Hearings, Reports and Prints of the House Committee on Education and Labor United States. Congress. House. Committee on Education and Labor,1969 **The Epic Film** Derek Elley,2013-12-04 As Charlton Heston put it There s a temptingly simple definition of the epic film it s the easiest kind of picture to make badly This book goes beyond that definition to show how the film epic has taken up one of the most ancient art forms and propelled it into the modern world covered in twentieth century ambitions anxieties hopes and fantasies This survey of historical epic films dealing with periods up to the end of the Dark Ages looks at epic form and discusses the films by historical period showing how the cinema reworks history for the changing needs of its audience much as the ancient mythographers did The form s main aim has always been to entertain and Derek Elley reminds us of the glee with which many epic films have worn their label and of the sheer fun of the genre He shows the many levels on which these films can work from the most popular to the specialist each providing a considerable source of enjoyment For instance spectacle the genre s most characteristic trademark is merely the cinema s own transformation of the literary epic s taste for the grandiose Dramatically it can serve many purposes as a resolution of personal tensions the chariot race in Ben Hur of monotheism vs idolatry Solomon and Sheba or of the triumph of a religious code The Ten Commandments Although to many people Epic equals Hollywood throughout the book Elley stresses debt to the Italian epics which often explored areas of history with which Hollywood could never have found sympathy Originally published 1984 **Film and Risk** Mette Hjort,2012-03-15 Scholars of film studies will appreciate this daring and inventive collection and readers with a general interest in film studies will enjoy its accessible style
