Manufactured Milk Products Journal ,1929 **Cheddar** Gordon Edgar,2015-10-01 Both thought provoking and fun Paul Kindstedt author of *Cheese and Culture* One of the oldest most ubiquitous and beloved cheeses in the world the history of cheddar is a fascinating one Over the years it has been transformed from a painstakingly handmade wheel to a rindless mass produced block to a liquefied and emulsified plastic mass untouched by human hands The Henry Fordism of cheddar production in many ways anticipated the advent of industrial agriculture They don t call it American Cheese for nothing Cheddar is one man s picaresque journey to find out what a familiar food can tell us about ourselves Cheddar may be appreciated in almost all American homes but the advocates of the traditional wheel versus the processed slice often have very different ideas about food Since cheddar with its diversity of manufacturing processes and tastes is such a large umbrella it is the perfect food through which to discuss many big food issues that face our society More than that though cheddar actually holds a key to understanding not only issues surrounding food politics but also some of the ways we think of our cultural identity Cheddar and its offshoots has something to tell us about this country the way people rally to certain cheddars but not others the way they extol or denounce the way others eat it the role of the commodification of a once artisan cheese and the effect that has on rural communities The fact that cheddar is so common that it is often taken for granted means that examining it can lead us to the discovery of usually unspoken truths Author Gordon Edgar Cheesemonger *A Life on the Wedge* is well equipped to take readers on a tour through the world of cheddar For more than fifteen years he

has worked as an iconoclastic cheesemonger in San Francisco but his sharp talent for observation and social critique were honed long before then in the world of zines punk rock and progressive politics His fresh perspectives on such a seemingly common topic are as thought provoking as they are entertaining      Grant's Getaways: 101 Oregon Adventures Grant McOmie,2013-04-02 Grant has long been a favorite of mine and now he s sharing the how what where and when of his insightful outdoor adventures Whether tree climbing cooking up a crawfish boil digging clams and fossils kayaking snowshoeing or soaring skyward Grant offers 101 concise vignettes that intrigue and encourage us to lace up our boots and get out there As Grant so aptly puts Why live here if you don t go searching for those singular moments which set Oregon apart Amen MJ Cody co editor of Wild in the City Emmy Award winning journalist and fifth generation Oregon native Grant McOmie provides travelers with an in depth guide to 101 of the best Oregon destinations featured in his popular television series Grant s Getaways produced by KGW TV and Travel Oregon Come along with Grant McOmie as he explores family friendly destinations and day trips across the width and breadth of Oregon From kayaking in Netarts Bay riding a jet boat on the Rogue River and fishing for Deschutes River steelhead to exploring Lava River Cave in the Newberry Volcanic National Monument digging for fossils in the John Day Basin and riding mountain bikes at Black Rock Grant s Getaways 101 Oregon Adventures has an outdoor adventure for everyone The book is organized by the month in which the television segment was filmed and features 75 photographs from Grant s outdoor adventures Also included are travel tips such as What to Know if You Go and Best Time of the Year as well as access information      **Extension Review** ,1983      *Restoring Forests After Catastrophic Events* United States. **Sitting in the Circle** Dr. Jon Berenson, 2013-05-22 These 37 essays are rooted in the inspiration I experience in working with my patients and with participants at the Opening the Heart Workshop Though they are all very different in tone and content they are all about love in the small places off center stage They may have been about lifting a hosta leaf and finding a spider s web in diamonds of morning dew or about watching new grass grow holding a weeping patient in my office watching a man outside my office drag his leg behind as he carries groceries home They are all I think small love stories
