This title is also available as Open Access [The New Histories of International Criminal Law](#) Immi Tallgren, Thomas

Skouteris, 2019-03-21 The language of international criminal law has considerable traction in global politics and much of its legitimacy is embedded in apparently axiomatic historical truths This innovative edited collection brings together some of the world's leading international lawyers with a very clear mandate in mind to re-evaluate the dominant historiographical tradition in the field of international criminal law Carefully curated and with contributions by leading scholars The New Histories of International Criminal Law pursues three research objectives to bring to the fore the structure and function of contemporary histories of international criminal law to take issue with the consequences of these histories and to call for their demystification The essays discern several registers on which the received historiographical tradition must be retried tropology inclusions exclusions gender race representations of the victim and the perpetrator history and memory ideology

and master narratives international criminal law and hegemonic theories and more This book intervenes critically in the fields of international criminal law and international legal history by bringing in new voices and fresh approaches Taken as a whole it provides a rich account of the dilemmas conundrums and possibilities entailed in writing histories of international criminal law beyond against or in the shadow of the master narrative

International Water Law and the Human Right to Water Imad Antoine Ibrahim, 2024-11-19 This book examines the development of international law applicable to Transboundary Aquifers TBAs considering the Human Right to Water and Sanitation HRWS The purpose is to determine how International Water Law IWL and the HRWS can be harmonized in the context of TBAs This is important given rules and instruments adopted to address this topic are relatively nascent and the field itself is still in the process of developing regulatory frameworks Taking the application of the HRWS to shared aquifers as a case study the work discusses whether IWL and International Human Rights Law complement each other The response to this question requires an analysis of the development of International Groundwater Law and its challenges the evolution of the HRWS the nature of transboundary groundwaters and the interplay between these two fields The author argues that IWL agreements should contain a provision related to the HRWS to ensure the protection of this right with a stipulation included in the nonbinding instrument that tackles shared groundwaters the Draft Articles on the Law of Transboundary Aquifers adopted in 2008 through the United Nations General Assembly Resolution The book will be of interest to international lawyers water and human right experts geologists and anyone interested in water and human rights issues

Perspectives on Libraries as Institutions of Human Rights and Social Justice Paul T. Jaeger, Ursula Gorham, Natalie Greene Taylor, 2016-03-07 Edited by Ursula Gorham Natalie Greene Taylor and Paul T Jaeger *Perspectives on Libraries as Institutions of Human Rights and Social Justice* is an edited volume from the *Advances in Librarianship* book series devoted to the ideals activities and programs in libraries that protect human rights and promote social justice

The Human Rights Enterprise William T. Armaline, Davita S. Glasberg, Bandana Purkayastha, 2015-02-03 Why do powerful states like the U S U K China and Russia repeatedly fail to meet their international legal obligations as defined by human rights instruments How does global capitalism affect states ability to implement human rights particularly in the context of global recession state austerity perpetual war and environmental crisis How are political and civil rights undermined as part of moves to impose security and surveillance regimes This book presents a framework for understanding human rights as a terrain of struggle over power between states private interests and organized bottom up social movements The authors develop a critical sociology of human rights focusing on the concept of the human rights enterprise the process through which rights are defined and realized While states are designated arbiters of human rights according to human rights instruments they do not exist in a vacuum Political sociology helps us to understand how global neoliberalism and powerful non governmental actors particularly economic actors such as corporations and financial institutions deeply affect states ability and likelihood to enforce human rights standards This book

offers keen insights for understanding rights claims and the institutionalization of access to and restrictions on human rights
It will be invaluable to human rights advocates and undergraduate and graduate students across the social sciences
