Restless Travellers Antonio José Miralles Pérez, 2011-08-08 The first part of this book deals with Britain's imperial age its militants and its critics The selection of works generates a large field of debate explored using traditional or innovative approaches The 19th century is presented as a time for writers J E Aylmer E Marryat Norris G A Henty Conan Doyle who tell stories of Europeans venturing forth into uncivilised regions of the world where they meet other races But writers of a different outlook are also considered Before the twilight of Empire women were born in England Virginia Woolf and in Ireland Elizabeth Bowen who would use the ductile means of literature to narrate journeys into the female self instead of masculine tales set in distant lands The imperial experience is a subject of concern and reflection with special interest when authored by natives of former colonies such as Michael Ondaatje's Hindu Sirk hero in *The English Patient* and the Nigerian girls in some of Patience Agbabi's poems The idea of travelling into or out of the culture to which one apparently belongs and the contradictory feelings such an experience causes pervades the writer's mind and the ensuing narrative The second part can be regarded as a North American miscellany mostly devoted to the African culture although also dealing with European heritage In order to recognise Asian and South American influences as well authors such as Fred Wah Ariel Dorfman and Julia Alvarez have been included Black literature is represented by two 19th century writers Mary Ann Shadd and Martin R Delany who remind us of the fight against slavery and segregation and the path to equality Various 20th century writers Toni Morrison Ernest Gaines Harryette Mullen August Wilson address the African Americans quest for identity presented by some as a journey southwards away from the place of birth or an unsatisfactory life and in search of self knowledge in the land of their forefathers These journeys provide materials for different genres and tones enabling readers to examine the aspirations and fears of a community whose contribution to the history and literature of America has stimulated continuous study The two parts of the book are connected by the underlying discussion of essential conflicts that have occupied travellers traversing imperial spaces or experiencing foreign lands as well as travellers who instead of exotic adventures or romantic sojourns want to settle in a new country be accepted by a nation their ancestors did not know or exercise rights they were denied on their native soil **Ariadne's Thread** Anne Nénarokoff-Van Burek, 2013-04 *Ariadne's Thread* came from the need to tell stories of the amazing women in my family All of them born in Russia before the 1917 Revolution settled in France

where they had to adapt to a life radically different from what they had known When their world collapsed they could either collapse with it or reinvent themselves These women taught me the art of survival resilience in adversity self reliance frugality Through them my grandmother my aunts my mother I learned lessons which are not taught in school values which have sustained me throughout my life These women s down to earth values have new relevance today in a world preoccupied by appearances and material gain By looking at my family s collective past I see clues for a better future If we want a better world we could do worse than turn to a few old fashioned values and work at putting them into practice The book is a tribute to the precious heritage I received from people who lived and loved fully and for whom everyday life was a celebration I hope they will inspire many *Ariadne's Lives* Nina daVinci Nichols,1995 Indeed relatively little work has been done on the Cretan myth cycle as a whole a mixture of heroic Greek legend and savage pre Greek elements generally considered to be antithetical to evolved literary languages As a result although Ariadne has been extremely important in Western art from the time of ancient Greece through the nineteenth century she is rarely included in studies of Greek myth Popular Culture Values and the Arts Ray B. Women in Medieval Western European Culture Linda E. Mitchell, 2012-11-12. This is the book that teachers of courses on women in the Middle Ages have been wanting to write or see written for years. Essays written by specialists in their respective fields cover a range of topics unmatched in depth and breadth by any other introductory text. Depictions of women in literature and art, women in the medieval urban landscape, the issue of women's relation to definitions of deviance and otherness all receive particular attention. Geographical regions such as the Byzantine Empire and the Islamic Near East are fully incorporated into the text, expanding the horizons of medieval studies. The collection is organized thematically and includes all the tools needed to contextualize women in medieval society and culture.

Entertaining German Culture Stephan Ehrig, Benjamin Schaper, Elizabeth Ward, 2023-08-11. Audiences for contemporary German film and television are becoming increasingly transnational, and depictions of German cultural history are moving beyond the typical post war focus on Germany's problematic past. *Entertaining German Culture* explores this radical shift, building on recent research into transnational culture to argue that a new process of internal and external cultural reabsorption is taking place through areas of mutually assimilating cultural exchange such as streaming services, an increasingly international film market and the import and export of Anglo American media formats.

Playwrights and Plagiarists in Early Modern England Laura J. Rosenthal, 2019-05-15. Passage of the first copyright law in 1710 marked a radical change in the perception of authorship. According to Laura J Rosenthal, the new construction of the author as the owner of literary property bore different consequences for women than for men, for amateurs than for professionals, and for playwrights than for other authors. Rosenthal explores distinctions between legitimate and illegitimate forms of literary appropriation in drama from 1650 to 1730. In considering the alleged plagiarists Margaret Cavendish, the Duchess of Newcastle, Aphra Behn, John Dryden, Colley Cibber and Susanna Centlivre, Rosenthal maintains that accusations had less to do with the degree of repetition in texts than with the gender of the authors and the cultural location of the plays. Questions of literary property then became not just legal matters but part of a discourse aimed at conferring or withholding cultural authority. Struggles over literary property must be seen in the context of competing conceptions of property in general. Rosenthal asserts and she shows how both Filmerian and Lockean models gender the position of the owner. Drawing on feminist theory and from scholarship in history, philosophy and political science, Rosenthal debates the relationship between women and property in modern England. Gender and class she contends continue to influence judgments as to what stories a playwright can own or use, as to whom critics praise as heirs to Shakespeare and Jonson, and as to whom they damn as plagiarists.

The Material Culture of Sex, Procreation, and Marriage in Premodern Europe A. McClanan, K.

Encarnación,2016-09-23 This interdisciplinary anthology takes as its starting point the belief that as the material grounds of lived experience material culture provides an avenue of historical access to women s lives extending beyond the reaches of textual evidence Studies here range from utilitarian tools used in Late Roman abortion to sacred magical or ritual objects associated with sex procreation and marriage in the Renaissance Together the essays demonstrate the complex relationship between language and object and explore the ways in which objects become forms of communication in their own right transmitting both rather specific messages and more generalized social and cultural values
