The War of the Sexes G. A. Mohr, 2012-10 This book seeks to restore a little balance to The War of the Sexes that feminists have been waging openly for about two hundred years with increasing success one regrettable result being 50% divorce rates in the decadent West Chapter 1 discusses the feminist movement and Chapter 2 discusses how women capture men Chapters 3 to 7 discuss the many physical chemical and sociological differences between the sexes ranging from the inborn maternal instinct to those arising from their different upbringing In Chapters 8 to 13 the strengths and weaknesses of women in our decadent societies are discussed including exploitation of women in the consumer society and the growing problem of teen and single mothers In Chapters 14 to 18 the way in which women are beginning to take over the workforce management and politics at the expense of men is discussed whilst in Chapter 19 the key reasons for the overall moral and financial decay of Western Civilization are discussed Finally in Chapters 20 to 25 an attempt is made to make some constructive suggestions to remedy some of the problems posed by moral and financial decline in the West Thus it is suggested that marital type relationships should always be a carefully chosen and communicative and constructive partnership between compatible like minded people with sound career paths and life goals The penultimate chapter suggests how those couples that do have children can make them smarter in turn helping keep the family happier and more successful

The final chapter discusses contact hypothesis and mere exposure research an understanding of which might be useful in reducing the War of the Sexes and also the many ethnic conflicts that plague the world today *The Tenth Woman* Harriet Theresa Comstock,1923 **Religion and Female Body in Ancient Judaism and Its Environments** Géza G.

Xeravits,2015-04-24 The volume publishes papers read at the ninth International Conference on the Deuterocanonical Books Budapest 2012 The title of the conference and the issuing volume covers an on the one hand extremely important and on the other hand regrettably neglected aspect particularly of the ancient Jewish and Christian traditions Traditional manifestations of both Judaism and Christianity are predominantly masculine theological constructions Despite their harsh masculine orientation however neither Judaism nor Christianity lacks elaboration on the female principle When an ancient author chooses female imagery in order to make his message more emphatic the female body as such forms an integral part of their metaphors The contributions in this volume explore this phenomenon within the literature of early Judaism and within its broad environments **From the Hilltop** Toni Jensen,2010-03-01 For the characters we meet in Toni Jensen s stories the past is very much the present Theirs are American Indian lives off the reservation lives lived beyond the usual boundaries set for American Indian characters migratory often overlooked yet carrying tradition with them into a future of difference and possibility **The Bookmark** J.M. thousand years ago a race called the Bitalo conquered the continent of Africa They were something like vampires something like African vampires There is a quite a bit of sunshine in Africa Do you know what that means It means that the African vampires do not fear the sun It means that the sun cannot save you from an African vampire There are African vampires in the United States They came to this country during the slave trade Most of them look like ordinary African American people but there are Bitalos in every race African vampires do not like blood that much To them it is like milk good for their health Some call them cannibal vampires or ghoulish vampires because their main food is people They like their food prepared in many ways fried baked barbequed and ground like hamburgers There are quite a few African vampires in the United States Now they are planning to take over the United States Somebody has got to stop them John Irungu has killed quite a few Bitalos but he is a very old man now and he is becoming senile Also there would seem to be very few Irungu Knights left But John Irungu has a much younger friend named John David Hunter also known as the Preacher The preacher just might be a natural born Irungu Knight He just might be the Chosen One Bitalo prophecy warns them of the coming of a man who could destroy them He would be a descendant of Curtis Jore the man of war the man who destroyed their ancient vampire Could this preacher be the Chosen One *A Commentary on the Proverbs* John Miller,1872 Literary Imagination, Ancient and Modern Todd Breyfogle,1999-11 Perhaps best known for his widely acclaimed translations of the Greek tragedies and Herodotus s History as well as his edition of Hobbes s Thucydides David Grene has also had a major impact as a teacher and interpreter of texts both ancient and modern In this book distinguished colleagues and former students explore the

imaginative force of literature and history in articulating and illuminating the human condition Ranging as widely as Grene s own interests in Greek and Roman antiquity in drama poetry and the novel in the art of translation and in English history these essays include discussions of the Odyssey and Ulysses the Metamorphoses of Ovid and Apuleius Mallarm s English and T S Eliot s religion and the mutually antipathetic minds of Edmund Burke and Thomas Jefferson The introduction by Todd Breyfogle sketches for the first time the contours of Grene s own thought Classicists political theorists intellectual historians philosophers and students of literature will all find much of value in the individual essays here and in the juxtaposition of their themes Contributors Saul Bellow Seth Benardete Todd Breyfogle Amirthanayagam P David Wendy Doniger Mary Douglas Joseph N Frank Victor Gourevitch Nicholas Grene W R Johnson Brendan Kennelly Edwin McClellan Fran oise Meltzer Stephanie Nelson Conor Cruise O Brien Martin Ostwald Robert B Pippin James Redfield Sandra F Siegel Norma Thompson and David Tracy

Eve's Journey Nehama Aschkenasy,2015-08-12 In Eve s Journey Nehama Aschkenasy traces the migration of several female images and feminine situations from their early appearances in Biblical writings to their incarnations in modern Hebraic literature Focusing on the evolution of early female archetypes and prototypes Aschkenasy uncovers the ancient roots of modern female characters and traces the changing cultural perceptions of women in Hebraic letters The author draws on the vast body of Hebraic literary documents to illustrate how the female character is a mirror of her times as well as being a product of her creator s imagination and conception of the woman s role in society and in fiction The historical spectrum provided by a discussion of Biblical narratives Midrashic sources documents of the Jewish mystics Hasidic tales and modern Hebrew works allows an understanding of the metamorphosis that the female figure has experienced in her literary odyssey
