

Talk Back The Gay Persons Guide To Media Action

Corey K. Creekmur, Alexander Doty

Talk Back The Gay Persons Guide To Media Action:

Gay People, Sex, and the Media Michelle Wolf, Alfred Kielwasser, 2014-06-11 Here is a provocative book that examines precisely how and why mass communication has an impact upon the sexual realities of our lives Written in response to a demand for information that cuts across many of the boundaries found in more traditional books on sexuality and mass communication **Gay People Sex and the Media** covers a broad range of sexual identity socialization and mass communication issues and represents a variety of theoretical and methodological orientations Although the chapters are diverse they all focus on how the mass media television radio films newspapers magazines and recorded music contribute significantly to the very definitions we form of ourselves and of each other In part this informative volume discusses and analyzes several concerns regarding minority perspectives in the context of the the study of mass media content and effects analyzes mediated information about AIDS and highlights the responsibility of the mass media to disseminate more accurate information addresses the relationships between mass media content primarily television and sexual socialization explores issues confronted by individuals whose sexual orientations are generally perceived as falling out of the mainstream and provides a selective bibliography of print aural and visual resources on gay men lesbians and the mass media Unique in contrast to other books of research on human sexuality and mass communication **Gay People Sex and the Media** gives more than a passing reference to issues concerning sexual identity and gay and lesbian concerns Scholars and students of human sexuality especially those who wish to explore their field from a communications perspective will find this to be a valuable book It is also useful to communications researchers and teachers particularly those studying mediated communications in society media ethics and sex and the media Finally for professionals involved in creating or monitoring media content or forging public policy and community action programs in response to these issues this volume serves as an essential sourcebook

Talk Back! Lesbian and Gay Media Advocates, 1982 **Reader's Guide to Lesbian and Gay Studies** Timothy Murphy, 2013-10-18 The Reader's Guide to Lesbian and Gay Studies surveys the field in some 470 entries on individuals Adrienne Rich arts and cultural studies Dance ethics religion and philosophical issues Monastic Traditions historical figures periods and ideas Germany between the World Wars language literature and communication British Drama law and politics Child Custody medicine and biological sciences Health and Illness and psychology social sciences and education Kinsey Report The View from Somewhere Lewis Raven Wallace, 2023-04-12 MeToo BlackLivesMatter NeverAgain WontBeErased Though both the right and left wing media claim objectivity in their reporting of these and other contentious issues the American public has become increasingly cynical about truth fact and reality In The View From Somewhere Lewis Raven Wallace dives deep into the history of objectivity in journalism and how it's been used to gatekeep and silence marginalized writers as far back as Ida B Wells At its core this is a book about fierce journalists who have pursued truth and transparency and sometimes been punished for it not just by tyrannical governments but by journalistic

institutions themselves He highlights the stories of journalists who question objectivity with sensitivity and passion Desmond Cole of the Toronto Star New York Times reporter Linda Greenhouse Pulitzer Prize winner Rachel Kadzi Ghansah Peabody winning podcaster John Biewen Guardian correspondent Gary Younge former Buzzfeed reporter Meredith Talusan and many others Wallace also shares his own experiences as a midwestern transgender journalist and activist who was fired from his job as a national reporter for public radio for speaking out against objectivity in coverage of Trump and white supremacy With insightful steps through history Wallace stresses that journalists have never been mere passive observers the choices they make reflect worldviews tinted by race class gender and geography He upholds the centrality of facts and the necessary discipline of verification but argues against the long held standard of objective media coverage that asks journalists to claim they are without bias Publisher's website

Routledge Revivals: Homosexuality: A Research Guide (1987) Wayne R. Dynes, 2017-02-17 First published in 1987 this book encompasses a broad range interdisciplinary research into homosexuality displaying a full spectrum of points of view and given that the major traditions of modern homosexual research began in Europe is not restricted to works in English In general topics that are densely covered in the literature are presented in this guide selectively with some less studied topics such as Economics and Music fleshed out with signposts to more comprehensive research It seeks to not only mirror existing publications but also to stimulate new work by pinpointing neglected themes and methods This book will be of interest to students of sociology

Rethinking the Gay and Lesbian Movement Marc Stein, 2012-06-14 Rethinking the Gay and Lesbian Movement provides a new narrative history of U S gay and lesbian activism drawing on primary research in the field and the best scholarship on the history of the gay and lesbian movement Focusing on four decades of social cultural and political change in the second half of the twentieth century Stein examines the changing agendas beliefs strategies and vocabularies of a movement that encompassed diverse actions campaigns ideologies and organizations From the homophile activism of the 1950s and 1960s through the rise of gay liberation and lesbian feminism in the 1970s to the multicultural and AIDS activist movements of the 1980s Rethinking the Gay and Lesbian Movement provides a strong foundation for understanding gay lesbian bisexual transgender and queer politics today Rethinking the Gay and Lesbian Movement provides a short accessible overview of an important and transformational struggle for social change highlighting key individuals and events influential groups and networks strong alliances and coalitions difficult challenges and obstacles major successes and failures and the movement's lasting effects on the country This volume will be valued by everyone interested in gay and lesbian history the history of social movements and the history of the United States

Up from Invisibility Larry Gross, 2001-12-26 A half century ago gay men and lesbians were all but invisible in the media and in turn popular culture With the lesbian and gay liberation movement came a profoundly new sense of homosexual community and empowerment and the emergence of gay people onto the media's stage And yet even as the mass media have been shifting the terms of our public conversation toward a greater acknowledgment of

diversity does the emerging visibility of gay men and women do justice to the complexity and variety of their experience Or is gay identity manipulated and contrived by media that are unwilling and perhaps unable to fully comprehend and honor it While positive representations of gays and lesbians are a cautious step in the right direction media expert Larry Gross argues that the entertainment and news media betray a lingering inability to break free from proscribed limitations in order to embrace the complex reality of gay identity While noting major advances like the opening of the Oscar Wilde Memorial Bookstore the first gay bookstore in the country or the rise of The Advocate from small newsletter to influential national paper Gross takes the measure of somewhat more ambiguous milestones like the first lesbian kiss on television or the first gay character in a newspaper comic strip

Historical Dictionary of the Lesbian and Gay Liberation Movements

JoAnne Myers,2013-09-19 Not so long ago hardly anything was said of the Lesbian Liberation Movement and the Gay Liberation Movement indeed the terms gay and lesbian were not even used if some other expression could be found Today by contrast hardly a day passes when something important does not occur and is carried by the major media and disseminated on more personal levels through blogs and the social media If anything there is perhaps too much news and not enough information Obviously a book like this cannot keep up with the news but it can do something equally important when it comes to information by reminding us of the past and what has been going and just how fast events are moving The Historical Dictionary of the Lesbian and Gay Liberation Movements covers the history of this movement through a cross referenced dictionary with over 1000 entries on specific countries and regions influential historical figures laws that criminalized same sex sexuality various historical terms that have been used to refer to aspects of same sex love and contemporary events and legal decisions Including a comprehensive chronology and bibliography this book is an excellent access point for students researchers and anyone interested in learning more about the struggle for equality

Out in Culture Corey K.

Creekmur,Alexander Doty,1995 Out in Culture charts some of the ways in which lesbians gays and queers have understood and negotiated the pleasures and affirmations as well as the disappointments of mass culture The essays collected here combining critical and theoretical works from a cross section of academics journalists and artists demonstrate a rich variety of gay and lesbian approaches to film television popular music and fashion This wide ranging anthology is the first to juxtapose pioneering work in gay and lesbian media criticism with recent essays in contemporary queer cultural studies Uniquely accessible Out in Culture presents such popular writers as B Ruby Rich Essex Hemphill and Michael Musto as well as influential critics such as Richard Dyer Chris Straayer and Julia Lesage on topics ranging from the queer careers of Agnes Moorehead and Pee Wee Herman to the cultural politics of gay drag lesbian style the visualization of AIDS and the black snap queen experience Of particular interest are two dossiers the first linking essays on the queer content of Alfred Hitchcock s films and the second on the production and reception of popular music within gay and lesbian communities The volume concludes with an extensive bibliography the most comprehensive currently available of sources in gay lesbian and

queer media criticism Out in Culture explores the distinctive and original ways in which gays lesbians and queers have experienced appropriated and resisted the images and artifacts of popular culture This eclectic anthology will be of interest to a broad audience of general readers and scholars interested in gay and lesbian issues students of film media gender and cultural studies and those interested in the emerging field of queer theory Contributors Sabrina Barton Edith Becker Rhona J Berenstein Nayland Blake Michelle Citron Danae Clark Corey K Creekmur Alexander Doty Richard Dyer Heather Findlay Jan Zita Grover Essex Hemphill John Hepworth Jeffrey Hilbert Lucretia Knapp Bruce La Bruce Al LaValley Julia Lesage Michael Moon Michael Musto B Ruby Rich Marlon Riggs Arlene Stein Chris Straayer Anthony Thomas Mark Thompson Valerie Traub Thomas Waugh Patricia White Robin Wood **Whose Child Cries** Joe Gantz, 1983 Looks at five families headed by gay adults and shares the experiences feelings and opinions of the children growing up with gay parents
