Sir Keith Holyoake Towards A Political Biography:

Sir Keith Holyoake Margaret Clark,1997 Sir Keith Holyoake was one of New Zealand's longest serving Prime Ministers and led the National Party to four election victories in 1960 1963 1966 and 1969 His remarkable public life spanned nearly half a century as he first entered Parliament in 1932 and retired as Governor General in 1980 For many people Keith Holyoake came to embody the National Party He was conservative but not illiberal He was cautious but not inflexible He was an instinctive democrat and sought to govern consensually He had the good fortune to govern in a time of full employment and economic growth The Holyoake years therefore are often thought of as the good years However there were clouds on the horizon Some historians have argued that New Zealand under Holyoake was complacent and insufficiently innovative The seeds of our subsequent discontents they say were sown then We didn't diversify our economy fast enough Maori grievances were not addressed and the concerns of environmentalists and feminists were ignored All these questions are raised in this collection of essays towards a political biography Readers are given much evidence with which to judge the true stature of the man

Political Life Writing in the Pacific Jack Corbett,Brij V. government department has been charged with the critical role of representing New Zealand's interests overseas. In doing so the Ministry of Foreign Affairs and Trade and its predecessors has needed to respond to ever evolving political and military allegiances, trade globalization, economic threats, natural disasters and military conflict on behalf of a small nation that seeks to engage on the global stage while maintaining the principles that underpin its political institutions. For more than 75 years the ministry has been served by some remarkable people dedicated to an organization that has reflected New Zealand's developing sense of nationhood and place in world. This history of the foreign service, edited by one of New Zealand's foremost historians, captures the high stakes, skill and intelligence involved in the development of a unique organization.

The Nationbuilders Brian Easton, 2013-10-01 This is a collection of linked essays on individuals and companies from 1931 to 1984 who contributed in major ways to building the New Zealand nation. It captures the intertwining of the lives of politicians, their advisers and those who influence them, as well as the ideas and experiences that drove them. While it focuses on economic strategy, the book also looks at the cultural, social, union, business and foreign policy strands of nationbuilding. An original and provocative book, it is backed by powerful nationalistic emotions and by a deep distaste for the kind of country that has been fashioned in New Zealand since 1984.

The Roberts Report John Lewis Roberts, John Roberts, 1999 **New Zealand and the Soviet Union, 1950-1991** A. C. Wilson, 2004 This study follows the history of the relationship between New Zealand and the Soviet Union, especially between the years 1950 and 1991. The emphasis is on the official government to government relations that defined the context and tone of political and commercial dealings between countries. These official relations, however, shed light on the unofficial relations and the book examines how trade union contacts, the intellectual, cultural climate and pro and anti Soviet lobbies all impacted on the relationship.

Back cover *Encounters: The Creation of New Zealand* Paul Moon, 2013-07-24 Throughout its human history New Zealand has been interpreted and experienced in often radically different ways. Each wave of arrivals to its shores has left its own set of views of New Zealand on the country, applying a new coat of mythology and understanding to the landscape, usually without fully removing the one that lies beneath it. *Encounters* is the wide ranging, audacious and gripping story of New Zealand's changing national identity, how it has emerged and evolved through generations. In this genre busting book, historian Paul Moon delves into how the many and conflicting ideas about New Zealand came into being. Along the way he explores forgotten crevices of the nation's character and exposes some of the mythology of its past and present. These include, for example, the earliest Maori myths and the mock sacredness of the All Blacks in the twenty-first century, the role of nostalgia in our national character, both Maori and Pakeha, whether the explorer Kupe existed, the appeal of the Speight's Southern Man and ruminations on New Zealand art and landscape. What results is an absorbing piece of scholarship, an imaginative and exuberant epic that will challenge preconceptions about what it means to be a New Zealander and how our country is understood. Lyrical, breathtaking and provocative and illustrated with artworks throughout, *Encounters* offers an extraordinary insight into the beginnings of our

country **Understanding Prime-Ministerial Performance** Paul Strangio, Paul 't Hart, James Walter, 2013-03-28 At the beginning of the twenty first century prime ministers loom larger in the consciousness of their nations than perhaps in any previous era But how well do we really understand the variables of prime ministerial performance and specifically why some prime ministers apparently flourish in the role while others wither This study examines how prime ministers perform as leaders of their governments parties and nations It offers new ways of thinking about prime ministerial power and leadership and systematic empirical studies of prime ministerial leadership practices in four Westminster democracies the United Kingdom Canada Australia and New Zealand The volume features contributions from leading political scientists from all of these countries and is organised into three major sections understanding power in prime ministerial performance prime ministers and their parties and evaluating prime ministerial performance Through its collaborative and multifaceted approach the volume demonstrates that there are no hard and fast propositions or rules of thumb to capture what it is that makes us think of some prime ministers as so much more effective than others Instead it highlights the importance for students of executive government to grasp the contingent interplay between personal institutional and contextual factors in understanding and evaluating prime ministerial performance **Maori and the State** Richard S. Hill, 2010-04-01

Presenting the most recent research and written by an expert in the field this examination explores the principal interrelationships between the British Crown and the Maori people in the 1950s and 1960s when Crown assimilation policies intensified and during the 1970s when the pressure of the Maori renaissance encouraged policies and goals based on biculturalism A subject central to New Zealand's culture this is an important and historical analysis of the country and the wider issue of indigenous peoples rights *Richard Seddon: King of God's Own* Tom Brooking, 2014-08-27 2014 Must Read Otago Daily Times The life the health the intelligence and the morals of the nation count for more than riches and I would rather have this country free from want and squalor and unemployed than the home of multi millionaires Richard Seddon 1905 Casting a long shadow over New Zealand history Richard John Seddon Premier from 1893 to his untimely death in 1906 held a clear vision for the country he led Pushing New Zealand in more egalitarian directions than ever before he was both the builder and the maintenance man if not the architect of our country Challenging popular opinion of New Zealand's longest serving Prime Minister as a ruthless pragmatist cunning misogynist and Imperialistic jingoist this landmark biography of Seddon presents an altogether more sympathetic erudite appraisal Reconciling two generations of New Zealand scholarship Richard Seddon King of God's Own demonstrates that while holding fast to common ideals Seddon was successful by mastering the art of the possible He knew instinctively what his electorate would tolerate and remained in step with public opinion Despite contradictions in his attitudes towards other races he fought to ensure privilege did not become entrenched in what he envisioned as a white man's utopia In this perceptive new evaluation political historian Tom Brooking explains Seddon's complex relationship with Maori and shows how he in fact held a progressively bi cultural vision for the
