Members of the Tribe Rachel Rubinstein, 2010-03-15 A history of representations of American Indians in Jewish literature and popular media In *Members of the Tribe* Native America in the Jewish Imagination author Rachel Rubinstein examines interventions by Jewish writers into an ongoing American fascination with the imaginary Indian Rubinstein argues that Jewish writers represented and identified with the figure of the American Indian differently than their white counterparts as they found in this figure a mirror for their own anxieties about tribal and national belonging Through a series of literary readings Rubinstein traces a shifting and unstable dynamic of imagined Indian Jewish kinship that can easily give way to opposition and especially in the contemporary moment competition In the first chapter *Playing Indian* *Becoming American* Rubinstein explores the Jewish representations of Indians over the nineteenth century through narratives of encounter and acts of theatricalization In chapter 2 *Going Native* *Becoming Modern* she examines literary modernism s fascination with the Indian poet and a series of Yiddish translations of Indian chants that appeared in the modernist journal *Shriftn* in the 1920s In the third chapter *Red Jews* Rubinstein considers the work of Jewish writers from the left including Tillie Olsen Michael Gold Nathanael West John Sanford and Howard Fast and in chapter 4 *Henry Roth* *Native Son* Rubinstein focuses on Henry Roth s complicated appeals to Indianness The final chapter *First Nations* addresses contemporary contestations between Jews and Indians over cultural and territorial sovereignty in literary and political discourse as well as in museum spaces As Rubinstein considers how Jews used the figure of the Indian to feel at home in the United States she enriches ongoing discussions about the ways that Jews negotiated their identity in relation to other cultural groups Students of Jewish studies and literature will enjoy the unique insights in *Members of the Tribe*

[Painting for a Living in Tudor and Early Stuart England](#) Robert Tittler, 2022 A rare examination of the political social and economic contexts in which painters in Tudor and Early Stuart England lived and worked While famous artists such as Holbein Rubens or Van Dyck are all known for their creative periods in England or their employment at the English court they still had to make ends meet as did the less well known practitioners of their craft This book by one of the leading historians of Tudor and Stuart England sheds light on the daily concerns practices and activities of many of these painters Drawing on a biographical database comprising nearly 3000 painters and craftsmen strangers and native English Londoners and provincial townsmen men and sometimes women celebrity artists and mere painters this book offers an account of what it meant to paint for a living in early modern England It considers the origins of these painters as well as their geographical location the varieties of their expertise and the

personnel and spatial arrangements of their workshops Engagingly written the book captures a sense of mobility and exchange between England and the continent through the considerable influence of stranger painters undermining traditional notions about the insular character of this phase in the history of English art By showing how painters responded to the greater political religious and economic upheavals of the time the study refracts the history of England itself through the lens of this particular occupation *Strangers in African Societies* William A. Familiar Stranger Stuart Hall,2017-03-30 Sometimes I feel myself to have been the last colonial This in his own words is the extraordinary story of the life and career of Stuart Hall how his experiences shaped his intellectual political and theoretical work and how he became one of his age s brightest intellectual lights Growing up in a middle class family in 1930s Kingston Jamaica still then a British colony the young Stuart Hall found himself uncomfortable in his own home He lived among Kingston s stiflingly respectable brown middle class who in their habits and ambitions measured themselves against the white elite As colonial rule was challenged things began to change in Kingston and across the world In 1951 a Rhodes scholarship took Hall across the Atlantic to Oxford University where he met young Jamaicans from all walks of life as well as writers and thinkers from across the Caribbean including V S Naipaul and George Lamming While at Oxford he met Raymond Williams Charles Taylor and other leading intellectuals with whom he helped found the intellectual and political movement known as the New Left With the emotional aftershock of colonialism still pulsing through him Hall faced a new struggle that of building a home a life and an identity in a postwar England so rife with racism that it could barely recognize his humanity With great insight compassion and wit Hall tells the story of his early life taking readers on a journey through the sights smells and streets of 1930s Kingston while reflecting on the thorny politics of 1950s and 1960s Britain Full of passion and wisdom *Familiar Stranger* is the intellectual memoir of one of our greatest minds *Strangers at Home*
