Story Starters On Russia:

Story Starters on Russia, 2000 **MiniRus, a Starter Course in Russian** Alla Aleksandrovna Akishina, 1996 **H.G. Wells and All Things Russian** Galya Diment, 2019-07-26

H G Wells and All Things Russian is a fertile terrain for research and this volume will be the first to devote itself entirely to the theme Wells was an astute student of Russian literature culture and history and the Russians in turn became eager students of Wells's views and works During the Soviet years in fact no significant foreign author was safer for Soviet critics to praise than H G Wells The reason was obvious He had met and largely approved of Lenin was a close friend of the Soviet literary giant Maxim Gorky and in general expressed much respect for Russia's evolving Communist experiment even after it fell into Stalin's hands While Wells's attitude towards the Soviet Union was nevertheless often ambivalent there is definitely nothing ambiguous about the tremendous influence his works had on Russian literary and cultural life

Connections and Influence in the Russian and American Short Story Jeff Birkenstein, Robert C. Hauhart, 2021-03-10 In *Connections and Influence in the Russian and American Short Story* editors Robert C Hauhart and Jeff Birkenstein have assembled a collection of eighteen original essays written by literary critics from around the globe Collectively these critics argue that the reciprocal influence between Russian and American writers is integral to the development of the short story in each country as well as vital to the global status the contemporary short story has attained This collection provides original analyses of both well known Russian and American stories as well as some that might be more unfamiliar Each essay is purposely crafted to display an appreciation of the techniques subject matter themes and approaches that both Russian and American short story writers explored across borders and time Stories by Gogol Dostoevsky Turgenev Chekhov and Krzhizhanovsky as well as short stories by Washington Irving Faulkner Langston Hughes Richard Wright Ursula Le Guin Raymond Carver and Joyce Carol Oates populate this essential multivalent collection Perhaps more important now than at any time since the end of the Cold War these essays will remind readers how much Russian and American culture share as well as the extent to which their respective literatures are deeply intertwined

Russia, Disinformation, and the Liberal Order Stephen Hutchings, Vera Tolz, Precious Chatterje-Doody, Rhys Crilley, Marie Gillespie, 2024-10-15 Through the prism of the first comprehensive account of RT the Kremlin's primary tool of foreign propaganda *Russia Disinformation and the Liberal Order* sheds new light on the provenance and nature of disinformation's threat to democracy Interrogating the communications strategies pursued by authoritarian states and grassroots populist movements the book reveals the interlinked nature of today's global media politics pathologies Stephen Hutchings Vera Tolz Precious Chatterje Doody Rhys Crilley and Marie Gillespie provide a systematic investigation into RT's history institutional culture and journalistic ethos its activities across multiple languages and media platforms its audience targeting strategies and audiences engagements with it and its response to the war in Ukraine and associated bans on the network The authors analysis challenges commonplace notions of disinformation as something that Russia brings to the West where passive

publics are duped by the Kremlin's communications machine and reveals the reciprocal processes through which Russia and disinformation infiltrate and challenge the liberal order. *Russia Disinformation and the Liberal Order* provides provocative insights into the nature and extent of the challenge that Russia's propaganda operation poses to the West. The authors contend that the challenge will be met only if liberals reflect on liberalism's own internal tensions and blind spots and defend the values of open-minded impartiality. *Russia* Abraham Ascher, 2017-09-07 Distinguished Professor Abraham Ascher offers an impressive blend of engaging narrative and fresh analysis in this perennially popular introduction to Russia. Newly updated on the 100th anniversary of the Bolshevik Revolution, *Russia: A Short History* begins with the origins of the first Slavic state and continues to the present-day tensions between Russia and its neighbours, the rise of Vladimir Putin and the increasingly complex relationship with the United States. *23 Voices of Adopted Youth* Lori Rosove, 2020-10-08 *23 Voices of Adopted Youth* is a powerful glimpse of adopted youth's thoughts on how adoption has impacted their lives. Through their own voices, twenty-three youths share heartfelt and profound stories about relationships with parents and birth parents and how ultimately these affect their sense of identity, self-image, relationships with siblings and friends, and expectations of self and others. They acknowledge the uniqueness of adoption and emphasize the importance of knowing who they were born to and their right to explore that option. Despite experiences of confusion, anger, frustration, and sadness, these youths were all grateful to have been adopted into their families. Each youth voice authentically displays raw wisdom, insight, and passion and provides the reader with an enhanced understanding of the adoptee experience, parenting an adopted child, and parenting in general. *Fin-de-siècle Russia and Chinese Aesthetics* Jinyi Chu, 2024-08-30 Many are familiar with European modernists' interest in Chinese art and poetry; however, less well known is that Russian literature and art at the turn of the 20th century also flourished in a sustained dialogue with China. In *Fin de siècle Russia and Chinese Aesthetics*, Jinyi Chu reconsiders the place of Russia in the genealogy of global modernism by exploring the enduring impact of China on pre-revolutionary Russian culture. This book argues that fin de siècle Russian ideas about increasing global cultural and socioeconomic interconnectedness emerged from their unsettling encounters with China. Drawing on literary texts, paintings, advertisements, official documents, and archival work in Russia, China, France, and the United States, Chu reconstructs surprising stories about cultural interactions. From Innokenty Annensky's encounter with a Tibetan monk in Paris, Aleksei Remizov's adaptations of Chinese ghost stories, and Lev Tolstoy's translations of the Daoist canon to Ilya Mashkov's fauvist painting of a Chinese fairy, this book presents a new cultural history of fin de siècle Russia in relation to the East. *Fin de siècle Russia and Chinese Aesthetics* casts new light on the intricate relationships between geopolitics and transnational aesthetics. It moves beyond the idea that Russian literary and artistic representations of China were simply manifestations of Russia's imperial ideology and Eurasian cultural identity. Instead, Chu shows that literature and art actively renegotiate and destabilize the preconceived world order at a time of intensifying geopolitical and cultural transformation when China shifted from Russia's rival in Inner Asia to a
