years living and ministering as a church planter while also working in Manhattan for profits Hoke has helped thousands of others to do the same through a proven five step process that helps pastors break into the marketplace and build a ministry of sustainability      **Gender Stories** Sonja K. Foss, Mary E. Domenico, Karen A. Foss, 2012-06-06 Essential for anyone who seeks to understand the contemporary gender landscape Gender Stories defines gender as the socially constructed meanings that are assigned to bodies The book helps readers navigate issues of gender by introducing them to the ubiquitous gender binary the problems with much of the research on gender differences and the variety of gender stories in popular culture At the heart of the book is a description of the process of becoming a gendered person through crafting and performing gender stories Because each gender performance is unique a virtually unlimited number of genders exists not just two as the gender binary would have us believe The same multiplicity that characterizes the gender landscape characterizes the individual who typically changes gender multiple times a day and across the lifespan In Gender Stories personal gender performances are framed within a philosophy of choice Readers are encouraged to become more conscious of the choices they have in constructing their gender identities and to allow others the same choice by respecting their gender performances Readers will easily find a place for themselves in the book regardless of their views on gender because one perspective on gender is not presented as the right one Gender Stories affirms and legitimizes diverse perspectives as providing more comprehensive knowledge about gender for everyone      *Seekers* Paul Dunion EdD, 2016-08-31 Do you find yourself living with an ongoing unquenchable restlessness or passionate curiosity and wondering why this is the case You can restore your faith in your destiny as a seeker someone in search of a genuine understanding and experience of home *Seekers Finding Our Way Home* offers a vivid portrayal of seekers as pilgrims questing for home Seekers are threshold dwellers and home takes on both an ancient definition of the word a place to linger and an active ideal involving doing what it takes to make peace with change and therefore with the journey This exploration presents an account of seeking that strengthens a facility for identifying where to linger and how to move in order to avoid spiritual homelessness It also offers concrete guidelines for seekers self care Strengthen your capacity for presence imagination and enchantment and learn from the example of a heartening illustration of an aging seeker Encouraging and inspiring this guide invites you to sustain the faith that seeking was always what you were meant to do      **Reading**
