Fox,2015-02-16 On the afternoon of June 25 1867 an overwhelming force of Sioux and Cheyenne Indians quickly mounted a savage onslaught against General George Armstrong Custer s battalion driving the doomed troopers of the U S Seventh Cavalry to a small hill overlooking the Little Bighorn River where Custer and his men bravely erected their heroic last stand So goes the myth of the Battle of the Little Bighorn a myth perpetuated and reinforced for over 100 years In truth however Custer s Last Stand was neither the last of the fighting nor a stand Using innovative and standard archaeological techniques combined with historical documents and Indian eyewitness accounts Richard Allan Fox Jr vividly replays this battle in astonishing detail Through bullets spent cartridges and other material data Fox identifies combat positions and tracks soldiers and Indians across the Battlefield Guided by the history beneath our feet and listening to the previously ignored Indian testimonies Fox reveals scenes of panic and collapse and ultimately a story of the Custer battle quite different from the fatalistic versions of history According to the author the five companies of the Seventh Cavalry entered the fray in good order following planned strategies and displaying tactical stability It was the sudden disintegration of this cohesion that caused the troopers defeat The end came quickly unexpectedly and largely amid terror and disarray Archaeological evidences show that there was no determined fighting and little firearm resistance The last soldiers to be killed had rushed from Custer Hill **Understanding the "Victory Disease," From the Little Bighorn to Mogadishu and Beyond , The Story of the Little Big Horn, Custer's Last Fight** William Alexander Graham,1926 Little Bighorn Remembered Herman J. Viola,1999 On the morning of June 25 1876 soldiers of the elite U S Seventh Cavalry led by Lieutenant Colonel George Armstrong Custer attacked a large Indian encampment on the banks of the Little Bighorn River By day s end Custer and more than two hundred of his men lay dead It

The Story of the Little Big Horn , Custer's Last Campaign John S. Gray, 1993-01-01 Easily the most significant book yet published on the Battle of the Little Bighorn Paul L. Hedren *Western Historical Quarterly* Gray has applied rigorous analysis as no previous historian has done to these oft-analyzed events His detailed time-motion study of the movements of the various participants frankly boggles the mind of this reviewer No one will be able to write of this battle again without reckoning with Gray Thomas W. Dunlay *Journal of American History* Gray challenges many time-honored beliefs about the battle Perhaps most significantly he brings in as much as possible the testimony of the Indian witnesses especially that of the young scout

Curley which generations of historians have dismissed for contradictions that Gray convincingly demonstrates were caused not by Curley but by the assumptions made by his questioners The contrasts in this book restate the basic components of what still attracts the imagination to the Little Bighorn Los Angeles Times Book Review Gray's analysis by and large is impressively drawn it is an immensely logical reconstruction that should stand the test of time As a contribution to Custer and Indian wars literature it is indeed masterful Jerome A Greene New Mexico Historical Review John S Gray was a distinguished historian whose books included the acclaimed Centennial Campaign The Sioux War of 1876 Custer's Last Campaign is the winner of the Western Writers of America Spur award and the Little Bighorn Associates John M Carroll Literary Award

Understanding the "victory Disease" from the Little Bighorn to Mogadishu and Beyond Timothy Karcher, 2004 As a result of the national strength of the United States US and the demonstrated prowess of her military US forces are quite susceptible to falling prey to the effects of the Victory Disease The Victory Disease brings defeat to a previously victorious nation or military through a compounding of three basic symptoms The symptoms of the Victory Disease are arrogance complacency and the habit of using established patterns to solve military problems These symptoms are evident in many

military failures The growth of the Victory Disease can best be analyzed through the study of historical examples In these examples the symptoms of the Victory Disease become quite clear This monograph uses the 1876 Battle of the Little Bighorn and the 1993 actions of Task Force Ranger in Mogadishu Somalia to highlight the symptoms and effect of the Victory Disease The overall goal of studying the Victory Disease is to learn how to avoid succumbing to its effects thus seeking a vaccination to this debilitating disease The only real vaccine for the Victory Disease is found in increased study of military history in the Officer Education System particularly focusing on campaigns and battles where defeat may be attributed to the Victory Disease Thus simple awareness of the problem provides one with the ability to avoid falling prey to the Victory Disease
