*A Guide for Employers,
Employees, and
Policy Makers*

JEFFREY S. HARRIS, M.D., M.B.A.

Strategic Health Management A Guide For Employers Employees And Policymakers

Richard Bailey

Strategic Health Management A Guide For Employers Employees And Policymakers:

Strategic Health Management Jeffrey S. Harris, 1994 As it stands now and in any likely reform scenario employers will continue to bear a major share of this nation's health care costs Yet despite the central role they have played in health care funding employers across the country have had little to say about the organization cost delivery or form of the health care services they are purchasing In this book Harris shows that unless this situation changes employers will continue to be victims of a system whose costs are out of control and wages profitability and competitiveness will continue to suffer as a result In Strategic Health Management Jeffrey S Harris draws on his extensive experience in both business and medicine to provide invaluable guidance to employers and employees that can help them take a more proactive role in health care He details how employers can start strategically managing what it is they are purchasing and how much they pay and offers guidance for helping employees make wise decisions about the use of medical care selecting managed care plans actively managing their own care and instituting preventive care techniques He outlines how employers can negotiate with financing organizations claims payers and providers of care to exert influence over the price volume technical intensity quality and value of care He describes the various segments of the medical industry and reveals how purchasers can better understand the business dynamics of health care pointing out areas where employers and payers can best utilize their bargaining strengths In addition Harris gives health care providers valuable insight and information about the buying and demand patterns of both employers and employees BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved Strategic Health Management Jeffrey S. Harris, 1994-04-01 Maneuvering the Maze of Managed Care Kevin J. Corcoran, Vikki Vandiver, 1996 Looks at the issues facing mental health professionals in regards to managed care health networks *Employee Benefits Journal*, 2002 **Making Sense of Managed Care: Building blocks and fundamentals** Kimball Austin Miller, Elaine King Miller, 1997 *American Journal of Public Health*, 1994 Includes section Books and reports *Benefits Quarterly*, 1995 **Nursing Issues in Leading and Managing Change** Jeanette Lancaster, 1999 NURSING ISSUES IN LEADING AND MANAGING CHANGE provides current cutting edge information to guide nurses who are responsible for managing change in our health care system The text covers the changes in the systems of health care role theory decision process social and cultural settings ethical and legal issues credentialing management skills managed care and nursing informatics The book is organized in three parts change theory the environment of change and effecting change in the health care system Each chapter provides consistent features including objectives and key points to emphasize important information the student needs to know Key terms boxes are integrated throughout the chapters to highlight important vocabulary terms used in today's health care environment Chapters conclude with critical thinking questions to enhance learning and to reinforce critical thinking skills Discusses critical issues that affect nurses today and assists them in preparing for future practice Provides substantive core content based on business practices to help the nurse

more effectively deal with issues related to their practice Includes an introduction in every chapter to pique students interest and set the context of material to follow Offers objectives to provide the student a clear understanding of the outcomes expected after reading each chapter Integrates key points at the end of the chapter to emphasize important information the student will need to know Includes critical thinking questions at the end of each chapter to help students assess their own strengths areas of improvement values attitudes and goals Features key term boxes throughout each chapter to highlight important vocabulary terms used in today s health care environment Presents a three part organization the theoretical foundations for change the environment in which changes occurs and effecting change in the health care system to help organize the material in a logical fashion for student comprehension Provides a consistent format in each chapter to make the material more user friendly for the student *Subject Guide to Books in Print* ,1996 *Forthcoming Books* Rose Arny,1996-06 **Justice & Nature** John Martin Gillroy,2000 Gillroy environmental policy and law Bucknell U argues against the economic cost benefit model prevalent in environmental policy making and offers an alternative His paradigm based upon Kantian philosophy incorporates non market factors including the intrinsic value of humanity and nature into public decision making This approach is then applied to wilderness preservation national wildlife refuges NIMBY siting dilemmas comparative risk analysis the Food and Drug Administration s risk regulation and the National Environmental Policy Act Annotation copyrighted by Book News Inc Portland OR **Books in Print Supplement** ,2002

Medical and Health Care Books and Serials in Print ,1997 *Encyclopedia of Social Work* Richard L. Edwards (Vice President for Academic Affairs),1997 *US Healthcare Sector - Organization, Management and Payment Systems Handbook Volume 1 Strategic Information, Developments, Reforms* IBP, Inc.,2015-09-30 United States Healthcare Sector Organization Management and Payment Systems Handbook Strategic Information Programs and Regulations

Respiratory Care ,1997 **Hospital Literature Index** ,1994 **Implementation guide for vaccination of health workers** World Health Organization,2022-06-30 This implementation guidance summarizes the latest recommendations and programmatic considerations for the vaccination of health workers It is useful for countries that do not yet have policies and programmes in place as well as for those seeking to expand or improve their existing health worker vaccination activities This guide outlines key considerations for developing a policy framework for health worker vaccination the importance of integrating health worker vaccination into existing national OHS policies and programmes as well as into the management practices of health facilities and how health worker vaccination strategies and practices can be implemented communicated delivered and monitored It is intended for policy decision makers in Ministries of Health MOHs and ministries of employment and labour immunization managers and managers of health facilities professional associations of various groups of health workers and organizations of workers and employers in the health sector **The Healthcare Quality Book: Vision, Strategy, and Tools, Fourth Edition** David B. Nash,Maulik S. Joshi,Elizabeth R. Ransom,Scott B. Ransom,2019-04-03
