Strange Likeness A:

Strange Likeness Dora Zhang, 2020-11-10 The modern novel so the story goes thinks poorly of mere description what Virginia Woolf called that ugly that clumsy that incongruous tool As a result critics have largely neglected description as a feature of novelistic innovation during the twentieth century Dora Zhang argues that descriptive practices were in fact a crucial site of attention and experimentation for a number of early modernist writers centrally Woolf Henry James and Marcel Proust Description is the novelistic technique charged with establishing a common world but in the early twentieth century there was little agreement about how a common world could be known and represented Zhang argues that the protagonists in her study responded by shifting description away from visualizing objects to revealing relations social formal and experiential between disparate phenomena In addition to shedding new light on some of the best known works of modernism Zhang opens up new ways of thinking about description more broadly She moves us beyond the classic binary of narrate or describe and reinvigorates our thinking about the novel Strange Likeness will enliven conversations around narrative theory affect theory philosophy and literature and reading practices in the academy

A Strange Likeness Paula Marshall, 2012-03-15 FAMILY SECRETS Something had gone wrong with the London end of the Dilhorne business empire and Alan had been sent to England to make things right But almost immediately after his arrival Alan met Ned Hatton and to his total astonishment found that they were almost identical It wasn't until he met Ned's sister Eleanor and learned more of their family background that he realized the likeness was more than a coincidence The trouble was as he grew to love Eleanor the family secret could sweep away any hope he had of a lifetime with his true love

The Strange Likeness Harriet Pyne Grove, 1929 Shirley Harcourt and Sidney Thorne are classmates at a girls school Even though they do not know each other they bear a remarkable resemblance to each other As they become friends they wonder about their lineage

The Secret Quest Margaret Sutton, 2011-10-07 Judy and her young FBI husband Peter Dobbs go to the airport in Washington D C to meet Peter's sister Honey who is going to visit them for a week and take in the many interesting sights Back at the motel where the three are stopping Honey is amazed to find that accidentally she has picked up the wrong suitcase Instead of the pretty suits that she herself had designed the bag contains some very old fashioned garments an old diary dated 1847 and an old coffee mill Even more startling is Peter's discovery of a sheaf of notes on solar science stuffed inside the drawer of the coffee mill The odd clothes remind Honey of two quaintly dressed little old ladies who were on the plane with her And later when she and Judy and Peter catch a glimpse of the same old ladies in the company of the new artist whose arrival at the Dean Studios caused Honey to lose her job there the three young detectives are even more perplexed At a solar science exhibit in the Smithsonian Institution Judy picks up the first slim clue to an increasingly baffling mystery and starts on her dangerous secret quest for its solution seriesbooks info bolton html

Not One of Them in Place Norman Finkelstein, 2012-02-01 Not One of Them in Place is the first book to examine the ways in which Jewish belief thought and

culture have been shaped and articulated in modern American poetry Based on the idea that recent American poetry has gravitated between two traditions romantic and symbolist on the one hand modernist and objectivist on the other Norman Finkelstein provides a theoretical framework for reading the Jewish American canon as well as close readings of well known and less established poets including Allen Ginsberg Charles Reznikoff Louis Zukofsky Harvey Shapiro Armand Schwerner Hugh Seidman and Michael Heller Not One of Them in Place presents this poetry in a clear and nuanced style paying equal attention to its historical and its aesthetic dimensions [The Imperative to Write](#) Jeff Fort,2014-03-03 Is writing haunted by a categorical imperative Does the Kantian sublime continue to shape the writer s vocation even for twentieth century authors What precise shape form or figure does this residue of sublimity take in the fictions that follow from it and that leave it in ruins This book explores these questions through readings of three authors who bear witness to an ambiguous exigency writing as a demanding and exclusive task at odds with life but also a mere compulsion a drive without end or reason even a kind of torture If Kafka Blanchot and Beckett mimic a sublime vocation in their extreme devotion to writing they do so in full awareness that the trajectory it dictates leads not to metaphysical redemption but rather downward into the uncanny element of fiction As this book argues the sublime has always been a deeply melancholy affair even in its classical Kantian form but it is in the attenuated speech of narrative voices progressively stripped of their resources and rewards that the true nature of this melancholy is revealed **THIRST FOR BLOOD - Ultimate Collection for Halloween** H. Knowing God Frank Sheed, 2012-01-01 Atheists deny we can know God because they deny there is a God to know But even believers who affirm God's existence sometimes don't know him They don't know much about God because they neglect to think much about God and what God has revealed about himself They accept that there is a God but they don't give much thought to what God is like And even if they know a great deal about God in the sense of being able to state truths about him they don't necessarily know him personally and intimately In *Knowing God* previously titled *God and the Human Mind* the great Catholic writer teacher and publisher Frank Sheed helps readers to know that God exists to think about who and what God is and to know God personally He clears away popular misunderstandings of God often held by otherwise knowledgeable people A masterful lucid writer Sheed is not timid about tackling the most challenging questions the human mind can pose about God yet he does not reduce divine mystery to dry propositions or neglect the necessity of faith Sheed acknowledges the limits of human words and human minds when it comes to God At the same time he carefully explains the meaning of Spirit the role of theology and revelation including the place of the Bible in the Church and the experience of God in mysticism In the final section Sheed goes into the heart of the mystery of God exploring God as the Trinity and the difference the Trinity should make in understanding God and ourselves

Aesthetics of Space in Nineteenth-Century British Literature, 1843-1907 Giles Whiteley, 2020-03-02 Uncovers the link between Ruskin and the tradition of the aesthetics of space Discusses a hitherto under researched tradition of city writing linking Ruskin to modernism Reads comparatively five important mid to late nineteenth century writers Marries close textual analysis with historically and geographically informed context Fills a gap in the critical literature on city writing between realism and early modernism Charting an aesthetic post realist tradition of writing this book considers the significant role played by John Ruskin's art criticism in later writing which dealt with the new kinds of spaces encountered in the nineteenth

century With chapters devoted to the ways in which aesthetic and decadent writers such as Walter Pater and Oscar Wilde built upon and challenged Ruskin's ideas the book links the late Dickens to the early modernism of Henry James The Aesthetics of Space in Nineteenth Century British Literature gives a vibrant vision of what an aesthetically sensitive treatment of these spaces looked like during the period Wonderfully Weird Drake Hunter,2019-10-02 Like your thumbprint all people are unique and wonderfully made Every person has a great deal to offer in this Wonderfully Weird life But little will happen the way it should unless we embark on a weird adventure that will lead us to our very best uniqueness As a Christian this should involve first a strange inner investigation of how we have been made on the inside the Wonderfully Weird Image of God within and then develop a unique life plan centered on the certainties uncovered in that investigation One of the strongest temptations in life as we look around us is to become so busy and absorbed by possessions we forget to develop our Wonderfully Weird self and life we have been created to live Our journey must start from within and our life road map must be suitable for us targets that resonate within our hearts guiding us to our deepest needs And as we shoot for these goals we should always use our unique gifts for the good of others as well as ourselves For only in this way will we reach our Wonderfully Weird potential for which we were created **Rewriting Resemblance in Medieval French**
