Exemplary Tales of Love and Tales of Disillusion María de Zayas y Sotomayor, 2010-07-15 At the height of Mar a de Zayas s popularity in the mid eighteenth century the number of editions in print of her work was exceeded only by the novels of Cervantes But by the end of the nineteenth century Zayas had been excluded from the Spanish literary canon because of her gender and the sociopolitical changes that swept Spain and Europe Exemplary Tales of Love and Tales of Disillusion gathers a representative sample of seven stories which features Zayas s signature topics gender equality and domestic violence written in an impassioned tone overlaid with conservative Counter Reformation ideology This edition updates the scholarship since the most recent English translations with a new introduction to Zayas s entire body of stories and restores Zayas s author s note and prologue omitted from previous English language editions Tracing her slow but steady progress from notions of ideal love to love s treachery Exemplary Tales of Love and Tales of Disillusion will restore Zayas to her rightful place in modern letters

Love, Power, and Gender in Seventeenth-Century French Fairy Tales Bronwyn Reddan, 2020-12 Love is a key ingredient in the stereotypical fairy tale ending in which everyone lives happily ever after This romantic formula continues to influence contemporary ideas about love and marriage but it ignores the history of love as an emotion that shapes and is shaped by hierarchies of power including gender class education and social status This interdisciplinary study questions the idealization of love as the ultimate happy ending by showing how the conteuses the women writers who dominated the first French fairy tale vogue in the 1690s used the fairy tale genre to critique the power dynamics of courtship and marriage Their tales do not sit comfortably in the fairy tale canon as they explore the good the bad and the ugly effects of love and marriage on the lives of their heroines Bronwyn Reddan argues that the conteuses scripts for love emphasize the importance of gender in determining the right way to love in seventeenth century France Their version of fairy tale love is historical and contingent rather than universal and timeless This conversation about love compels revision of the happily ever after narrative and offers incisive commentary on the gendered scripts for the performance of love in courtship and marriage in seventeenth century France

The Seduction Narrative in Britain, 1747-1800 Katherine Binhammer, 2009-09-24 Eighteenth century literature displays a fascination with the seduction of a virtuous young heroine most famously illustrated by Samuel Richardson s Clarissa and repeated in 1790s radical women s novels in the many memoirs by fictional or real penitent prostitutes and in street print Across fiction ballads essays and miscellanies stories were told of women s mistaken belief in their lovers vows In this book Katherine Binhammer surveys seduction narratives from the late eighteenth century within the context of the new ideal of marriage for love and shows how these tales tell varying stories of women s emotional and sexual lives Drawing on new historicism feminism and narrative theory Binhammer argues that the seduction narrative allowed

writers to explore different fates for the heroine than the domesticity that became the dominant form in later literature This study will appeal to scholars of eighteenth century literature social and cultural history and women s and gender studies

Anxious Power Carol J. Singley, Susan Elizabeth Sweeney, 1993-07-01 This book explains the conflicting feelings of anxiety and empowerment that women historically excluded from masculine discourse feel when they read and write and it analyzes narrative strategies that reveal this ambivalence Anxious Power draws upon feminist literary theory narrative theory and reader response criticism to define women s ambivalence toward language It is the first collection to address issues of ambivalence in narrative by women to trace those issues from the medieval period to the present and to outline a theoretical framework for understanding them The contributors address a broad spectrum of female literary voices ranging from familiar British and American writers Jane Austen Charlotte Bronte and Willa Cather and those less well known Jane Barker Caroline Lee Hensieck Susan Warner Sarah Grand and Fanny Howe to European Canadian African American South and Latin American and Asian American writers Christine de Pizan Marie Catherine d Aulnoy Margaret Atwood Harriet Jacobs Toni Morrison Clarice Lispector Sandra Cisneros and Maxine Hong Kingston Anxious Power considers forms of women s narrative ranging from fairy tales through romances novels and autobiographies to feminist metafiction
