**Strange Parallels: Volume 2, Mainland Mirrors: Europe, Japan, China, South Asia, and the Islands** Victor Lieberman, 2003 Blending fine grained case studies with overarching theory this book seeks to rethink 1 000 years of Eurasian history

**Strange Parallels: Volume 1, Integration on the Mainland** Victor Lieberman, 2003-05-26 This ambitious work has two novel goals to overcome the extreme fragmentation of early Southeast Asian historiography and to connect Southeast Asian to world history Combining careful local research with wide ranging theory Lieberman argues that over a thousand years each of mainland Southeast Asia s great lowland corridors experienced a pattern of accelerating integration punctuated by recurrent collapse These trajectories were synchronized not only between corridors but most curiously between the mainland as a whole much of Europe and other sectors of Eurasia He describes in detail the nature of mainland consolidation which was simultaneously territorial religious ethnic and commercial and dissects the mix of endogenous and external factors responsible Here then is a fundamentally original analysis not only of Southeast Asia but of the pre modern world

[A Companion to World History](#) Douglas Northrop, 2014-12-15 A COMPANION TO WORLD HISTORY This new volume offers insightful reflections by both leading and emerging world historians on approaches methodologies arguments and pedagogies of a sub discipline that has continued to be in flux as well as in need of defining itself as a relevant alternative to the traditional national regional or chronological fields of inquiry Choice The focus on the practicalities of how to do world history probably gives it its edge Its thirty three chapters are grouped into sections that address how to set up research projects in world history how to teach it how to get jobs in it how to frame it and how it is done in various parts of the globe It is an actual handbook in other words as opposed to a sample of exemplary work English Historical Review A Companion to World History offers a comprehensive overview of the variety of approaches and practices utilized in the field of world and global history This state of the art collection of more than 30 insightful essays including contributions from an international cast of leading world historians and emerging scholars in the field identifies continuing areas of contention disagreement and divergence while pointing out fruitful directions for further discussion and research Themes and topics explored include the lineages and trajectories of world history key ideas and methods employed by world historians the teaching of world history and how it draws upon and challenges traditional approaches and global approaches to writing world history By considering these interwoven issues of scholarship and pedagogy from a transnational interregional and world global scale fresh insights are gained and new challenges posed With its rich compendium of diverse viewpoints A Companion to World History is an essential resource for the study of the world s past

**The Golden Road** William Dalrymple, 2025-04-29 The internationally bestselling author of The Anarchy returns with a sparkling soaring history of ideas tracing South Asia s under recognized role in producing the world as we know it For a millennium and a half India was a confident exporter of its diverse civilization creating around it a vast empire of ideas Indian art religions technology

astronomy music dance literature mathematics and mythology blazed a trail across the world along a Golden Road that stretched from the Red Sea to the Pacific In The Golden Road William Dalrymple draws from a lifetime of scholarship to highlight India's oft forgotten position as the heart of ancient Eurasia For the first time he gives a name to this spread of Indian ideas that transformed the world From the largest Hindu temple in the world at Angkor Wat to the Buddhism of China from the trade that helped fund the Roman Empire to the creation of the numerals we use today including zero India transformed the culture and technology of its ancient world and our world today as we know it

**The Age of Trade** Arturo Giraldez, 2015-03-19 This groundbreaking book presents the first full history of the Manila galleons which marked the true beginning of a global economy Arturo Giraldez the world's leading scholar of the galleons traces the rise of the maritime route which began with the founding of the city of Manila in 1571 and ended in 1815 when the last galleon left the port of Acapulco in New Spain Mexico for the Philippines establishing a permanent connection between the Spanish empire in America with Asian countries most importantly China the main supplier of commodities during that era Throughout the two and a half century history of the Manila galleons the strategic commodity fuelling global networks was always silver Giraldez shows how this most important of precious metals shaped world history with influences that stretch to the present

Globalization is the first such volume to take a world archaeology approach on a multi period basis in order to bring together the scope of evidence for the significance of material culture in the processes of globalization This work thus also provides a means to understand how material culture can be used to assess the impact of global engagement in our contemporary world As such it will appeal to archaeologists and historians as well as social science researchers interested in the origins of globalization

**A History of East Asia** Charles Holcombe, 2017-01-11 The second edition of Charles Holcombe's acclaimed introduction to East Asian history from the dawn of history to the twenty first century

From Mountain Fastness to Coastal Kingdoms John Deyell, Rila Mukherjee, 2019-08-09 Money is central to the functioning of economies yet for the pre modern period our knowledge of monetary systems is still evolving Until recently historians of the medieval world have conflated the use of coins with a high degree of monetization States without coinage were considered under monetized It is becoming more evident however that some medieval states used money in complex ways without using coinage Moneys of account supplanted coins wholly or in part But there is an imbalance of evidence coins survive physically while intangible forms of money leave little trace This has skewed our understanding Since coin usage has been well studied in the past these essays flesh out our consideration of societies that used money but struck no coins Absence or shortage of coining metals was not the causative factor some of these societies had access to metal supplies but still remained coinless Was this a strategic choice Does it reflect the unique system of governance that developed in each kingdom It is surely time to unravel this puzzle This book examines money use in the Bay of Bengal world using the case of medieval Bengal as a fulcrum Situated between mountains and the sea this region had simultaneous access to both overland and maritime trade routes How did such cashless economies function internally within their regions and in the broader Indian Ocean context This volume brings together the thoughts of a range of upcoming scholars and a sprinkling of their elders on these and related issues Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka

*Capitalism in the Web of Life* Jason W. Moore, 2025-08-19 Integrating both social and historical factors this radical analysis of the development of capitalism reveals the ever deepening relationship between capital and ecology Finance Climate Food Work How are the crises of the twenty first century connected In *Capitalism in the Web of Life* Jason W Moore argues that the sources of today's global turbulence have a common cause capitalism as a way of organizing nature including human nature Drawing on environmentalist feminist and Marxist thought Moore offers a groundbreaking new synthesis capitalism as a world ecology of wealth power and nature Capitalism's greatest strength and the source of its problems is its capacity to create Cheap Natures labor food energy and raw materials That capacity is now in question Rethinking capitalism through the pulsing and renewing dialectic of humanity in nature Moore takes readers on a journey from the rise of capitalism to the modern mosaic of crisis *Capitalism in the Web of Life* shows how the critique of capitalism in nature rather than capitalism and nature is key to understanding our predicament and to pursuing the politics of liberation in the century

ahead Climate Change and the Course of Global History John L. Brooke, 2014-03-17 The first global study by a historian to fully integrate the earth system approach of the new climate science with the material history of humanity Catholic Missionaries in Early Modern Asia Nadine Amsler, Andreea Badea, Bernard Heyberger, Christian Windler, 2019-10-24 Over recent decades historians have become increasingly interested in early modern Catholic missions in Asia as laboratories of cultural contact This book builds on recent ground breaking research on early modern Catholic missions which has shown that missionaries in Asia cooperated with and accommodated the needs of local agents rather than being uncompromising promoters of post Tridentine doctrine and devotion Bringing together some of the most renowned and innovative researchers from Anglophone countries and continental Europe this volume investigates how missionaries entanglements with local societies across Asia contributed to processes of localization within the early modern Catholic church The focus of the volume is on missionaries adaptation to four ideal typical social settings that played an eminent role in early modern Asian missions 1 the symbolically loaded princely court 2 the city as a space of especially dense communication 3 the countryside where missionary presence was only rarely permanent 4 and the household a central arena of conversion in early modern Asian societies Shining a fresh light onto the history of early modern Catholic missions and the early modern Eurasian cultural exchange this will be an important book for any scholar of religious history history of cultural contact global history and early modern history in Asia Chapter 8 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

**Flows and Frictions in Trans-Himalayan Spaces** Gunnel Cederlöf, Willem Schendel, 2025-10-01 Flows and Frictions in Trans Himalayan Spaces traces movements and connections in a region known for its formidable obstacles to mobility Eight original essays and a conceptual introduction engage with questions of networks and interconnection between people across a bordered landscape Mobility among the extremely varied ecologies of south western China Myanmar and north eastern India with their rugged terrain high mountains monsoon fed rivers and marshy lowlands is certainly subject to friction But today harsh political realities have created hard borders and fractured this trans Himalayan terrain However the closely researched chapters in this book demonstrate that these borders have not prevented an abundance of movements connections and flows Mobility has always coexisted with friction here but this coexistence has been unsettled giving this space its historical shape and its contemporary dynamism Introducing the concept of the corridor as an analytical framework this collection investigates mobility and flows in this unique socio political landscape *Descending Dragon, Rising Tiger* Vu Hong Lien, Peter Sharrock, 2014-11-15 Outside of its war with the United States Vietnam's past has often been neglected and understudied Whether as an aspiring subordinate or a rebel province Vietnam has been viewed by most historians in relation to its larger neighbor to the north China Seeking to reshape these accounts *Descending Dragon, Rising Tiger* chronicles the vast sweep of Vietnam's tumultuous history from the Bronze Age to the present day in order to lay out the first English

language account of the full story of the Vietnamese people Drawing on archeological evidence that reveals the emergence of a culturally distinct human occupation of the region up to 10 000 years ago Vu Hong Lien and Peter D Sharrock show that these early societies had a sophisticated agricultural and technological culture much earlier than previously imagined They explore the great variety of cultures that have existed in this territory unshackling them from the confined histories of outsiders imperial invaders and occupiers in order to show that the country has been central to the cultural political and ethnic development of Southeast Asia for millennia Unrivaled in scope this comprehensive account will be the definitive history of the Vietnamese people their culture and their nation
