**Kent Cartwright**

## **Story Of The Night Studies In Shakespeares Major Tragedies:**

*The Story of the Night* John Holloway, 2005 First published in 1961 Critiquing the critics and examining the vocabulary of twentieth century criticism of the Shakespearean tragedies John Holloway's book covers Hamlet Othello Macbeth King Lear Antony and Cleopatra Coriolanus Timon of Athens and the themes of Shakespearean Tragedy and the idea of human sacrifice and the concepts of myth and ritual in literature

**The Story of the Night Studies in Shakespeare's Major Tragedies**  
Emeritus Professor of English John Holloway, 2015-08-08 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

*Shakespeare's Great Tragedies* John Hardy, 2018-10-25 Shakespeare's great tragedies portray through their richly imagined worlds the inescapable fact of human mortality As the work of a great creative genius they are so diverse that critical formulas used to describe their overall impact tend to be somewhat suspect Their impact follows from a response to the entire dramatic action what is felt at the end with the weight or experience of the whole play behind it It draws on how our feelings and judgement are exercised and engaged throughout the drama Shakespeare portrays what life can be like without pandering to the wish for something easier to contemplate Something more invigorating than consolation is provided such art at its greatest achieving the strength of truth What it compels is a complex acceptance reflected in Edgar's words The weight of this sad time we must obey Not only implicit positives give value to these plays Their significance finally results from what they imaginatively invite their audience to experience and witness This gives a sense not only of the value of life but also of what can threaten it

**The Gap in Shakespeare** Colin N. Manlove, 2020-06-29 The first purpose of this book is to provide new readings of many of Shakespeare's major plays unhampered by bardolatry and so far as possible by critical preconceptions Among the interpretations is an argument that contradictions found in Othello emerge ultimately from Shakespeare's inability to portray a developing heterosexual relationship in any of his plays that King Lear operates by a technique of psychological and spiritual discontinuity that forces the audience beyond rational or common sense awareness to the deeper levels of the play that in Macbeth the hero is portrayed as killing his king not so much for any positive motive as out of an inability to find a reason not to do so that in

Timon of Athens and Coriolanus Shakespeare's judgement is fatally divided and that in the late romances evil is too lightly treated for the plays to be seen as serious accounts of life At the same time throughout the book the central theme is Shakespeare's preoccupation with dichotomy and division a preoccupation that cannot be explained away by reference to his Renaissance or Jacobean milieu but emerges from himself It is the subject of many of his plays it is at the heart of the means by which he produces his greatest dramatic work and it is equally the source of his blind spots and failures The changing forms in which it manifests itself throughout his dramas resolve into a coherent pattern of psychological development

**Hamlet, Protestantism, and the Mourning of Contingency** John E. Curran Jr, 2016-04-22 Building on current scholarly interest in the religious dimensions of the play this study shows how Shakespeare uses Hamlet to comment on the Calvinistic Protestantism predominant around 1600 By considering the play's inner workings against the religious ideas of its time John Curran explores how Shakespeare portrays in this work a completely deterministic universe in the Calvinist mode and Curran argues exposes the disturbing aspects of Calvinism By rendering a Catholic Prince Hamlet caught in a Protestant world which consistently denies him his aspirations for a noble life Shakespeare is able in this play his most theologically engaged to delineate the differences between the two belief systems but also to demonstrate the consequences of replacing the old religion so completely with the new

**Macbeth** Nick Moschovakis, 2008-03-03 This volume offers a wealth of critical analysis supported with ample historical and bibliographical information about one of Shakespeare's most enduringly popular and globally influential plays Its eighteen new chapters represent a broad spectrum of current scholarly and interpretive approaches from historicist criticism to performance theory to cultural studies A substantial section addresses early modern themes with attention to the protagonists and the discourses of politics class gender the emotions and the economy along with discussions of significant minor characters and less commonly examined textual passages Further chapters scrutinize Macbeth's performance adaptation and transformation across several media stage film text and hypertext in cultural settings ranging from early nineteenth century England to late twentieth century China The editor's extensive introduction surveys critical theatrical and cinematic interpretations from the late seventeenth century to the beginning of the twenty first while advancing a synthetic argument to explain the shifting relationship between two conflicting strains in the tragedy's reception Written to a level that will be both accessible to advanced undergraduates and at the same time useful to post graduates and specialists in the field this book will greatly enhance any study of Macbeth Contributors Rebecca Lemon Jonathan Baldo Rebecca Ann Bach Julie Barmazel Abraham Stoll Lois Feuer Stephen Deng Lisa Tomaszewski Lynne Bruckner Michael David Fox James Wells Laura Engel Stephen Buhler Bi qi Beatrice Lei Kim Fedderson and J Michael Richardson Bruno Lessard Pamela Mason

**Shakespeare's Big Men** Richard van Oort, 2016-01-01 Shakespeare's Big Men examines five Shakespearean tragedies Julius Caesar Hamlet Othello Macbeth and Coriolanus through the lens of generative anthropology and the insights of its founder Eric Gans Generative anthropology's theory of the origins of human society explains the social

function of tragedy to defer our resentment against the big men who dominate society by letting us first identify with the tragic protagonist and his resentment then allowing us to repudiate the protagonist's resentful rage and achieve theatrical catharsis. Drawing on this hypothesis, Richard van Oort offers inspired readings of Shakespeare's plays and their representations of desire, resentment, guilt, and evil. His analysis revives the universal spirit in Shakespearean criticism, illustrating how the plays can serve as a way to understand the ethical dilemma of resentment and discover within ourselves the nature of the human experience.

**Shakespeare's Mad Men** Richard van Oort, 2022-10-18. This book is about a mad king and a mad duke. With original and iconoclastic readings, Richard van Oort pioneers the reading of Shakespeare as an ethical thinker of the originary scene, the scene in which humans became conscious of themselves as symbol using moral and narrative beings. Taking *King Lear* and *Measure for Measure* as case studies, van Oort shows how the minimal concept of an anthropological scene of origin, the originary hypothesis, provides the basis for a new understanding of every aspect of the plays, from the psychology of the characters to the ethical and dialogical conflicts upon which the drama is based. The result is a gripping commentary on the plays: Why does Lear abdicate and go mad? Why does Edgar torture his father with non-recognition? Why does Lucio accuse the Duke in *Measure for Measure* of madness and lechery, and why does Isabella remain silent at the end? In approaching these and other questions from the perspective of the originary hypothesis, van Oort helps us to see the ethical predicament of the plays and, in the process, makes Shakespeare new again.

**The Oxford Shakespeare: The History of King Lear: The 1608 Quarto** William Shakespeare, 2000-10-26. *King Lear*, widely considered Shakespeare's most deeply moving, passionately expressed, and intellectually ambitious play, has almost always been edited from the revised version printed in the First Folio of 1623, with additions from the quarto of 1608. Acting on recent discoveries, this volume presents the first full scholarly edition to be based firmly on the quarto, now recognized as the base text from which all others derive. A thorough, attractively written introduction suggests how the work grew slowly in Shakespeare's imagination, fed by years of reading, thinking, and experience as a practical dramatist. Analysis of the great range of literary and other sources from which he shaped the tragedy, and of its critical and theatrical history, indicates that the play felt as shocking and original to early audiences as it does now. Its challenges have often been evaded, notably in Nahum Tate's notorious adaptation. During the twentieth century, however, deeper understanding of the conventions of Shakespeare's theatre restored confidence in the theatrical viability of his original text, while the play has also generated a remarkable range of offshoots in film, television, the visual arts, music, and literature. The commentary to this edition offers detailed help in understanding the language and dramaturgy in relation to the theatres in which *King Lear* was first performed. Additional sections reprint the early ballad, ignored by all modern editors, which was among its earliest derivatives, and provide additional guides to understanding and appreciating one of the greatest masterworks of Western civilization.

*Shakespeare and the Classical Tradition* Lewis Walker, 2019-05-24. This bibliography will give comprehensive coverage to published commentary in English on Shakespeare.

and the Classical Tradition during the period from 1961-1985. Doctoral dissertations will also be included. Each entry will provide a clear and detailed summary of an item's contents. For poems and plays based directly on classical sources like *Antony and Cleopatra* and *The Rape of Lucrece*, virtually all significant scholarly work during the period covered will be annotated. For other works such as *Hamlet*, any scholarship that deals with classical connotations will be annotated. Any other bibliographies used in the compiling of this volume will be described with emphasis on their value to a student of Shakespeare and the Classics.

**William Shakespeare's *Macbeth*** Alexander Leggatt, 2006. This guide to Shakespeare's play presents introductory comments on the contexts, critical history, and performance of the text; annotated extracts from key contextual documents; cross references between documents and sections of the guide; suggestions for further reading. The Definitive Shakespeare Companion Joseph Rosenblum, 2017-06-22. This expansive four-volume work gives students detailed explanations of Shakespeare's plays and poems and also covers his age, life, theater texts, and language. Numerous excerpts from primary source historical documents contextualize his works, while reviews of productions chronicle his performance history and reception. Shakespeare's works often served to convey simple truths, but they are also complex, multilayered masterpieces. Shakespeare drew on varied sources to create his plays, and while the plays are sometimes set in worlds before the Elizabethan age, they nonetheless parallel and comment on situations in his own era. Written with the needs of students in mind, this four-volume set demystifies Shakespeare for today's readers and provides the necessary perspective and analysis students need to better appreciate the genius of his work. This indispensable ready reference examines Shakespeare's plots, language, and themes; his use of sources; and exploration of issues important to his age: the interpretation of his works through productions from the Renaissance to the present; and the critical reaction to key questions concerning his writings. The book provides coverage of each key play and poems in discrete sections, with each section presenting summaries, discussions of themes, characters, language, and imagery, and clear explications of key passages. Readers will be able to inspect historical documents related to the topics explored in the work being discussed and view excerpts from Shakespeare's sources as well as reviews of major productions. The work also provides a comprehensive list of print and electronic resources suitable for student research.

Shakespeare Roland Mushat Frye, 2013-10-11. This edition first published in 1982. Previous edition published in 1972 by Houghton Mifflin. Outlining methods and techniques for reading Shakespeare's plays, Roland Frye explores and develops a comprehensive understanding of Shakespeare's drama, focussing on the topics which must be kept in mind: the formative influence of the particular genre chosen for telling a story; the way in which the story is narrated and dramatized; the styles used to convey action, character, and mood; and the manner in which Shakespeare has constructed his living characterizations. As well as covering textual analysis, the book looks at Shakespeare's life and career, his theatres, and the actors for whom he wrote, and the process of printing and preserving Shakespeare's plays. Chapters cover *King Lear* in the Renaissance; *Providence*; *Kind Fortune*; *Anarchy and Order*; *Reason and Will*; *Show and Substance*; *Redemption*; and

Shakespeare's Poetics      **Shakespeare and the Ambiguity of Love's Triumph** Charles R. Lyons, 2017-12-04 No detailed description available for Shakespeare and the Ambiguity of Love's Triumph      **Macbeth** John Drakakis, Dale Townshend, 2013-09-12 The tragedy of Macbeth is filled with blood and darkness and is a morally and politically complex study of ambition power and guilt This guide offers practical aids to study and fresh new ways of responding to the play's ever expanding critical possibilities Back cover      Making Sense of Shakespeare Charles H. Frey, 1999 He argues that Lear's howl for example targets and rewards physical hearing physical speaking and their accompanying emotions as somatically connected to current or remembered sensations in mouth throat and lungs BOOK JACKET      **Murder Most Foul** David Bevington, 2011-06-23 What is it about Hamlet that has made it such a compelling and vital work Murder Most Foul Hamlet Through the Ages is an account of Shakespeare's great play from its sources in Scandinavian epic lore to the way it was performed and understood in his own day and then how the play has fared down to the present performances on stage television and in film critical evaluations publishing history spinoffs spoofs musical adaptations the play's growing reputation its influence on writers and thinkers and the ways in which it has shaped the very language we speak The staging criticism and editing of Hamlet David Bevington argues go hand in hand over the centuries to such a remarkable extent that the history of Hamlet can be seen as a kind of paradigm for the cultural history of the English speaking world      **Hamlet** John Russell-Brown, 2006-03-29 The commentary at the centre of this groundbreaking introduction alerts the reader to what happens on stage during a performance by showing what the text requires from actors and the choices they are offered By this means the Handbook demonstrates how an audience responds to plot and dramatic structure what conflicts and issues are involved as the action unfolds and the effects of developing expectation and variations of tension and pace Chapters complementing this core feature provide an account of the three original texts the theatrical conditions of early performances and the play's social political and cultural contexts Generous quotations are given from books that influenced the writing of the play and notable productions and performances are described to illustrate a wide range of interpretations A concluding chapter quotes from recent critics and offers a number of different ways in which to understand the significance of this tragedy which has proved its enduring appeal      **Brawl Ridiculous** Charles Edelman, 1992 Paying close attention to the performance conditions in the Elizabethan theatre Edelman English Edith Cowan U Western Australia explores how Shakespeare's many battle scenes duels and single combats would have been presented by his own company He draws on the whole range of plays to argue that such scenes reinforce poetic and dramatic themes rather than merely provide a popular spectacle for the crowd Distributed in the US by St Martin's Press Annotation copyrighted by Book News Inc Portland OR      **Shakespearean Tragedy and Its Double** Kent Cartwright, 2010-11-01

## **Story Of The Night Studies In Shakespeares Major Tragedies** Book Review: Unveiling the Power of Words
