Storytelling And Spirituality In Judaism:

Storytelling and Spirituality in Judaism Yitzhak Buxbaum, 1994-09-01 The purpose of this book is to elevate stories and storytelling in people's esteem so they will understand their holiness and appreciate them at their full worth. There are those who enjoy stories and storytelling but in the back of their minds think: After all, they're only stories. But in the same way that the Western Wall of the Temple is not just a wall, a mere pile of stones, neither are the stories of the Torah or of the tzaddikim just stories. Holy stories are the light of the world. When we understand that when both tellers and listeners know they are engaged in sacred activity, we will hold stories and storytelling more dear. The teller will tell with the tongue of faith, the listeners will hear with ears of faith, and the circle of holiness will be closed. From the Introduction **Elie Wiesel and the Art of Storytelling** Rosemary Horowitz, 2014-11-01 Elie Wiesel is a master storyteller with the ability to use storytelling as a form of activism. From his landmark memoir *Night* to his novels and numerous retellings of Hasidic legends, Wiesel's literature emphasizes storytelling, and he frequently refers to himself as a storyteller rather than an author or historian. In this work, essays examine Wiesel's roots in Jewish storytelling traditions, influences from religious folk and secular sources, education, Yiddish background, Holocaust experience, and writing style. Emphasized throughout is Wiesel's use of multiple sources in an effort to reach diverse audiences. **Creating a Judaism Without Religion** Daniel S. Breslauer, 2001-09 This book examines how some modern and contemporary Jewish thinkers and writers have imagined a Judaism without the boundaries and restrictions that go by the name of religion. The book offers scholarly insights into some Jewish thinkers, notably Martin Buber and Eugene Borowitz, some Jewish writers, in particular the poet Hayyim Nahman Bialik and the Yiddish author I. L. Peretz. The study also introduces more contemporary thinkers and writers such as the postmodernist Jacques Derrida, the contemporary Israeli novelist David Grossman, and the young Israeli poet Ilan Sheinfeld. While of scholarly interest, the ten-chapter work has more general appeal as a way of conceiving Jewish living outside the restrictions of religion. One third of the book suggests a way of looking at God and theology as part of the process of living rather than as fixed realities. Another third explores how Jewish culture can be liberated from the restrictions of nationalism and parochialism. The final third focuses on a postmodern ethics of the self that emerges from face-to-face meetings with others. The author contends that the future Judaism that has been created will be pluralistic, diverse, and oriented toward the future. Teaching about God and Spirituality Roberta Louis Goodman, 2002 A wide array of renowned scholars and practitioners share their ideas for teaching about God from a Jewish perspective in this comprehensive collection. This enlightening yet practical resource includes ready-to-use lessons for preschool through adult and family education, as well as background material to enrich the teacher's own sense of God and spirituality. Chapters include: *Writing a Personal Theology* by Dr. Neil Gillman; *The Changing Perceptions of God in Judaism* by Rabbi Rifat Sonsino; *The Spiritual Condition of American Jews* by Dr. David Ariel; *The Image of God as Teacher* by Dr. Hanan Alexander; *Spiritual Mentoring* by Dr. Carol Ochs; *Tell Me a Story* by Rabbi Sandi Eisenberg.

Sasso **Jewish Tales of Mystic Joy** Yitzhak Buxbaum,2002-11-08 Jewish Tales of Mystic Joy reveals the happiness that awaits us if we strive for real spirituality The stories are about pious rabbis and humble tailors about dancing singing laughing and crying but their common denominator is always joyous ecstasy Drawing us into a world of devotion the tales allow us to taste the bliss that comes from a life lived from the very center of one s self Each story comes alive in joy and produces a holy shiver that speaks to the soul **Nurturing Child and Adolescent Spirituality** Karen-Marie Yust,2006 Nurturing Child and Adolescent Spirituality Perspectives from the World s Religious Traditions provides a forum for prominent religious scholars to examine the state of religious knowledge and theological reflection on spiritual development in childhood and adolescence Featuring essays from thinkers representing the world s major religious traditions the book introduces new voices challenges assumptions raises new questions and broadens the base of knowledge and investment in this important domain of life It specifically and intentionally focuses on theological and philosophical perspectives from within religious traditions creating space for the religious traditions to find their voices Nurturing Child and Adolescent Spirituality is firmly grounded in the language and priorities of religious studies and helps stimulate explorations of whether and how religious communities are tapping their own wisdom and strengths in nurturing today s young people in a complex and changing world Nurturing Child and Adolescent Spirituality will set the stage for new waves of scholarship and dialogue within and across traditions disciplines and cultures that will enrich understanding and strengthen how the world s religious traditions and others understand and cultivate the spiritual lives of children and adolescents around the globe

Children's Perceptions of the Role of Biblical Narratives in Their Spiritual Formation Annie George,2017-02-28 In the Bible storytelling is an important means to pass on the revelation of God God repeatedly commanded the people of Israel to tell his mighty acts to the next generation Invariably churches follow this mandate and use biblical narratives as a means to transmit God s self revelation to enable transformation The author Dr Annie George listens to the voices of children in order to understand their perceptions of how storytelling of biblical narratives help them in their spiritual formation Dr George s research highlights the importance of evaluating the impact of biblical narratives from a child s perspective as well as emphasising the need to give the same priority to the spiritual transformation of children as with other areas of study and ministry *Jewish Tales of Holy Women* Yitzhak Buxbaum,2002-11-08 What is a holy woman or a holy man for that matter According to the Jewish mystics a holy person is someone who has not lost the holiness that every baby is born with A holy person is someone who fulfills it Stories about Jewish holy women have rarely been collected in such an engaging and entertaining form The tales display a specifically female Jewish spirituality giving us a peek into a world of devotional beauty that focuses on kindness These stories of laughter and tears humility and bravery striving and trance have an appeal spanning the denominational spectrum they are spiritual nourishment for the soul The rabbis say there are both male and female angels and angels are on earth as well as in heaven These tales enhance our appreciation of the female angels on

Children, Adults, and Shared Responsibilities Marcia J. Bunge, 2012-09-27 This collection of essays by Jewish Christian and Muslim scholars underscores the significance of sustained and serious ethical inter religious and interdisciplinary reflection on children Essays in the first half of the volume discuss fundamental beliefs and practices within the religious traditions of Judaism Christianity and Islam regarding children adult obligations to them and a child s own obligations to others The second half of the volume focuses on selected contemporary challenges regarding children and faithful responses to them Marcia J Bunge brings together scholars from various disciplines and diverse strands within these three religious traditions representing several views on essential questions about the nature and status of children and adult child relationships and responsibilities The volume not only contributes to intellectual inquiry regarding children in the specific areas of ethics religious studies children s rights and childhood studies but also provides resources for child advocates religious leaders educators and those engaged in inter religious dialogue **Index to Jewish Periodicals** ,2005 An author and subject index to selected American Anglo Jewish journals of general and scholarly interests *Gender and Power in Contemporary Spirituality* Anna Fedele, Kim Knibbe, 2013-03-05 This book explores the entanglements of gender and power in spiritual practices and analyzes strategies used by spiritual practitioners to attain what to social scientists might seem an impossible goal creating spiritual communities without creating gendered hierarchies What strategies do people within these networks use to attain gender equality and gendered empowerment How do they try to protect and develop individual freedom How do gender and power nevertheless play a role The chapters in this book together and separately demonstrate that in order to understand contemporary spirituality the analytical lenses of gender and power are essential Furthermore they show that it is not possible to make a clear distinction between established religions and contemporary spirituality the two sometimes overlap and at other times spirituality distances itself from religion while reproducing some of its underlying interpretative frameworks This book does not take the discourses of spiritual practitioners for granted yet recognizes the reflexivity of spiritual practitioners and the reciprocal relationship between

spirituality and disciplines such as anthropology The ethnographic descriptions of lived spirituality included in this volume span a wide range of countries from Portugal Italy and the Netherlands to Mexico and Israel

The Environment of Compassion Cia Sautter,2025-05-09 The Environment of Compassion explores questions of what it means to be in relationship to nature if and how it is a religious experience and how understanding humans as part of nature alters theology The book offers a performance perspective that looks at ritual dance and theatre as a means of presenting discussion of sacred values in the public realm The premise is that performance

may serve as an effective means for developing human sacred values that recognize the more than human world as it increases intersubjective awareness to address issues of social and environmental justice The author investigates religion and theatre as a means of better understanding how eco consciousness requires an aesthetic of the sacred Rather than separate religion culture and nature the book presents an aesthetic looking at the relationship between them It considers how an embodied theatrical story might develop an inclusive community of compassion Weaving the chapters together is an account of The Garden A Refuge an eco centered play based on the biblical book of Job Ecotheology aesthetics and embodiment theories are examined throughout with scholarship and examples drawn largely from the Jewish tradition The book is relevant to scholars of religion and theology particularly those with an interest in the environment as well as theatre dance and performance studies
