Story Of Britain A Peoples History

Roy Strong

Story Of Britain A Peoples History:

Story of Britain Roy Strong,1998-10-01 The Story of Britain Roy Strong,1998 In this book the author tells the story of Britain as continuous narrative in chapters which give life meaning and point to every period he covers from Celtic times to the era of Margaret Thatcher

A People's History of London John Rees,Lindsey German,2012-06-19 In the eyes of Britain s heritage industry London is the traditional home of empire monarchy and power an urban wonderland for the privileged where the vast majority of Londoners feature only to applaud in the background Yet for nearly 2000 years the city has been a breeding ground for radical ideas home to thinkers heretics and rebels from John Wycliffe to Karl Marx It has been the site of sometimes violent clashes that changed the course of history the Levellers doomed struggle for liberty in the aftermath of the Civil War the silk weavers match girls and dockers who crusaded for workers rights and the Battle of Cable Street where East Enders took on Oswald Mosley s Black Shirts A People s History of London journeys to a city of pamphleteers agitators exiles and revolutionaries where millions of people have struggled in obscurity to secure a better future

A People's History of Scotland Chris Bambery,2014-06-17 A People s History of Scotland looks beyond the kings and queens the battles and bloody defeats of the past It captures the history that matters today stories of freedom fighters suffragettes the workers of Red Clydeside and the hardship and protest of the treacherous Thatcher era With riveting storytelling Chris Bambery recounts the struggles for nationhood He charts the lives of Scots who changed the world as well as those who fought for the cause of ordinary people at home from the poets Robbie Burns and Hugh MacDiarmid to campaigners such as John Maclean and Helen Crawford This is a passionate cry for more than just independence but also for a nation based on social justice Fully updated to include the rise of the SNP post 2014

Constructing Post-Imperial Britain: Britishness, 'Race' and the Radical Left in the 1960s J. Burkett,2013-04-11 The end of empire shaped the way the British public saw their place in the world society and the ethnic and racial boundaries of their nation Focussing on some of the most controversial organisations of the 1960s this book illuminates their central importance in constructing post imperial Britain

A People's History of the Cold War Colin Turbett,2023-03-23 Between the closing battles of the Second World War and the collapse of the Soviet Union in 1991 the Cold War cast a shadow over the lives of people throughout the world while open conflict was avoided between the ideologically competing superpowers and their principal allies millions died in battlegrounds in parts of the world that were usually far from Moscow Washington and London The threat of nuclear annihilation was omnipresent but at the same time mutually assured destruction tempered conflict and focused minds Subtle and not so subtle attempts to influence popular opinion either way were apparent in everyday life on both sides of the divide while the power of the dollar and the burgeoning costs of the arms race eventually broke the Soviet economy the idea that capitalism won the the Cold War seems misplaced especially if one considers events that have happened since including very recent armed conflict The book takes the reader through main events of the period but focuses on the impact on ordinary

citizens East and West and the view of events from their perspective This is a story of how economies on both sides were built around war preparations and the advance of destructive technologies that had no social benefits apart from the provision of employment Sources used are unusual in not fitting the western based narratives that pervade both academic histories and popular accounts However this book is not an apology for the more oppressive aspects of Soviet policy as the USSR struggled to build really existing socialism within its own borders and the Eastern Bloc countries under its immediate influence Instead it brings a people s perspective from both sides onto this important period of recent history whose consequences are very much still with us as we face modern challenges around climate change and growing inequality across our world A People s History of the Cold War Stories from East and West captures the mood of the times with its extensive contemporary illustrations

A People's History of Britain Rebecca Fraser,2003 Chronicles the history of Britain from Roman times to the present day

A People's History of the European Court of Human Rights Michael Goldhaber,2008-12-31 The exceptionality of America s Supreme Court has long been conventional wisdom But the United States Supreme Court is no longer the only one changing the landscape of public rights and values Over the past thirty years the European Court of Human Rights has developed an ambitious American style body of law Unheralded by the mass press this obscure tribunal in Strasbourg France has become in many ways the Supreme Court of Europe Michael Goldhaber introduces American audiences to the judicial arm of the Council of Europe a group distinct from the European Union and much larger whose mission is centered on interpreting the European Convention on Human Rights The Council routinely confronts nations over their most culturally sensitive hot button issues It has stared down France on the issue of Muslim immigration Ireland on abortion Greece on Greek Orthodoxy Turkey on Kurdish separatism Austria on Nazism and Britain on gay rights and corporal punishment And what is most extraordinary is that nations commonly comply In the battle for the world s conscience Goldhaber shows how the court in Strasbourg may be pulling ahead

Young People's History of the United States Edward Sylvester Ellis,1901

A People's History of the Peculiar Nick Belardes,2014-04-08 Did you know that Thomas Jefferson s grandson was an ax murderer Do you delight knowing that some dinosaurs were as teeny tiny as hens Wonder what it s like to live in Hell Town at the End of the World How about an ailment so surreal it s named after Alice in Wonderland In A People s History of the Peculiar historian Nick Belardes has dug into the raw source material found in historical archives scientific studies and libraries the world over to find facts lists definitions and astonishing information guaranteed to provide readers with the best cocktail conversation topics for many years to come Also found here are first person interviews with people who can explain the unexplained from the permanently puzzling Mothman conspiracy to secret Star Wars Jedi religious cults and the charmingly eccentric reason why British aerospace engineers sent teddy bears floating out into space These real world facts are outlandish enough to sharpen the brain and occupy readers minds for hours of entertainment

Voices of a People's History of the United States Howard Zinn,Anthony Arnone,2011-01-04 Here in their

own words are Frederick Douglass George Jackson Chief Joseph Martin Luther King Jr Plough Jogger Sacco and Vanzetti Patti Smith Bruce Springsteen Mark Twain and Malcolm X to name just a few of the hundreds of voices that appear in *Voices of a People's History of the United States* edited by Howard Zinn and Anthony Arnove Paralleling the twenty four chapters of Zinn's *A People's History of the United States* *Voices of a People's History* is the long awaited companion volume to the national bestseller For *Voices* Zinn and Arnove have selected testimonies to living history speeches letters poems songs left by the people who make history happen but who usually are left out of history books women workers nonwhites Zinn has written short introductions to the texts which range in length from letters or poems of less than a page to entire speeches and essays that run several pages *Voices of a People's History* is a symphony of our nation's original voices rich in ideas and actions the embodiment of the power of civil disobedience and dissent wherein lies our nation's true spirit of defiance and resilience

A People's History of Classics Edith Hall, Henry Stead, 2020-02-26 *A People's History of Classics* explores the influence of the classical past on the lives of working class people whose voices have been almost completely excluded from previous histories of classical scholarship and pedagogy in Britain and Ireland from the late 17th to the early 20th century This volume challenges the prevailing scholarly and public assumption that the intimate link between the exclusive intellectual culture of British elites and the study of the ancient Greeks and Romans and their languages meant that working class culture was a Classics Free Zone Making use of diverse sources of information both published and unpublished in archives museums and libraries across the United Kingdom and Ireland Hall and Stead examine the working class experience of classical culture from the Bill of Rights in 1689 to the outbreak of World War II They analyse a huge volume of data from individuals groups regions and activities in a huge range of sources including memoirs autobiographies Trade Union collections poetry factory archives artefacts and documents in regional museums This allows a deeper understanding not only of the many examples of interaction with the Classics but also what these cultural interactions signified to the working poor from the promise of social advancement to propaganda exploited by the elites to covert and overt class war *A People's History of Classics* offers a fascinating and insightful exploration of the many and varied engagements with Greece and Rome among the working classes in Britain and Ireland and is a must read not only for classicists but also for students of British and Irish social intellectual and political history in this period Further it brings new historical depth and perspectives to public debates around the future of classical education and should be read by anyone with an interest in educational policy in Britain today

1939: A People's History of the Coming of the Second World War Frederick Taylor, 2020-05-26 A best selling historian's chronicle of the dramatic months from the Munich Agreement to Hitler's invasion of Poland and the beginning of World War II In the autumn of 1938 Europe believed in the promise of peace But only a year later the fateful decisions of just a few men had again led Europe to a massive world war Drawing on contemporary diaries memoirs and newspapers as well as recorded interviews *1939* is a narrative account of what the coming of the Second World War felt like

to those who lived through it Frederick Taylor author of renowned histories of the Berlin Wall and the bombing of Dresden highlights the day to day experiences of ordinary citizens as well as those who were at the height of power in Germany and Britain Their voices lend an intimate flavor to this often surprising account of the period and reveal a marked disconnect between government and people for few people in either country wanted war 1939 is a vivid and richly peopled narrative of Europe's slide into the horrors of war and a powerful warning for our own time **History of Oral History** Thomas L. Charlton, Lois E. Myers, Rebecca Sharpless, 2007 Gathered here are parts I and II of the Handbook of Oral History which set the benchmark for knowledge of the field The eminent contributors discuss the history and methodologies of a field that once was the domain of history scholars who were responding to trends within the academy but which has increasingly become democratized and widely used outside the realm of historical research This handbook will be both a traveling guide and essential touchstone for anyone fascinated by this dynamic and expanding discipline **History of Oral History** Leslie Roy Ballard, 2007-04-09 Gathered here are parts I and II of the Handbook of Oral History which set the benchmark for knowledge of the field The eminent contributors discuss the history and methodologies of a field that once was the domain of history scholars who were responding to trends within the academy but which has increasingly become democratized and widely used outside the realm of historical research This handbook will be both a traveling guide and essential touchstone for anyone fascinated by this dynamic and expanding discipline **Handbook of Oral History** Thomas L. Charlton, Lois E. Myers, Rebecca Sharpless, 2008-03-13 In recent decades oral history has matured into an established field of critical importance to historians and social scientists alike Handbook of Oral History captures the current state of the art identifies major strands of intellectual development and predicts key direct **Thinking about Oral History** Thomas L. Charlton, Lois E. Myers, Rebecca Sharpless, 2007-10-15 A companion to History of Oral History Thinking about Oral History presents parts III and IV of Handbook of Oral History an essential resource for scholars and students Guided by Charlton Myers and Sharpless the prominent authors capture the current state of the art in oral history and predict key directions for future growth in theory and application **Manliness and the Boys' Story Paper in Britain: A Cultural History, 1855-1940** K. Boyd, 2002-11-04 In this pioneering work about the precursor to the comic book Kelly Boyd traces the evolution of the boys story paper and its impact on the imaginative world of working class readers From the penny dreadful and the Boy's Own Paper to the tales of Billy Bunter and Sexton Blake this cultural form shaped ideas about gender race class and empire in response to social change This study is an important analysis of a neglected part of popular culture *The Alistair Moffat History Collection* Alistair Moffat, 2023-04-01 Uncover the story of Scotland with Alistair Moffat's history collection From the Ice Age to the modern day this bundle leaves no stone unturned Journey through the long lost kingdoms of Roman times and the Dark Ages uncover the bloodshed wrought by the Border Reivers for two centuries track down the true King Arthur and learn the true story of how Scotland became the nation it is today Moffat plunders the facts

and fables to create a richly detailed and comprehensive analysis of a nation's past Scots Magazine Titles included in this bundle are The Faded Map Arthur and the Lost Kingdoms The Reivers Scotland A History From Earliest Times **A People's History of the World** Chris Harman, 2017-05-02 Building on A People's History of the United States this radical world history captures the broad sweep of human history from the perspective of struggling classes An indispensable volume on class and capitalism throughout the ages for readers reckoning with the history they were taught and history as it truly was Howard Zinn From the earliest human societies to the Holy Roman Empire from the Middle Ages to the Enlightenment from the Industrial Revolution to the end of the twentieth century Chris Harman provides a brilliant and comprehensive history of the human race Eschewing the standard accounts of Great Men of dates and kings Harman offers a groundbreaking counter history a breathtaking sweep across the centuries in the tradition of history from below In a fiery narrative he shows how ordinary men and women were involved in creating and changing society and how conflict between classes was often at the core of these developments While many scholars see the victory of capitalism as now safely secured Harman explains the rise and fall of societies and civilizations throughout the ages and demonstrates that history moves ever onward in every age A vital corrective to traditional history A People's History of the World is essential reading for anyone interested in how society has changed and developed and the possibilities for further radical progress

The Enigmatic Realm of **Story Of Britain A Peoples History**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic.
