Story Of My Life Volume 2 1922 1925:

Hindu Mahasabha in Colonial North India, 1915-1930 Prabhu Bapu, 2013 Hindu nationalism has emerged as a political ideology represented by the Hindu Mahasabha. This book explores the campaign for Hindu unity and organisation in the context of the Hindu Muslim conflict in colonial north India in the early twentieth century. It argues that India's partition in 1947 was a result of the campaign and politics of the Hindu rightwing rather than the Islamist politics of the Muslim League alone. The book explains that the Mahasabha articulated Hindu nationalist ideology as a means of constructing a distinct Hindu political identity and unity among the Hindus in conflict with the Muslims in the country. It looks at the Mahasabha's ambivalence with the Indian National Congress due to an extreme ideological opposition and goes on to argue that the Mahasabha had its ideological focus on an anti-Muslim antagonism rather than the anti-British struggle for India's independence, adding to the difficulties in the negotiations on Hindu-Muslim representation in the country. The book suggests that the Mahasabha had a limited class and regional base and was unable to generate much in the way of a mass movement of its own but developed a quasi-military wing besides its involvement in a number of popular campaigns. Bridging the gap in Indian historiography by focusing on the development and evolution of Hindu nationalism in its formative period, this book is a useful study for students and scholars of Asian Studies and Political History.

Madan Mohan Malaviya and the Indian Freedom Movement Jagannath Prasad Misra, 2016-02-18 At the time when the national movement was still in its early stages, Madan Mohan Malaviya emerged as an enigmatic but commanding figure in the political landscape of India. This work reconstructs Malaviya's ideal of nationalism which was composite, constructive and creative, and offers a fresh perspective on an important period of modern India's political history. Utilizing new and authentic source material, this book traces Malaviya's role in the freedom struggle, the people who supported him, his relations with other established political leaders of the country within and outside of the Congress party, and how he saw his own actions and role in public life. Taking Malaviya as a particular example of subcontinental leadership, Jagannath Prasad Misra studies the method and manner of Malaviya's nationalist propaganda. He shows that rather than being a restraining influence, Malaviya's faith in constitutional politics and educational advancement laid a solid foundation for the uplift of the nation.

Jawaharlal Nehru; a Biography Volume 1 1889-1947 Sarvepalli Gopal, 2015-01-08 Among the few great statesmen to emerge in Asia, Jawaharlal Nehru achieved a national metamorphosis in some ways even more astonishing than that of another towering patriarch, Mao Tse-tung. Not only did he wrest from the British their most prized and dearly loved Imperial possession and give his people independence, he brought his culturally rich yet economically improvised nation into the twentieth century as a force to be reckoned with. The first volume of Sarvepalli Gopal's remarkable biographic covering Nehru's youth and ending with Independence in 1947 is written from first-hand knowledge of the man who served for ten years in the Ministry for External Affairs and from the unlimited access granted him by the Prime Minister Indira Gandhi to her father's private papers.

Political Parties, Party

Manifestos and Elections in India, 1909-2014 R. K. Tiwari, 2018-09-21 In the parliamentary system of government manifestos constitute and represent an important aspect of the democratic electoral politics as statements of a party's ideology, response and policy. This book offers an examination of election manifestos of different political parties in India at the national level. It explores the manifesto as an input to the policy process and presents a comparative perspective and understanding on the issues and approaches of the national political parties on key affairs. The book traces the evolution of the electoral system, political parties and party manifestos in India as they emerged and developed over time. It looks at the Statutes of 1909, 1919 and 1935 along with the party manifestos and elections until 1945-46. The author further analyses Constituent Assembly debates on the electoral system and the stances of political parties on national reconstruction through documents from parties including the Indian National Congress, the Communist Party of India, the Socialist Party, Jana Sangh and the All India Scheduled Castes Federation. Covering manifestos of sixteen Lok Sabha Elections from the first general election of 1952 to 2014, this book provides a comprehensive overview of how major political parties think on significant social, economic, political, foreign and defence related issues. It will be useful to scholars and researchers of political science, election studies, modern Indian history, public administration, law and governance, sociology, media and journalism, as also to legislators and policymakers.

British Jews and Imperial Service Stephanie M. Chasin, 2023-12-28 In the wake of the devastating WWI, three Jews headed the most valuable territory in the British Empire in addition to a strategically important new addition. Edwin Montagu held the position of Secretary of State for India, Rufus Isaacs, Lord Reading was the newly appointed Viceroy of India, and Herbert Samuel arrived in Jerusalem as the first High Commissioner of Palestine. Their appointments came at a time of great upheaval as Indian nationalists clamoured for independence, pan-Islamists fought to keep the defeated Ottoman Empire intact and the sultan in Constantinople, and Zionists sought to build on the wartime promise by the British government to create a Jewish homeland in Palestine in face of opposition by Palestinians and pan-Islamists. The task of tackling these issues was made all the more difficult by accusations that Jews were not loyal to the British Empire and its goals, a view promoted by the appearance of the antisemitic Protocols of the Elders of Zion in

traces the social and political history of the Muslims of south India from the later nineteenth century to Independence in 1947 and the contours that followed. It describes a community in search of political survival amidst an ever changing climate and the fluctuating fortunes it had in dealing with the rise of Indian nationalism, the local political nuances of that rise and its own changing position as part of the wider Muslim community in India. The book argues that Partition and the foundation of Pakistan in 1947 were neither the goal nor the necessarily inescapable result of the growth of communal politics and sentiment and analyses the post 1947 constructions of events leading to Partition. Neither the fact of Muslim communalism per se before 1947 nor the existence of separate Muslim electorates provide an explanation for Pakistan. The book advances the theory that micro level studies of the operation of the former and the defence of the latter in British India can lead to a better understanding of the origins of communalism. The book makes an important contribution to understanding and dealing with the complexities of communalism be it Hindu Muslim or Christian and its often tragic consequences. **Syllabus for a Course in Literature for Children** Detroit Teachers College, 1928 Book Dealers' Weekly, 1926 **The Bookseller**, 1960 Vols for 1871 76 1913 14 include an extra number. Oneness Pentecostalism Lloyd D. Barba, Andrea Shan Johnson, Daniel Ramírez, 2023-03-13 This volume traces the history of Oneness Pentecostalism in North America. It maps the major ideas, arguments, periodization and historical figures, corrects long standing misinterpretations and draws attention to how race and gender impacted the growth and trajectories of this movement. Oneness Pentecostalism emerged in the aftermath of the Azusa Street Revival 1906-9 baptizing its members in the name of Jesus Christ rather than the Father Son and Holy Spirit and splintering from trinitarian Pentecostals. With its rapid growth throughout the twentieth century especially among ethnic minorities, Oneness Pentecostalism assumed a diversity of theological, ethnic and cultural expressions. This book reckons with the multiculturalism of the movement over the course of the twentieth century. While common interpretations tend to emphasize the restorationist impulse of Oneness Pentecostalism leading to notions of a static unchanging movement, the contributors to this work demonstrate that the movement is much more fluid and that the interpretation of its history and theology should be grounded in the variegated North American contexts in which Oneness Pentecostalism has taken root and dynamically developed. Groundbreaking and interdisciplinary, this volume presents diverse perspectives on a significant religious movement whose modern origins are embedded within the larger Pentecostal story. It will be welcomed by religious studies scholars and by practitioners of Oneness Pentecostalism. In addition to the editors, the contributors to this volume are Daniel Chiquete, Dara Coleby, Delgado Patricia, Fortuny Loret de Mola, Manuel Gaxiola, David A. Reed, Rosa Sailes and Daniel Segraves. **The First World War, Anticolonialism and Imperial Authority in British India, 1914-1924** Sharmishtha Roy Chowdhury, 2019-05-29 Between 1914 when the Great War began and 1924 when the Ottoman Caliphate ended, British and Indian officials and activists
