Napoli,2025-09-23 Featured in the NY Emmy nominated documentary New York City's Vietnam Veterans CUNY TV A collection of heartrending oral histories that topples assumptions about the people who served in Vietnam The Vietnam War was a defining event for a generation of Americans But for years misguided and sometimes demeaning clichés about its veterans have proliferated widely Philip F Napoli's Bringing It All Back Home strips away the myths and reveals the complex individuals who served in Southeast Asia Napoli was one of the chief researchers for Tom Brokaw's The Greatest Generation and in the spirit of that enterprise his oral histories recast our understanding of a war and its legacy Napoli introduces a remarkable group of young New Yorkers who went abroad with high hopes only to find a bewildering conflict We meet a nurse who staged a hunger strike to promote peace while working at a field hospital a paratrooper whose experiences on the battlefield left him with emotional scars that led to violence and homelessness a black soldier who achieved an unexpected camaraderie with his fellow servicemen in racially tense times and a university

administrator who helped to create New York City's Vietnam Veterans Memorial. Some of Napoli's soldiers became active opponents of the war; others did not. But all returned with a powerful urge to understand the death and destruction they had seen. Overcoming adversity, a great many would go on to lead ambitious lives of public service. Tracing their journeys from the streets of Brooklyn and Queens to the banks of the Mekong and back to the most glamorous corporations and meanest homeless shelters of New York City, Napoli reveals the variety and surprising vibrancy of the ex-soldiers' experiences. For almost everyone, the time in Vietnam was the most exciting and the most alive time of your life, one veteran recalls. He adds, I still have this little trick. When I lie down and go to sleep, if there's something bothering me, I say, You're warm, you're dry, and there is no one shooting at you.

The OSS and Ho Chi Minh Dixee Bartholomew-Feis, 2006-05-12. Some will be shocked to find out that the United States and Ho Chi Minh, our nemesis for much of the Vietnam War, were once allies. Indeed, during the last year of World War II, American spies in Indochina found themselves working closely with Ho Chi Minh and other anti-colonial factions compelled by circumstances to fight together against the Japanese. Dixee Bartholomew-Feis reveals how this relationship emerged and operated and how it impacted Vietnam's struggle for independence. The men of General William Donovan's newly formed Office of Strategic Services closely collaborated with communist groups in both Europe and Asia against the Axis enemies. In Vietnam, this meant that OSS officers worked with Ho Chi Minh and the Viet Minh, whose ultimate aim was to rid the region of all imperialist powers, not just the Japanese. Ho, for his part, did whatever he could to encourage the OSS's negative view of the French, who were desperate to regain their colony. Revealing details not previously known about their covert operations, Bartholomew-Feis chronicles the exploits of these allies as they developed their network of informants, sabotaged the Japanese occupation's infrastructure, conducted guerrilla operations, and searched for downed American fliers and Allied POWs. Although the OSS did not bring Ho Chi Minh to power, Bartholomew-Feis shows that its apparent support for the Viet Minh played a significant symbolic role in helping them fill the power vacuum left in the wake of Japan's surrender. Her study also hints that had America continued to champion the anti-colonials and their quest for independence rather than caving in to the French, we might have been spared our long and very lethal war in Vietnam. Based partly on interviews with surviving OSS agents who served in Vietnam, Bartholomew-Feis's engaging narrative and compelling insights speak to the yearnings of an oppressed people and remind us that history does indeed make strange bedfellows.

Radical Visions Vicente F. Gotera, 1994. Although poets have written about warfare since at least the time of Homer, the Vietnam War has struck many observers as being immune to the interpretations of poetry and myth. Lyric poetry of a traditional kind, writes one critic, has proved inappropriate to communicate the character of the Vietnam War; its remoteness, its jargonized recapitulations, its seeming imperviousness to aesthetics. Nonetheless, the past two decades have seen an unprecedented outpouring of poetry that seeks to describe and come to terms with that bitterly divisive conflict. In *Radical Visions*, Vince Gotera argues that poetry written by Vietnam veterans underlines the failure of traditional American myths to

help Americans understand the war and its aftermath The book blends sociohistorical commentary with close readings of individual works by such poets as Michael Casey Walter McDonald and W D Ehrhart In the book s first section The Nam Gotera examines several key mythic structures the Wild West a violent extension of the mythic virgin land the machine in the garden the city on the hill regeneration through violence all of which helped delude Americans about Vietnam and the war being fought there In the second part The World Gotera shows how another myth the American Adam as an exemplar of ahistorical innocence proved unusable for returning veterans attempting to readjust to American life In addition to exposing these failed myths Gotera argues the poetry by Vietnam veterans reflects an effort to construct new myths most notably that of the warrior against war an oxymoronic structure arising from the difficulties faced by returning veterans In the book s final chapters Gotera examines the work of Bruce Weigl and Yusef Komunyakaa two poets whom the author considers most successful at portraying the moral absurdity of the Vietnam war without sacrificing lyrical aesthetics The first comprehensive study devoted exclusively to poetry by Vietnam veterans Radical Visions argues that this body of writing registers an important advance in the aesthetics and poetics of war literature and offers a cogent antiwar statement rooted in personal experience
