Sioux Uprising Of 1862:

The Sioux Uprising of 1862 Kenneth Carley,1961 Lincoln and the Sioux Uprising of 1862 Hank H. Cox,2005-07-01 On the bright Sunday morning of August 17 1862 four Sioux warriors emerged from the Big Woods northwest of St Paul Minnesota on their way home from an unsuccessful hunt When they came upon the homestead of Robinson Jones a white man who ran a post office and general store and offered lodging for travelers the Indians opened fire on the settlers killing almost all of them Soon bands of Sioux were rampaging across southwestern Minnesota attacking farms and trading posts and murdering everywhere they went splitting the skulls of men clubbing children to death raping daughters and wives before disemboweling them cutting off hands breasts and genitals and looting whatever could be taken before setting fire to what remained Perhaps as many as two thousand settlers were brutally massacred although the number has never been firmly established Once the uprising was suppressed 303 Sioux warriors were sentenced to death The people of Minnesota called for their immediate execution a sentiment that matched the national mood Abraham Lincoln suspected that most of those convicted were marginal players in the rebellion and that the worst culprits had escaped and he carefully reviewed each case before selecting the 39 later reduced to 38 men to hang whom he believed to be guilty of the worst crimes The remainder were committed to life in prison I could not hang men for votes he later explained On December 26 the 38 were simultaneously hanged on a gallows construction especially for them The Sioux Uprising of 1862 also known as the Dakota War sounded the first shots of a war that continued for another 28 years culminating in the massacre of Indian women and children at Wounded Knee in 1890 Lincoln s death at the hands of John Wilkes Booth ended his intention to reform the government s Indian policy and both political parties continued to use the system to reward their supporters a practice that largely continues to this day The Dakota War of 1862 Charles River,2023-12-14 From the Trail of Tears to Wounded Knee and Little Bighorn the narrative of American history is incomplete without the inclusion of the Native Americans that lived on the continent before European settlers arrived in the 16th and 17th centuries Since the first contact between natives and settlers tribes like the Sioux Cherokee and Navajo have both fascinated and perplexed outsiders with their history language and culture The history of the Sioux is replete with constant reminders of the consequences of both their accommodation of and resistance to American incursions into their territory by pioneering white settlers pushing further westward during the 19th century Some Sioux leaders and their bands resisted incoming whites while others tried to accommodate them but the choice often had little impact on the ultimate outcome Crazy Horse who was never defeated in battle by U S troops surrendered to them in 1877 only to be bayoneted to death by soldiers attempting to imprison him Black Kettle who flew a large American flag from his lodge to indicate his friendship with the white man was shot to death by soldiers under George Custer s command in 1868 Throughout the 19th century the U S government and its officials in the West adopted a policy of dividing the Sioux into two groups Treaty Indians and Non treaty Indians Often they used these groups against each other or

used one group to influence another but the end was always the same They were forced off the land where they resided their populations were decimated by disease and they were forced onto reservations to adopt lifestyles considered appropriate by American standards Despite being one of the most erstwhile foes the U S government faced during the Indian Wars the Sioux and their most famous leaders were grudgingly admired and eventually immortalized by the very people they fought Sitting Bull and Crazy Horse remain household names due to their leadership of the Sioux at the fateful Battle of the Little Bighorn where the native warriors wiped out much of George Custer s 7th Cavalry and inflicted the worst defeat of the Indian Wars upon the U S Army Red Cloud remains a symbol of both defiance and conciliation resisting the Americans during Red Cloud s War but also transitioning into a more peaceful life for decades on reservation However one of the more overlooked conflicts the U S Army had with the Sioux took place during the American Civil War It is known by various names including the Dakota War the US Dakota War the Dakota Uprising the Sioux Outbreak and Little Crow s War after the principal Dakota leader but the current most commonly used name for the war is the Dakota War Two of the four Dakota tribes in the state unleashed their anger and frustration on largely immigrant communities that were heavily German or Norwegian and the massacres took a heavy toll In the process the conflict featured the largest Indian siege of an Army fort in American history and the end of the conflict brought the largest mass execution in American history Indeed the total loss of life during the Dakota War was perhaps the second largest of all the Indian Wars in North America second only to the bloody King Philip s War in colonial New England in the late 17th century during which more than 1 000 settlers were killed Throughout the Dakota War as many as 800 whites were killed although no one knows the total and many of the victims were buried in anonymous mass graves The Dakota losses are unknown but sizable and after both wars the natives involved suffered catastrophic ramifications

Massacre in Minnesota Gary Clayton Anderson, 2019-10-17 In August 1862 the worst massacre in U S history unfolded on the Minnesota prairie launching what has come to be known as the Dakota War the most violent ethnic conflict ever to roil the nation When it was over between six and seven hundred white settlers had been murdered in their homes and thirty to forty thousand had fled the frontier of Minnesota But the devastation was not all on one side More than five hundred Indians many of them women and children perished in the aftermath of the conflict and thirty eight Dakota warriors were executed on one gallows the largest mass execution ever in North America The horror of such wholesale violence has long obscured what really happened in Minnesota in 1862 from its complicated origins to the consequences that reverberate to this day A sweeping work of narrative history the result of forty years research Massacre in Minnesota provides the most complete account of this dark moment in U S history Focusing on key figures caught up in the conflict Indian American and Franco and Anglo Dakota Gary Clayton Anderson gives these long ago events a striking immediacy capturing the fears of the fleeing settlers the animosity of newspaper editors and soldiers the violent dedication of Dakota warriors and the terrible struggles of seized women and children Through rarely seen journal entries newspaper accounts and military records integrated with biographical detail Anderson documents the vast corruption within the Bureau of Indian Affairs the crisis that arose as pioneers overran Indian lands the failures of tribal leadership and institutions and the systemic strains caused by the Civil War Anderson also gives due attention to Indian cultural viewpoints offering insight into the relationship between

Native warfare religion and life after death a nexus critical to understanding the conflict Ultimately what emerges most clearly from Anderson s account is the outsize suffering of innocents on both sides of the Dakota War and identified unequivocally for the first time the role of white duplicity in bringing about this unprecedented and needless calamity

Minnesota Physicians in the 1862 Sioux Uprising Francis J. Haddy,Theresa B. Haddy,2011-07-12 Much has been written of the Sioux Uprising in Minnesota in August of 1862 but little has been written about the physicians who were caught up in it This book is an attempt to correct the omission There were seven major battles on the Minnesota River in 1862 Lower Sioux Agency Redwood Ferry Upper Sioux Agency Fort Ridgely New Ulm Birch Coulee and Wood Lake Physicians were present at most of these sites What happened to each of them is not well known Their stories are well worth telling

Dakota Dawn Gregory Michno,2011 In August of 1862 hundreds of Dakota warriors opened without warning a murderous rampage against settlers and soldiers in southern Minnesota The vortex of the Dakota Uprising along the Minnesota River encompassed thousands of people in what was perhaps the greatest massacre of whites by Indians in American history Dakota Dawn focuses in great detail on the first week of the killing spree a great paroxysm of destruction when the Dakota succeeded albeit fleetingly in driving out the white man Publisher description [Indian Outbreaks](#) Daniel Buck,1904 Details events during the Sioux uprising of 1862 expecially the atrocities inflicted on pioneer settlers of Minnesota from contemporaries of the outbreaks
