Taking It To Heart:

Taking Heart Rowena Summers, 2023-01-23 Can sisterhood pull them through the darkest days Imogen Caldwell and her sisters Daisy and Elsie are fighting to save their childhood home and stay in Bristol After times became hard their father sold the family business now all they have left is each other When tragedy tears the Caldwell girls apart they begin to forge their own futures But the Second World War looms and their lives will change more dramatically than they could have ever imagined Through love and heartbreak fear and loss can they make it through the war unscathed This inspiring wartime coming of age story is perfect for fans of Rosie Clarke Michelle Rawlins and Elaine Everest

Taking Heart Fiona Gardner, 2021-01-29 The meaning and mystery of life is ultimately found in personal relationship sometimes with another and for those who search sometimes with God In Taking Heart the experiences of four people who are spiritually searching and looking for a direct experience of God are explored and their different journeys through self doubt to self acceptance and to the heart of faith are discussed These four people are neither especially religious nor spiritual and nor are they famous They are ordinary people on an extraordinary search for meaning As with all journeys there is discovery but also an uncovering and a recovering All heart journeys are an exodus that takes us out of captivity and are also the passion story which is at the heart of the mystery of faith a journey through the very worst and towards the very best And throughout the spiritual journey God is shaping and forming our inner life in the unknown depths of our heart

Take Heart Matt Chandler, 2018-03-20 How to look around positively and reach out confidently in an increasingly post Christian culture Christendom is dead But maybe that s a good thing The Christian culture that has underpinned Western society for centuries has been eroded We re now at the point where to disagree with people on issues such as marriage and sexuality is seen as hateful Christians are no longer seen as honourable but as bigots But history testifies that the more people try to destroy Christianity the more it grows So we are entering an exciting period of time because we re back in the place where Christ s church can thrive at the margins of society In this stirring passionate book Matt Chandler shows us we need Christian courage like never before and how to live with compassion and conviction able to look around positively and reach out confidently It encourages us not to be thwarted by fear but to depend on God and have confidence that Christ will build his church despite continual marginalization A must read for any Christian who wants to understand how to stand firm and walk forwards in an increasingly secular culture
