Tales Of Mozambique:

Trickster Tales, 1996 Stories from cultures including ancient Babylonia China India Eastern Europe Morocco **A Night in Tunisia** Norman C. Weinstein, 1994 Limelight his economical writing style manages to pack lots of information and opinion into a few carefully chosen words Besides detail work well grounded in scholarship the author isn't afraid to interpolate such generalizations and speculations as he sees fit he may be the Stephen Hawking of jazz criticism Bob Tarte The Beat **African Folktales** Paul Radin, 2015-03-08 A representative collection of eighty one myths and folktales chosen from the oral tradition of the peoples of Africa south of the Sahara Originally published in 1964 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Ngunga's Adventures Pepetela, 1980 *Perspectives on Africa* Roy Richard Grinker, Stephen C. Lubkemann, Christopher B. Steiner, 2010-05-17 The second edition of *Perspectives on Africa* A Reader in Culture History and Representation is both an introduction to the cultures of Africa and a history of the interpretations of those cultures Key essays explore the major issues and debates through a combination of classic articles and the newest research in the field Explores the dynamic processes by and through which scholars have described and understood African history and culture Includes selections from anthropologists historians philosophers and critics who collectively reveal the interpenetration of ideas and concepts within and across disciplines regions and historical periods Offers a combined focus on ethnography and theory giving students the means to link theory with data and perspective with practice Newly revised and updated edition of this popular text with 14 brand new chapters and two new sections Conflict and Violent Transformations and Development Governance and Globalization Southern Africa, 1981 **Southern African Folktales** J.K. Jackson, 2024-07-30 From the rift valley come stories of gods tricksters cattle and ogres from the many peoples of East Africa Traditional stories bring a deeper understanding of the movement of peoples across East Africa Common roots and differences between ancient peoples create a lively portrait with their fragile powerful gods The modern nations of Kenya Tanzania Uganda Rwanda and more inherit the folk and mythic tales of the rift valley region Here you'll find stories of ogres and tricksters riddles and poems figures such as the first man Gikuyu and woman Mumbi and great heroes of history such as Liongo This new collection is created for the modern reader FLAME TREE 451 From myth to mystery the supernatural to horror fantasy and science fiction Flame Tree 451 offers a healthy diet of werewolves and mechanical men blood lusty vampires dastardly villains mad scientists secret worlds lost civilizations and escapist fantasies Discover a storehouse of tales gathered specifically for the reader of the fantastic Folktales of Newfoundland (RLE Folklore) Herbert Halpert, J.D.A. Widdowson, 2015-02-20 This

collection of Newfoundland folk narratives first published in 1996 grew out of extensive fieldwork in folk culture in the province. The intention was to collect as broad a spectrum of traditional material as possible and *Folktales of Newfoundland* is notable not only for the number and quality of its narratives but also for the format in which they are presented. A special transcription system conveys to the reader the accents and rhythms of each performance and the endnote to each tale features an analysis of the narrator's language. In addition, Newfoundland has preserved many aspects of English and Irish folk tradition, some of which are no longer active in the countries of their origin. Working from the premise that traditions virtually unknown in England might still survive in active form in Newfoundland, the researchers set out to discover if this was in fact the case.

Deadly Developments Stephen and Downs Reyna, 2005-08-04 Ten anthropologists trace the machinations of war and the effects of violence in capitalist states from their formation to the present. This collection, the newest volume in the War and Society series, questions the foundations of classical social theory while investigating local and international conflict through the critical and cross-cultural lens of social theory, history, and anthropology. The essays combine to challenge the notion developed by social theorists such as Comte, Spencer, Durkheim, and Engels that war will diminish with the formation and the perpetuation of a capitalist economy and industry. The development of capitalist states and the nefarious and violent processes which must occur to reproduce capitalism are rarely realized and then infrequently analyzed. Many western and ethnocentric scholarly representations of war succeed in hiding the deadly developments that occur as a result of capitalist state formation and relations.

Women and Politics around the World Joyce Gelb, Marian Lief Palley, 2009-03-30 A unique two-volume examination of the progress women have made in achieving political equality. *Women and Politics around the World* addresses both transnational and gender-related issues as well as specific conditions in more than 20 countries. *Women and Politics around the World: A Comparative History and Survey* is an exploration of the role of women in political systems worldwide as well as an examination of how government actions in various countries have an impact on the lives of the female population. *Women and Politics around the World* divides its coverage into two volumes. The first looks at such crucial issues facing women today as health policy, civil rights, and education, comparing conditions around the world. The second volume profiles 22 different countries, representing a broad range of governments, economies, and cultures. Each profile looks at the history and current state of women's political and economic participation in a particular country and includes an in-depth look at a representative policy. The result is a resource unlike any other one that gives students, researchers, and other interested readers a fresh new way of investigating a truly global issue.
