Tales Of Belkin And Other Prose Writings:

Tales of Belkin and Other Prose Writings Alexander Pushkin, 1998-01-29 Alexander Pushkin was Russia's first true literary genius. Best known for his poetry, he also wrote sparkling prose that revealed his national culture with elegance and understated humour. Here his gift for portraying the Russian people is fully revealed. The Tales of Belkin, his first prose masterpiece, presents a series of interlinked stories narrated by a good-hearted Russian squire. Among them 'The Shot' in which a duel is revisited after many years and the grotesque 'The Undertaker Elsewhere'. Works such as the novel fragment 'Roslavlev and the Egyptian Nights', the tale of an Italian balladeer seeking an audience in St Petersburg, demonstrate the wide range of Pushkin's fiction. 'A Journey to Arzum', the final piece in this collection, offers an autobiographical account of Pushkin's own experiences in the 1829 war between Russia and Turkey and remains one of the greatest of all pieces of journalistic adventure writing.

Strangers in a Strange Land Paul Manning, 2019-08-28 Manning examines the formation of nineteenth-century intelligentsia print publics in the former Soviet republic of Georgia, both anthropologically and historically. At once somehow part of Europe, at least aspirationally, and yet rarely recognized by others as such, Georgia attempted to forge European-style publics as a strong claim to European identity. These attempts also produced a crisis of self-definition as European Georgia sent newspaper correspondents into newly reconquered Oriental Georgia only to discover that the people of these lands were strangers. In this encounter, the community of strangers of European Georgian publics proved unable to assimilate the people of the strange land of Oriental Georgia. This crisis produced both notions of Georgian public life and European identity, which this book explores. **Culture**

and Explosion Juri Lotman, 2009-09-04 Culture and Explosion, now appearing in English for the very first time, is the final book written by the legendary semiotician Juri Lotman. Originally published in Russian in 1992, a year before Lotman's death, the volume puts forth a fundamental theory of the semiotics of culture. Proceeding from a model of communication, Lotman extends the work of the renowned Tartu-Moscow school that he founded, showing not only how culture can be observed and described but also how it can be governed and guided. In fact, as Lotman demonstrates with copious examples, the modelling

system of culture has an immeasurably strong influence on the way that humans experience reality As usual Lotman's erudition is brought to bear on the theory of culture and the book comprises a host of well chosen illustrations from history literature art and right across the humanities The book is of interest to students and researchers in semiotics cultural literary studies and Russian studies as well as anyone with an interest in understanding contemporary intellectual life *Volpone's Bastards* Isaac Hui, 2018-01-09 Through studying Volpone's three bastard children this book discusses how Jonson's comedies are built upon the tension between death castration and nothingness on one hand and the comic slippage of identities in the city on the other
