Taking America Back :

The Patriot's Guide to Taking America Back Charles Kraut, 2011 Every American over the age of fifteen needs to read this book the Constitution of the United States is the most important political document in the history of the human race it enshrines natural rights instead of the terribly destructive human rights which are being forced upon us Very few Americans Understand The Constitution which is why our government has been able to trample and discard it with little or no protest The Patriot s Guide to Taking America Back explains in simple clear language exactly how far we have moved from the Constitution and why America faces so many problems today most of which have been caused by our government The Patriot s Guide offers a plan by which Americans may take America back To The Constitution and regain the sacred freedoms we seem to be willing to throw away If you think something is terribly wrong in America today you re right The Patriot s Guide will help you Understand The problem And The solution *Taking America Back* David Austin Walsh, 2024-01-01 A provocative look at the relationship between the far right and the American conservative movement from the 1930s to the end of the Cold War Since 2016 many commentators have expressed shock at the so called rise of the far right in America at the expense of responsible and respectable conservatism But is the far right an aberration in conservative politics As David Austin Walsh shows the mainstream conservative movement and the far right have been intertwined for nearly a century and both were born out of a right wing popular front linking racists anti Semites and fascists in a broad coalition opposed to socialism communism and New Deal liberalism Far from being outliers in the broader conservative coalition these extremist elements were foundational in the creation of a right wing political culture centered around shared political enemies a penchant for conspiracy theories and a desire to restore America to its authentic pre New Deal values The popular front included Merwin Hart a New York business lobbyist active in far right circles who became a lobbyist for the Franco regime in Spain the original America First movement the movement to prevent Jewish immigration to the United States after World War II the John Birch Society the American Nazi Party the George Wallace presidential campaign of 1968 the fight over the National Endowment for the Humanities and Pat Buchanan s support of Nazi war criminal John Demjanjuk during the Reagan Administration And connecting this disparate coalition was William F Buckley Jr the editor of National Review and America s leading responsible conservative *Taking America Back for God* Andrew L. Whitehead, Samuel L. Perry, 2020 The President of the United States brags about sexually assaulting women cheats on his wife with Playboy models and porn stars and claims he s never asked for God s forgiveness Yet majorities of both white evangelical and mainline Protestants continue to support him Why do Americans in these religious groups embrace a politician who seems to violate their basic standards of morality A megachurch pastor declares on Fox News that he and tens of millions of Americans think that professional football players kneeling for the national anthem should be thanking God that they live in a country where they re free from the worry of being shot in the head for taking a knee like they would be if they were in North Korea Why do some Americans conflate God

and country And why do many of these same Americans seem so unsympathetic to the plight of their fellow citizens who are racial or religious minorities The answer Andrew Whitehead and Samuel Perry argue is a strain of thought that they call Christian nationalism the belief that the United States is and should be a Christian nation Christian ideals and symbols have long played an important role in American public life but Christian nationalism demands far more than a recognition of our religious heritage At its heart Whitehead and Perry argue Christian nationalism is about a fight to preserve a particular kind of social order one in which everyone Christians and non Christians native born and immigrants whites and minorities men and women recognizes their proper place in society And it is a significant driver of political behavior In fact knowing someone s stance on Christian nationalism tells us more about his or her political beliefs than race religion or political party Drawing on national survey data and interviews with Americans across the political spectrum Taking America Back for God illustrates the tremendous influence of Christian nationalism on debates about the most contentious issues dominating American public life We the People, Taking America Back Polly Nicolay,2008-02 Simple step by step solutions show the path to returning America to the land of Freedom of Religion According to the Holy Bible Social Issues *The Religion of American Greatness* Paul D. Miller,2022-07-05 What is Christian nationalism and how is it different from patriotism Political theorist veteran and former White House staffer Paul D Miller provides a detailed portrait of and case against Christian nationalism calling for Christians to seek a healthier political witness that respects our constitutional ideals and a biblical vision of justice Taking America Back David Austin Walsh,2024-04-16 A provocative look at the relationship between the far right and the American conservative movement from the 1930s to the end of the Cold War Since 2016 many commentators have expressed shock at the so called rise of the far right in America at the expense of responsible and respectable conservatism But is the far right an aberration in conservative politics As David Austin Walsh shows the mainstream conservative movement and the far right have been intertwined for nearly a century and both were born out of a right wing popular front linking racists anti Semites and fascists in a broad coalition opposed to socialism communism and New Deal liberalism Far from being outliers in the broader conservative coalition these extremist elements were foundational in the creation of a right wing political culture centered around shared political enemies a penchant for conspiracy theories and a desire to restore America to its authentic pre New Deal values The popular front included Merwin Hart a New York business lobbyist active in far right circles who became a lobbyist for the Franco regime in Spain the original America First movement the movement to prevent Jewish immigration to the United States after World War II the John Birch Society the American Nazi Party the George Wallace presidential campaign of 1968 the fight over the National Endowment for the Humanities and Pat Buchanan s support of Nazi war criminal John Demjanjuk during the Reagan Administration And connecting this disparate coalition was William F Buckley Jr the editor of National Review and America s leading responsible conservative rdquo **Kierkegaard and the New Nationalism** Thomas J. Millay,2021-12-07 A 2023 Choice Reviews

Outstanding Academic Title Nationalism is a globally resurgent phenomenon From Britain to India to the United States of America we find nations vociferously reasserting their own sovereignty ethnic composition and intrinsic superiority Thomas J Millay demonstrates how Kierkegaard s ascetic voice speaks directly to our present crisis Kierkegaard and the New Nationalism A Contemporary Reinterpretation of the Attack upon Christendom analyzes the late writings of Kierkegaard in light of this new relevance for Kierkegaard s attack upon Christendom is also an attack upon nationalism For Kierkegaard taking on nationalism is not simply a matter of undermining false identity constructions Attacking nationalism is a matter of renunciation it requires ascetic discipline such that the selfish motives at the core of one s identity construction are uprooted and replaced by a self giving love marked by the willingness to suffer On Christian Nationalism David M. Gides,Joan Braune,2025-11-26 Since the January 6 2021 coup attempt at the U S Capitol Christian nationalism has widely been called the greatest threat to democracy in the United States Yet academics and activists present many conflicting definitions and solutions On Christian Nationalism Critical and Theological Perspectives features an array of scholarly essays on Christian nationalism offering innovative exploration of topics including definitions and historical context current trends in the United States including intersections with racism sexism antisemitism and Islamophobia comparative phenomena abroad and practical ways to address the problem theologically or politically An important book at a time of rising Christian far right mobilization and urgent need for a deeper theoretical analysis On Christian Nationalism pushes the conversation further and explores new vantage points The book will be of interest to those seeking a fuller richer and more complex understanding of Christian nationalism scholars of religious and political movements activists pastors journalists and others with a concerned focus in the area *My America* Dennis Luksza,2011-11-10 The main points of this book are solving Americas most pressing problems and the citizens taking America back from the politicians their lobbyist and the wealthiest Americans The book will offer simple permanent and workable solutions to America s unemployment crises health care issues social security dilemma our dependence on foreign oil pollution our national debt and more The book will give the American citizen a game plan in taking America back from our current breed of politicians The book will take a brief look at what America could and should look like if the bills he proposes would somehow become law **America for Sale** Jerome R. Corsi,2009-10-13 A RESOUNDING CALL TO DEFEND AMERICA S SOVEREIGNTY AND SAVE OUR NATION FROM GLOBAL ECONOMIC TAKEOVER FROM THE 1 NEW YORK TIMES BESTSELLING AUTHOR OF THE OBAMA NATION AND THE LATE GREAT USA Between President George W Bush s new world order and the unprecedented governmental growth and massive redistribution of wealth under President Barack Obama the United States risks losing the greatest middle class ever created in the history of the world In his groundbreaking new book Dr Jerome R Corsi blows the whistle on a movement to undercut the fundamental principles of limited government that our Founding Fathers fought for and died for trying to establish As policy makers manipulate the economic panic of our times to advance a globalist agenda that threatens American sovereignty

we must protect our independent and self governing nation and preserve the decades of economic power and military strength we have enjoyed since the end of World War II In America for Sale Corsi explains the globalists plan to put America on the chopping block While the radical Left promotes socialism and the radical Right champions unbridled free trade valuable jobs are being outsourced our national borders erased and our dollar destroyed before our very eyes Foreign investors are buying up U S assets from financial services firms to public infrastructure such as highways We are on our way to a European Union type North American common market and a one world government With constructive solutions for resisting the global New Deal reversing our dependence on foreign oil and strengthening our middle class Corsi shares important and practical strategies to help American families survive an imminent economic depression The United States can be a major player in the world economy without sacrificing our sovereignty the strength of our national domestic economy or the dollar America is for sale unless taxpayers stand up and say NO to the globalist political agenda that threatens our great nation s freedom
