liver's production of glutathione is exhausted. The scientists have all the answers and their ultimate solution to the hangover problem is don't drink. But that's just crazy talk so maybe they're not so clever after all. There are plenty of hangover cures from Prairie Oysters and Bloody Marys to burnt toast, fried breakfasts and bananas but only a few of them do any good at all and some of them can actually do more harm than good. Banging yourself on the head with a dustbin lid for example or turning up for work. Different things obviously will work better or worse for different people, the trick is knowing what works best for you and Rough As A Badger's Arse gives a fair and unbiased assessment of all of the best hangover cures to guide you through the tough choices the world about the perils of the demon drink, the odd drinking quote or ditty lots of hard facts to help you think your head straight and plenty of soft paper if your problem is mainly at the other end. As good a pick me up as a JCB or a bucketful of Red Bull. Rough As A Badger's Arse will have you ready to face your next session before you can say Mine's a Perrier. So if that randy wild gorilla broke into your room last night while you were unconscious you know the one that scattered your clothes around, wrecked your CD player, stole all your money, messed up your bed, planted a traffic cone on your head, left your front door open and emptied an ash tray into your mouth you really need this book *Hungover*

Shaughnessy Bishop-Stall, 2018-11-20. Bishop Stall insists that hangovers are worthy of a cure. After years of dogged research around the globe he finds one just in time for the holidays. Washington Post. An irreverent well oiled memoir. Bishop Stall packs his book with humorous and enlightening asides about alcohol. The Wall Street Journal. One intrepid reporter's quest to learn everything there is to know about hangovers trying all of the cures he can find and explaining how and if they work. All so rest of us don't have to. We've all been there. One minute you're fast asleep and in the next you're tumbling from dreams of deserts and demons into semi consciousness mouth full of sand head throbbing. You're hungover. Courageous journalist Shaughnessy Bishop Stall has gone to the front lines of humanity's age old fight against hangovers to settle once and for all the best way to get rid of the aftereffects of a night of indulgence short of not drinking in the first place. Hangovers have plagued human beings for about as long as civilization has existed and arguably longer so there has been plenty of time for cures to be concocted. But even in 2018 little is actually known about hangovers and less still about how to cure them. Cutting through the rumor and the myth Hungover explores everything from polar bear swims to saline IV drips to the age old hair of the dog to let us all know which ones actually work. And along the way Bishop Stall regales readers with stories from humanity's long and fraught relationship with booze and shares the advice of everyone from Kingsley Amis to a man in a pub.
