Excerpt from *Story of Illinois* French fishermen frequented the shores of the Gulf of St Lawrence as early as 1504 They had no thought of making explorations or settlements They knew little about the land features of the New World and the little knowledge they had created scarcely a ripple of interest in France The Coming to the St Lawrence of James Cartier in 1534 was the first real sign of French interest in America He was an explorer rather than a founder of empire His experiment in attempting to plant a colony at Mon treal in the winter of 1540 41 proved a failure and little more is heard of the French in Canada till the coming in 1608 of Samuel Champlain a man of great vigor of mind and body deep insight into human nature and of pure and lofty purposes About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      The Pioneer History of Illinois John Reynolds, 1887      **The Story of Illinois** Virginia Snider Eifert, 1951      STORY OF ILLINOIS George Washington 1855 Smith, 2016-08-29 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant      STORY OF ILLINOIS & ITS PEOPLE William Lewis 1874- Nida, 2016-08-28 This work has been selected

**The Story of Illinois and Its People (Classic Reprint)** William Lewis Nida, 2015-07-06 Excerpt from The Story of Illinois and Its People History is the most human and therefore the most absorbing of all studies There seems to be no practical limit to the interest that may be secured in the class room when the great events are presented to the pupils as the actual deeds of real people In capable hands the pages often become as it were a stage on which living characters reenact the dramas of former generations Take the children in imagination through that picturesque region and along the beautiful streams that Black Hawk loved and he ceases to be merely a troublesome Indian and becomes to them thereafter the hero of a pathetic racial tragedy Pioneer days have gone forever from Illinois Yet that ever present longing in the human race to go to the woods to build the cabin and to battle with the wilderness will spring up as a flame in the minds of our boys and girls of today when told of the heroic deeds of their forefathers Nor will the fact be overlooked that out of these meager frontier fabrics were woven some of the most sterling characters of our national life Let us then carry out the lumber of unimportant details and the dry bones of facts and dates and bring in the live flesh and blood of Interest Incident and Narrative and we shall find that the time devoted to the study of the history of our own State has indeed been a
